Kirtland Cutter Henry C. Matthews,2018-07-01 In the early years of the twentieth century, Spokane was singled out for praise in the West for the quality of its architecture and the impressive way it had rebuilt after the devastating fire of 1889. Major credit for the city's distinctive character was extended to Kirtland Kelsey Cutter for his rare architectural force and genius for design. His remarkable career, stretching from the Gilded Age to the Great Depression, allows a fascinating study of the evolution of an eclectic form of architecture that was an inevitable response to rich regional and historical influences during a time of transition from frontier settlements to modern city. Cutter's influence was felt beyond Spokane--in Seattle, other areas of Washington, and in Oregon, Idaho, and Montana. He was also responsible for buildings in the East and even for one in England. After financial problems ended his career in the Northwest, he began anew at age sixty-three in southern California, and worked there as an architect until his death in 1939 at age seventy-nine. Henry Matthews presents a comprehensive study of the whole body of Cutter's work, with ample photographs and illustrations. The book is based on exhaustive research in both the Northwest and California, revealing the influences on Cutter and his associates, the processes at work in the design and construction of the buildings, and the relations between the architect and the many people who commissioned his work. Particularly useful to Matthews's research was a collection of 290 sets of drawings, as well as office accounts, letters, and books from Cutter's library--materials acquired by the Eastern Washington State Historical Society. He also was able to interview former assistants and clients, who provided valuable insights on the architect and the way Cutter worked. In addition, many of the architect's residences, hotels, clubs, and commercial buildings are still standing. This book adds significantly to an understanding of Western urban and regional history. But Cutter's experimentation in many styles and the imaginative nature of his work make for a study that goes beyond regional limits and sheds light on national trends. Winner of the 1999 Washington State Book Award

Cutter and Bone Newton Thornburg,2015-04-05 “A thriller, and a whacking good thriller, too . . . shows how much can be done within a classic form by a writer who knows his business.”—The New York Times Alex Cutter is a scarred and crippled Vietnam veteran, obsessed with a murder he’s convinced his buddy, Richard Bone, witnessed. That it was committed by the powerful tycoon JJ Wolfe only makes Cutter even surer that Bone saw the unthinkable. Captivated by Cutter’s demented logic, Bone is prepared to cross the country with Cutter in search of proof of the murder. Their quest takes them into the Ozarks—home base of the Wolfe empire—where Bone discovers that Cutter is pursuing both a cold-blooded killer, but also an even bigger and more elusive enemy. “Tense, funny, and despairing . . . charged with a passion that makes even grotesques seem likeable and, more important, credible right up to the last, startling sentence.”—Time “May be the quintessential cult crime classic . . . continues to be cited by other writers as groundbreaking . . . The ending is pure Chinatown, with a dose of Easy Rider, and it leaves us reeling.”—Booklist (starred review) Praise for Newton Thornburg “A commanding writer of unusual delicacy and power.”—The New Yorker “A born storyteller.”—St. Louis Post-Dispatch “One of the truly great American writers of the 20th century.”—The Guardian

The Diamond Cutter Geshe Michael Roach,Lama Christie McNally,2009-09-01 With a unique combination of ancient and contemporary wisdom from the Tibetan Buddhist tradition, The Diamond Cutter presents readers with empowering strategies for success in their work and personal lives. Geshe Michael Roach, one of the great teachers today of Tibetan Buddhism, has richly woven The Diamond Cutter in three layers. The first is a translation of selections from the Diamond Sutra itself, an ancient text comprised of conversations between the Buddha and his close disciple Subhuti. Considered a central work by Buddhists throughout the world, the Diamond Sutra has been the focus of much interpretation over the centuries. In the second layer, Geshe Michael quotes from some of the best commentaries of the Tibetan tradition. In the main text, the third layer, he uses both sutra and commentary as a jumping-off point for presenting his own teaching. Geshe Michael gives fresh insight into ancient wisdom by using examples from his own experience as one of the founders of the Andin International Diamond Corporation, which was started with capital of fifty thousand dollars and which today has annual sales in excess of one hundred million dollars. Much of the success of Andin has come from applying the business strategies presented in The Diamond Cutter. Geshe Michael's easy style and spiritual understanding make this work of timeless wisdom an invaluable source for those already familiar with, and those unfamiliar with, Tibetan Buddhism.

The Troop Nick Cutter,2014-02-25 WINNER OF THE JAMES HERBERT AWARD FOR HORROR WRITING “The Troop scared the hell out of me, and I couldn’t put it down. This is old-school horror at its best.” —Stephen King Once every year, Scoutmaster Tim Riggs leads a troop of boys into the Canadian wilderness for a weekend camping trip—a tradition as comforting and reliable as a good ghost story around a roaring bonfire. But when an unexpected intruder stumbles upon their campsite—shockingly thin, disturbingly pale, and voraciously hungry—Tim and the boys are exposed to something far more frightening than any tale of terror. The human carrier of a bioengineered nightmare. A horror that spreads faster than fear. A harrowing struggle for survival with no escape from the elements, the infected...or one another. Part Lord of the Flies, part 28 Days Later—and all-consuming—this tightly written, edge-of-your-seat thriller takes you deep into the heart of darkness, where fear feeds on sanity...and terror hungers for more.

The Deep Nick Cutter,2015-07-28 A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine--Page [4] of cover.

Cutter Boy Cristy Watson,2016-02-12 Bullied at school and ignored at home, Travis has a secret: cutting himself with a razor blade is the only thing that lets him control the pain in his life and find some peace. When he becomes friends with Chyvonne, a new girl at school, he doesn't know how to get close to her without revealing his secret and making himself even more vulnerable. Spending time with Chyvonne spurs Travis to try to discover why his mother can't seem to face his very existence. It's only when he learns about the art form of paper cutting that he realizes there might be other ways to make himself feel adrenalin-fueled and in control. Although self-harm through cutting is a problem usually associated with teenage girls, many young men are involved in different sorts of self-injury. This story explores a teenager's motivations for cutting and the options for overcoming the need to self-injure.

Bough Cutter Jeff Nania,2021-05-25 When grouse hunters stumble upon a body in the backwoods, Sheriff John Cabrelli works to untangle the complex case, while stressed relationships, public outcries for justice, and pressure from the media compound the situation. As the body count rises in the expansive landscape, he soon finds his greatest resource is the community itself. Bough Cutter is the third book in the best-selling Northern Lakes Mystery series and is perfect for fans of William Kent Krueger, Victoria Houston, C. J. Box, and Patricia Skalka. Award-winning author Jeff Nania keeps readers wondering who is on the right side of the law in the rural Northwoods county.

Cutter - J. Woodburn Barney,2016-05-09 A young woman dies in an unfortunate accident-unfortunate for her but perhaps lucky for the scheming mayor of the ski resort town of Columbus, Colorado. Had she uncovered a plot to ruin this mountainous Eden? Columbus is an Old West town full of the usual cast of characters: robber barons, gunslingers, Native American warriors, snake oil salesmen, rustlers and feisty cowgirls. It's a setting Cutter Williams can't resist when civic leaders opposing the mayor come looking for their own hired gun. So he packs his limited arsenal into his bedroll and heads to Columbus to carve his name into the annals of the Wild West. His crusade takes him from smoke-filled offices to historic saloons, from a private jet to a luxurious ski chalet, and from staid boardrooms to riots in the streets, with the occasional time out, of course, for a round of golf or a couple of beers. But like many a Knight Errant, Cutter is saddled with the foibles which could sabotage his mission and destroy him. In his second book, J. Woodburn Barney explores the gamut of human relationships. Like an insect caught in a web, Cutter finds himself entangled in the creation of another. Or is it of his own creation? Crushed by the weight of deception, Cutter must address the self-serving behavior of everyone around him, including himself. Barney questions the validity of a person's word and the concepts of loyalty and betrayal as he examines the relationship webs spun by all of us. With the help of his cast of characters, Barney traverses a wide spectrum of emotions. From manipulation and betrayal to cooperation and trust. From rancor to humor. From unbridled greed to a father's willingness to show up for his kids in moments when he'd rather not show up to life at all. Barney demonstrates how life is continuously changing and requires immediate adaptation. When everything falls apart, truth is left uncovered.
