**Serger Essentials** Gail Patrice Yellen,2015-12-25 Use your serger to its full potential! The serger is the most versatile tool a sewist can use, capable of hemming, seaming, decorative finishes and more. Too often, sergers are used for finishing edges and nothing more, simply because it's too complicated to change the settings. Author Gail Yellen is here to demystify the serger and help you get the most out of your machine! By familiarizing yourself with the various components and how they affect the stitch, you'll tackle new stitches and techniques with a new enthusiasm. Features: • Handy Operator Tips explain common handling errors and how to avoid them • Accessory Foot Appendix details the different serger feet available and when to use them 5 simple projects put your new serging knowledge into practice • Coverstitch overview complete with decorative and construction techniques • Quick Reference Guide lets you quickly find the machine settings for popular stitches Advice on threading, tension, differential feed, and needles relevant to all models; tips for using decorative threads that result in masterful finishes, cover stitch and more--it's all here in Serger Essentials!

**Essentialism** Greg McKeown,2014-04-15 NEW YORK TIMES BESTSELLER • More than one million copies sold! Essentialism isn't about getting more done in less time. It's about getting only the right things done. "A timely, essential read for anyone who feels overcommitted, overloaded, or overworked."—Adam Grant Have you ever: • found yourself stretched too thin? • simultaneously felt overworked and underutilized? • felt busy but not productive? • felt like your time is constantly being hijacked by other people's agendas? If you answered yes to any of these, the way out is the Way of the Essentialist. Essentialism is more than a time-management strategy or a productivity technique. It is a systematic discipline for discerning what is absolutely essential, then eliminating everything that is not, so we can make the highest possible contribution toward the things that really matter. By forcing us to apply more selective criteria for what is Essential, the disciplined pursuit of less empowers us to reclaim control of our own choices about where to spend our precious time and energy—instead of giving others the implicit permission to choose for us. Essentialism is not one more thing—it's a whole new way of doing everything. It's about doing less, but better, in every area of our lives. Essentialism is a movement whose time has come.

**Leadership Essentials** Greg Ogden,Daniel Meyer,2009-08-20 Leadership is essential. Maybe you've shied away from leadership because you don't know what it will involve, or you feel too unsure of your own abilities. But your leadership is needed! In every sector of society, from families to businesses to churches, leadership roles remain empty, waiting for people willing and able to step up and make wise decisions that bring positive change. And, in a world with priorities vastly different from Christ's, Christian leaders are especially needed to point people to him. Preparation is essential. As essential as the leadership itself is the preparation beforehand, which is why Greg Ogden, a seasoned leader himself, has created this interactive guide that will give you the tools you need to lead well, using your unique gifts and experience. Divided into four sections, this workbook will help you develop character, postures, vision and skills as you participate in the following elements in each chapter: a memory verse a Bible study a reading a leadership exercise By working through these multiple channels of learning you'll be equipped not just with head knowledge about leadership but with true character formation and awareness of your own abilities that will prepare you for the challenges and choices of leadership. Designed to work well on your own, with a partner or with a group, Leadership Essentials by Greg Ogden and Daniel Meyer is the essential preparation tool for those who would be led and shaped by Christ to lead others with strength and wisdom.

**Cisco Networking Essentials** Troy McMillan,2011-10-26 An engaging approach for anyone beginning a career in networking As the world leader of networking products and services, Cisco products are constantly growing in demand. **Essentials** Holly Furtick,Eric Stanford,2022 In the parable of the wise and foolish builders, the storm came to both men. The difference between those that weather the storm and those that don't is preparation - it's doing, it's action. Over six weeks we'll learn about faith essentials that, when put into practice, will give us the strength to stand no matter what storm comes our way.

**Essentials Of American Politics** David Mckay,2018-06-27 Essentials of American Politics is an undergraduate text with a novel analytical and comparative focus. It takes as a central theme the increasing tension in American politics between a general philosophy of limited government and particular public demands for more and better government programs and services. While this has always been a feature of the American polity, recent events have brought it into sharp focus. Both a Republican Congress and Democratic president extol the virtues of less government but continue to grapple with demands for improved education, health care, transportation and almost every other area of social and economic life. All praise the virtues of lower taxation and at the same time promise improvements in the quality of public services. A similar tension applies in the courts, in state politics and indeed throughout the system. Recent successes such as a balanced budget have been achieved in part because the limited government philosophy has been on the ascendant and has won support from all shades of political opinion. But conflicts over the distributional questions of who gets what has hardly subsided. In few other democracies is this tension as well defined as in the United States and Essentials reminds readers of this fact through comparison with democratic processes in other countries, and in particular with European countries. Essentials weaves this theme into a discussion of American national politics. Up to date and well organized chapters are devoted to beliefs and values, the Constitution, federalism, Congress, presidency, the federal bureaucracy, interest groups and the courts. Policy chapters include economic, social and foreign affairs. In all chapters the analytical approach explains to students some of the main controversies in American political science. At all times Essentials seeks to impart basic information on American politics in an analytical but stimulating manner. Features: Concise format of 17 chapters that cover institutions, behavior and policy arenas. Theme of American's general philosophy of limited government versus our particular demands for expanded government programs and services. Rich, comparative examples (Britain, Canada, and Mexico versus U.S.) throughout the book's narrative.
