Sands of the Arena and Other Stories Ben Kane, 2021-09-16 From Sunday Times Bestselling author Ben Kane comes a collection of short stories: Sands of the Arena Can a wet-behind-the-ears gladiator survive a bloody contest ordered by Emperor Caligula? The Shrine Centurion Tullus discovers that Fate will always hold him in her grip. The Arena Legionary Piso's much anticipated payday plays out very differently than he expected. Eagles in the East Caught up in a bloody rebellion, Centurion Tullus battles to keep his men alive. Eagles in the Wilderness Bored with retirement, Centurion Tullus takes service with an amber merchant, voyaging to unknown, dangerous lands far beyond the empire. Hannibal: Good Omens History's most famous general seeks the gods' approval before his war with Rome. The March Romulus and Tarquinius travel to the ends of the earth, searching for their lost friend Brennus.

Roman Conquests Michael Schmitz, 2015-08-30 The Roman conquests of Macedonia in the 2nd century BC led directly to the extension of their authority over the troublesome tribes of Thrace to the south of the Danube. But their new neighbor on the other side of the mighty river, the kingdom of the Dacians, was to pose an increasing threat to the Roman empire. Inevitably, this eventually provoked Roman attempts at invasion and conquest. It is a measure of Dacian prowess and resilience that several tough campaigns were required over more than a century before their kingdom was added to the Roman Empire. It was one of the Empire's last major acquisitions (and a short-lived one at that). Dr. Michael Schmitz traces Roman involvement in the Danube region from first contact with the Thracians after the Third Macedonian War in the 2nd century BC to the ultimate conquest of Dacia by Trajan in the early years of the 2nd Century AD. Like the other volumes in this series, this book gives a clear narrative of the course of these wars, explaining how the Roman war machine coped with formidable new foes and the challenges of unfamiliar terrain and climate. Specially commissioned color plates bring the main troop types vividly to life in meticulously researched detail.

The Blood Of The Martyrs Naomi Mitchison, 2010-07-01 Introduced by Donald Smith. Set in Rome during Nero's reign of terror, *The Blood of the Martyrs* is a disciplined historical novel tracing the destruction of one cell of the early church. With a cast of slaves, ordinary Roman people, exiles and entertainers, it is thorough in its historical interpretation and in its determination to make the past accessible and readable. Written in 1938-9, the novel contains many symbolic parallels to the rise of European fascism in the 1930s and the desperate plight of persecuted minorities such as the Jews and the left-wing activists with whom Naomi Mitchison personally campaigned at the time. With the invasion of Britain a real possibility, she felt compelled to write a testament to the power of human solidarity which, even faced with death, can overcome the worst that human evil can achieve. *The Blood of the Martyrs* is the least autobiographical of Mitchison's major works of fiction, yet, with its implicit credo, is her most passionately self-revealing. ' . . . when a novelist is historically faithful in these treacherous waters of the human psyche, the results are tremendous. As a twentieth-century woman, it no doubt hurt Naomi Mitchison a good deal to describe the savagery of the early Christian persecution in *The Blood of the Martyrs* . . . But it is the pain that gives the history its lifeblood. The imagination that is a novelist's fuel must be harnessed to serve history as history was, not as anyone wishes it had been.' Joanna Trollope

Augustus at War Lindsay Powell, 2016-09-30 A penetrating assessment of Augustus as ancient Rome's military commander-in-chief. The words Pax Augusta—or Pax Romana—evoke a period of uninterrupted peace across the vast Roman Empire. Lindsay Powell exposes this as a fallacy. Almost every year between 31 BC and AD 14 the Roman Army was in action somewhere, either fighting enemies beyond the frontier in punitive raids or for outright conquest; or suppressing banditry or rebellions within the borders. Remarkably, over the same period, Augustus succeeded in nearly doubling the size of the Empire. How did this second-rate field commander, known to become physically ill before and during battle, achieve such extraordinary success? Did he, in fact, have a grand strategy? Powell reveals Augustus as a brilliant strategist and manager of war. As commander-in-chief (imperator) he made changes to the political and military institutions to keep the empire together, and to hold on to power himself. His genius was to build a team of loyal but semi-autonomous deputies (legati) to ensure internal security and to fight his wars for him, while claiming their achievements as his own. The book profiles more than 90 of these men, as well as the military units under their command, and the campaigns they fought. The book is lavishly illustrated with 23 maps, 42 color plates, 13 black-and-white figures and five order of battle schematics. With a foreword by Karl Galinsky, this book breaks new ground in explaining the extraordinary achievement of Caesar Augustus.

Demult, in Dacia Odille & Sabri Dogan, Demult, in Dacia este romanul unei iubiri aproape imposibile, care reuseste sa invinga toate adversitatile create de momentul istoric in care se desfasoara, razboaiele daco-romane. Protagonistii romanului, Maximus si Zia, sunt doi oameni frumosi la trup si la suflet, care isi traiesc iubirea pe fundalul unei lumi aflate la apus: Dacia Libera, cu valorile ei de netagaduit, cu spiritualitatea ei inalta si maretia ei inefabila. Exista in viata momente cand vezi o carte si simti ca sufletul tau o astepta. O iei in maini si ii simti vibratia inalta. Asa a fost pentru mine Demult, in Dacia. Autorii au stiut sa impleteasca atat de echilibrat planurile cartii: cel istoric cu cel al initierii spirituale si cu cel al iubirii, in sensul cel mai profund si mai inalt al cuvantului. Totul pe un fundal al naturii binevoitoare, care imbratiseaza personajele cu armonie si delicatete si ii ajuta in evolutia personala. Intr-un cuvant, o carte sarmanta si atat de vizuala, clara si fluida, care mi-a ajuns la suflet. (Daniela Iamandi, Profesor) Sunt coplesit! M-a impresionat mult armonia si echilibrul acestui roman, planurile dupa care se dezvolta povestile paralele, informatiile legate de spiritualitatea dacilor. Un amestec armonios de arhaic si modern, descrieri magnifice, o hrana rara pentru suflet. Am simtit, citind-o, cum mi se adapa sufletul cu apa vie. (Mihai Boscodeala, Notar) Cartea Demult, in Dacia, un roman de dragoste aproape imposibil, care se desfasoara pe fundalul istoric zbuciumat al razboaielor daco-romane, are o poveste interesanta. Ideea a apartinut initial sotului meu Sabri Dogan care, desi nu este nascut in Romania, acum cinci ani, cand invata pentru obtinerea cetateniei romane, a descoperit informatiile despre Dacia si a devenit foarte pasionat de acest subiect de care, intamplator sau nu, eram si eu foarte pasionata din copilarie. El a fost cel care a vizualizat ideea si personajele principale, dar, existand o bariera a limbii, nu avea cum sa le puna pe hartie, asa ca am facut-o eu, iar ulterior, toate ideile si dorintele noastre legate de compozitia si continutul cartii s-au armonizat. Asadar, cartea reprezinta rodul unei colaborari mentale si spirituale speciale. (Odille Dogan)

Dio è nato in esilio Vintilă Horia, 2015-01-28T00:00:00+01:00 Esiliato da Augusto ai confini orientali del nascente Impero Romano, sull'attuale Mar Nero, Publio Ovidio Nasone affida la propria amarezza alle pagine di un diario. Le Metamorfosi, il suo capolavoro, hanno lasciato un vuoto nella coscienza, e gli dèi sembrano aver abbandonato il mondo. Ma proprio qui, nella terra dei Geti, il poeta coglie i primi bagliori di un nuovo culto e prepara il suo spirito a un ultimo, impreveduto cambiamento. Attraverso la figura di Ovidio – diviso tra la disillusione e il sarcasmo, il desiderio e la poesia – Vintilă Horia tenta di elaborare l'angoscia dell'esilio a cui lo aveva costretto il regime comunista in Romania. L'intreccio di esperienza personale e dimensione letteraria rendono Dio è nato in esilio un'opera in cui la scrittura diventa testimonianza, il lirismo denuncia politica e la singolarità di un'esistenza storica assume un significato universale. Nel 1960 il libro vinse il Premio Goncourt, che Horia rifiutò in seguito a una campagna denigratoria orchestrata contro di lui dal governo romeno.
