Daemon Daniel Suarez,2009-01-08 Daniel Suarez’s New York Times bestselling debut high-tech thriller is “so frightening even the government has taken note” (Entertainment Weekly). Daemons: computer programs that silently run in the background, waiting for a specific event or time to execute. They power almost every service. They make our networked world possible. But they also make it vulnerable... When the obituary of legendary computer game architect Matthew Sobol appears online, a previously dormant daemon activates, initiating a chain of events that begins to unravel our interconnected world. This daemon reads news headlines, recruits human followers, and orders assassinations. With Sobol’s secrets buried with him, and as new layers of his daemon are unleashed, it’s up to Detective Peter Sebeck to stop a self-replicating virtual killer before it achieves its ultimate purpose—one that goes far beyond anything Sebeck could have imagined...

Freedom (TM) Daniel Suarez,2010-01-07 The New York Times bestseller Daemon unleashed a terrifying technological vision of an all-powerful, malicious computer program. Now, our world is the Daemon's world—unless someone stops it once and for all... The Daemon is in absolute control, using an expanded network of shadowy operatives to tear apart civilization and build it anew. Even as civil war breaks out in the American Midwest in a wave of nightmarish violence, former detective Pete Sebeck—the Daemon's most powerful, though reluctant, operative—must lead a small band of enlightened humans in a movement designed to protect the new world order. But the private armies of global business are preparing to crush the Daemon once and for all. In a world of shattered loyalties, collapsing societies, and seemingly endless betrayal, the only thing worth fighting for may be nothing less than the freedom of all humankind.

Kirekune is winning the war in the Wraithwaste, but a Significant victory will have terrible consequences for humans and daemons alike.

The Daemon Anthony Peake,2010-11-24 Anthony Peake is engaged in one of the most important strands of ontological inquiry of modern times, nothing less than unravelling the Gordian knot that is the mystery of our existence. - Bob Rickard, founder editor of Fortean Times Appearing in Greek mythology and popularised by Philip Pullman's His Dark Materials trilogy, the Daemon is broadly understood as a guiding spirit which exists as one half of your split self. In The Daemon: A Guide to Your Extraordinary Secret Self, Anthony Peake proposes that people consist of not one but two separate consciousnesses - everyday consciousness and that of The Daemon, a higher being that seems to possess knowledge of future events. Drawing upon phenomena such as déjà vu and Near-Death Experiences, he explores the ways that our Daemon breaks through into our consciousness and can subconsciously impact upon our decisions. From the author of Is There Life After Death?, this endlessly fascinating book draws upon the neurology, metaphysics and theology. It also follows the stories of famous figures, including Byron, Goethe, Jean Cocteau and many others, who have 'felt a force outside themselves'. This radical book will change the way you perceive reality, time and ultimately yourself.

The Daemon Device Jeri Westerson,1901 London, 1891. Dirigibles, like dark leviathans, surge through the sooty skies of London. Steam powers the engines that supply electricity to the new lights along the Thames. And strange murder appears on the seamy streets. Someone is killing women and gutting them for their body parts. Is it Jack the Ripper returned, or a far more sinister plot afoot than murder? Magician Leopold Kazsmer, the Great Enchanter, ashamed of his Jewish-Gypsy blood, has fashioned himself into a proper English gentleman, though he harbors a carefully guarded secret; he has learned the dangerous art of summoning daemons and through it, performs real magic. With the help of Raj, a tarot-reading automated man, and Eurynomos, a shrewd Jewish daemon, Leopold must discover what is behind the revolting murders that suddenly seem to involve tight-lipped German scientists, Golems in a plot of world domination, ghosts, demons, and the beautiful Scotland Yard Special Inspector, Mingli Zhao. Is she truly from the secret depths of Scotland Yard or is she instead a heartless spy and murderess?

Daemon ,1815

Daemon H.R. Green,2018-09-04 For years the only thing he knew from his muddled past was the fact his name was Daemon and he was a vampire; the rest was a blur until now. Slowly he will recover bits and pieces of his past that spans a time longer than he or others around him could ever imagine on a journey that will take him to finish a task he failed to accomplish nearly a century earlier. On the way Daemon will encounter all types of supernatural races who are all concentrated on one goal; his demise. Each time he survives an ordeal or wins any battle a piece of his life comes back to his memory, up to the very end. It will deliver Daemon to a choice he must make that will hold the fate of the vampiric race in the balance. Like it or not their future is controlled by Daemon.

Daemon Seer Mary Maddox,2015-02-10

Daemon Blood Mary Maddox,2022-03-08 Our war will not unfold in your imaginary heaven. We will fight on Earth with human beings as pawns and weapons. Lu Darlington is a seer, bound to the daemon Talion through ritual and blood. It’s not a role she enjoys, but she has little choice: daemons take what they want and destroy whoever stands in their way. So Lu’s surprised when Talion doesn’t punish her for her newfound ability to keep him from possessing her whenever he likes. In fact he’s pleased. The stronger she is, he explains, the more powerful he becomes. And he needs that power, because a war is brewing in the daemon world, a war that will be fought by—and through—humans. Lu’s friend Lisa Duncan can’t see daemons but she’s seen what they can do and so has stayed far away from Lu for years. But after a bizarre attack on Lisa leaves a man dead and she learns it’s only the first skirmish in the daemon war, Lisa realizes the safest place to be is with Lu. Then Talion sends Lu away to teach her skills to another seer and Lisa must stay behind to look after Lu’s son Solly, conceived through a daemon ceremony with

Talion. At four years old Solly’s seer abilities are already so strong Lisa is sometimes more afraid of Solly than for him. As Talion’s enemies grow bolder, Lisa and Lu face attacks from every direction. There seems little hope any of them will survive—until Talion and his allies devise a plan. The only problem is how much it will cost.

Daemon Voices Philip Pullman,2019-09-10 From the internationally best-selling author of the His Dark Materials trilogy, a spellbinding journey into the secrets of his art--the narratives that have shaped his vision, his experience of writing, and the keys to mastering the art of storytelling. One of the most highly acclaimed and best-selling authors of our time now gives us a book that charts the history of his own enchantment with story--from his own books to those of Blake, Milton, Dickens, and the Brothers Grimm, among others--and delves into the role of story in education, religion, and science. At once personal and wide-ranging, Daemon Voices is both a revelation of the writing mind and the methods of a great contemporary master, and a fascinating exploration of storytelling itself.

Daemon Theory Ink Smith Publishing,J Alton Mast,2014-04 The First Impact. The day everything changed. The day humanity fell. Earth has been left in a state of disaster nearly five-hundred years after the rapture. And for more than five-hundred years, humanity has been forced to rebuild, atoning for their mistakes as a society and seeking aid from the only beings that would listen to their cries. Feeling as though the heavens had turned their back on them, humanity turned to the sentient beings of hell, living under the jurisdiction and dictation of High Arch-Daemons, known as the Black Order. Maye Holloway, a young woman of barely seventeen, has been unwillingly thrust into the dark world of the Daemons who control her people, slowly learning their horrific secrets. Maye's sole desire is to break free of Daemonkind's wretched hold on her soul, with her life intact. Though the fates have a different plan for the girl, and her monstrous partner, an enigmatic Arch-Demon with a questionable past of her own, Alecko vi Fenris. However, Alecko's motives are as vague as she is, and Maye begins to question who her biggest enemy is: The Order, Alecko, or herself.

A Legacy of Daemons Camille Bacon-Smith,2010-05-04 Third in the paranormal detective series Evan Davis and his partners, Brad and Lily, attract the jobs no other detective can handle-cases with a dangerous, otherworldly slant.
