*The Gossamer Mage* Julie E. Czerneda,2020-09-29 Winner of the 2020 Aurora Award for Best Novel, this fantasy epic tells the tale of one mage who must stand against a Deathless Goddess who controls all magic. Only in Tananen do people worship a single deity: the Deathless Goddess. Only in this small, forbidden realm are there those haunted by words of no language known to woman or man. The words are Her Gift, and they summon magic. Mage scribes learn to write Her words as intentions: spells to make beasts or plants, designed to any purpose. If an intention is flawed, what the mage creates is a gossamer: a magical creature as wild and free as it is costly for the mage. For Her Gift comes at a steep price. Each successful intention ages a mage until they dare no more. But her magic demands to be used; the Deathless Goddess will take her fee, and mages will die. To end this terrible toll, the greatest mage in Tananen vows to find and destroy Her. He has yet to learn She is all that protects Tananen from what waits outside. And all that keeps magic alive.

*Caster's Spell* E. Watley,2017-09-21 The first Warlock to enter a formal school of magic, Wesley, delves into a world he scarcely knows, ill-equipped, unprepared, and by far unwelcome. Adamant in proving that his kind belongs, he aspires to someday reach the title of All Powerful Mage-a task, he learns, much easier said than done. With hundreds of students itching to take him down, instructors baring a fanatical intent to fail him, and an unfolding mystery behind the relic created by a shroud of a man, known as Benjamin Caster, does Wesley stand a chance at passing the final exams? He certainly hopes so.....and the rest of the world depends on it.

**Poison of Power** E. Menozzi,2023-09-26 Sera, one of the most promising students at the Magery, is tasked with protecting the Ruhlini's family on their diplomatic travels. With the drama surrounding this journey threatening to ruin her chance at becoming a mage, Sera will have to decide just how far she's willing to go to protect those in her care. Note: This novella can be read as a stand-alone story, before or after the other books in the series.

**Dragon Mage** ML Spencer,2020-12-22 Aram Raythe has the power to challenge the gods. He just doesn't know it yet. Aram thinks he's nothing but a misfit from a small fishing village in a dark corner of the world. As far as Aram knows, he has nothing, with hardly a possession to his name other than a desire to make friends and be accepted by those around him, which is something he's never known. But Aram is more. Much, much more. Unknown to him, Aram bears within him a gift so old and rare that many people would kill him for it, and there are others who would twist him to use for their own sinister purposes. These magics are so potent that Aram earns a place at an academy for warrior mages training to earn for themselves the greatest place of honor among the armies of men: dragon riders. Aram will have to fight for respect by becoming not just a dragon rider, but a Champion, the caliber of mage that hasn't existed in the world for hundreds of years. And the land needs a Champion. Because when a dark god out of ancient myth arises to threaten the world of magic, it is Aram the world will turn to in its hour of need.

**Apprentice** Rachel E. Carter,2015-10-31 She survived a trial year at the Academy, but that was just the easy part...Now sixteen-year-old Ryiah is an apprentice of Combat, her school's most notorious faction of magic. When she finishes she will be a mage, but in order to do so she has to survive four years with a training master she hates and her old nemesis, Priscilla. To make matters

worse the unwanted attraction Ry feels for her sometimes-friend-sometimes-rival Prince Darren is at an all time high -even though he is betrothed to the very girl she can't stand. Really, the only bright spot to Ryiah's new life is the time she spends with her friends, including an older apprentice named Ian, who she finds herself thinking about quite often. Just when things start to get comfortable they take a turn for the worse. An apprentice is killed in a rebel attack and several mages end up dead. Unwittingly, the apprentices find themselves in the midst of a budding unrest between Jerar and its northern neighbor, Caltoth. For Ryiah the impending conflict means many things, but as her apprenticeship draws to a close she finds her biggest problem at home. Unfortunately for her, Darren's not going anywhere.

**The Nightshade Guild** Lily Winter, Linzi Baxter, 2021-09-16 Vacation request? Submitted. Toddler books? Check. When Luna Graves finally has the Elven Princess, she thinks she's ready. Sure, her magic is still on the fritz and her boss is attempting to call her into work even though he approved her time off, but that's beside the point. This is her time with the Princess and she intends to make the most of it. Until Devin tracks her down to her home and demands she come in no matter what. There's a murderer on the loose targeting psychics and Luna is the only person he trusts. Luna knows she has to protect the princess so she finds a way to compromise, and quickly. The last thing Devin Rogan expects is Luna walking into work with a toddler on her hip and a cat with a crooked tail at her feet, but he'll take what he can get. A third body has turned up in just as many days, and if he can't put away the serial killer, the small town of Cassadaga is going to have his head. Just because he doesn't believe in magic doesn't mean others don't. With Luna's hacker skills and Devin's no-nonsense approach, he thinks they'll book the murderer by the end of the week. But as they dive deeper into the investigation, they realize there's a deadly pattern with each murder that complicates things. The murderer questioned the psychics about a specific target every time, and when they were unable to provide information, they wound up dead. Now, Devin and Luna must figure out who this mysterious target is and why they're worth killing over. They have to put their differences aside if they're going to solve the crime and protect the Princess from outside forces before the murderer can attack again and this mysterious target is taken out for good.

Black Mage J L De Jesus, 2016-11-01 Frederico Reinardt era apenas um simples ajudante de arqueologia quando, numa escavacao em Vrasna, descobriu uma estranha e misteriosa caixa preta, contendo uma enigmatica inscricao. Como um dos poucos sobreviventes da tragedia que se abate sobre o sitio arqueologico logo apos a inusitada descoberta, mantem a existencia da reliquia em segredo. No intuito de sanar a amarga dor pela perda prematura da amada esposa, que lhe deixa um filho de dois anos de idade, Frederico dedica trinta anos da sua vida a decifrar os segredos da impenetravel caixa preta, que mantem escondida em seu escritorio, revelando sua existencia apenas a uma pessoa: Sofia Kesser, sua fiel e meiga secretaria, noiva do arrogante promotor publico Eric Belisario que, ha anos, guarda um profundo rancor e desprezo por Danzibar Reinardt, filho do arqueologo, que se transformara num adolescente e jovem irresponsavel e problematico. Quando, inesperada e inexplicavelmente, a caixa preta desaparece, Frederico Reinardt fica frente a frente com uma realidade que desafia todo o seu vasto conhecimento arqueologico. Sequestrado por inescrupulosas e terriveis criaturas humanoides, se ve diante de um misterioso e poderoso mago que se autodenomina Black Mage. A partir de entao, uma enxurrada de perguntas sem respostas elaboram-se em sua mente. Danzibar estaria envolvido com aquelas horriveis criaturas, como desconfia a competente Detetive-Chefe Cecilia Fortag? Teria Danzibar realmente mudado, como acredita o sargento Dorian? A Real Sociedade de Arqueologia sempre esteve a par da existencia dos mithus, como indicam as evidencias? Seria o Partido Conservador um braco politico dessas criaturas humanoides, como acreditam Danzibar, Betesur e Gregory? Estaria ele, Frederico, rodeado por aquelas terriveis criaturas, tanto no circulo de amigos quanto entre a criadagem de sua mansao, ja que eles, os mithus, podem assumir a forma dos terraqueos? Quando Black Mage revela sua segunda identidade a Frederico Reinardt, o arqueologo descobre que Danzibar e o principal alvo dos mithus.

Decidido a salvar a vida do seu filho, coloca seu vasto conhecimento arqueologico a disposicao do misterioso mago, entregando-se de corpo e alma a sigilosa fraternidade que, anonimamente, luta contra os temiveis mithus. Black Mage, O Despertar, ira conduzi-lo a uma historia cujo pano de fundo e a arqueologia, com tramas voltadas para a investigacao policial, politica, jornalismo, ambicao, conspiracao, misterios e magias, narrada nao a partir do personagem principal, mas apresentada, tambem, sob a perspectiva dos demais personagens que surgem nos caminhos de Danzibar e Black Mage, dando ao leitor uma visao completa dos fatos que vao se desenvolvendo pouco a pouco no decorrer da narrativa.

*Formation Control* Hyo-Sung Ahn,2019-03-29 This monograph introduces recent developments in formation control of distributed-agent systems. Eschewing the traditional concern with the dynamic characteristics of individual agents, the book proposes a treatment that studies the formation control problem in terms of interactions among agents including factors such as sensing topology, communication and actuation topologies, and computations. Keeping pace with recent

technological advancements in control, communications, sensing and computation that have begun to bring the applications of distributed-systems theory out of the industrial sphere and into that of day-to-day life, this monograph provides distributed control algorithms for a group of agents that may behave together. Unlike traditional control laws that usually require measurements with respect to a global coordinate frame and communications between a centralized operation center and agents, this book provides control laws that require only relative measurements and communications between agents without interaction with a centralized operator. Since the control algorithms presented in this book do not require any global sensing and any information exchanges with a centralized operation center, they can be realized in a fully distributed way, which significantly reduces the operation and implementation costs of a group of agents. Formation Control will give both students and researchers interested in pursuing this field a good grounding on which to base their work.
