Matt Haig

The Humans Matt Haig, 2013-07-02 The bestselling, award-winning author of *The Midnight Library* offers his funniest, most devastating dark comedy yet, a “silly, sad, suspenseful, and soulful” (Philadelphia Inquirer) novel that’s “full of heart” (Entertainment Weekly). When an extra-terrestrial visitor arrives on Earth, his first impressions of the human species are less than positive. Taking the form of Professor Andrew Martin, a prominent mathematician at Cambridge University, the visitor is eager to complete the gruesome task assigned him and hurry home to his own utopian planet, where everyone is omniscient and immortal. He is disgusted by the way humans look, what they eat, their capacity for murder and war, and is equally baffled by the concepts of love and family. But as time goes on, he starts to realize there may be more to this strange species than he had thought. Disguised as Martin, he drinks wine, reads poetry, develops an ear for rock music, and a taste for peanut butter. Slowly, unexpectedly, he forges bonds with Martin’s family. He begins to see hope and beauty in the humans’ imperfection, and begins to question the very mission that brought him there. Praised by *The New York Times* as a “novelist of great seriousness and talent,” author Matt Haig delivers an unlikely story about human nature and the joy found in the messiness of life on Earth. *The Humans* is a funny, compulsively readable tale that playfully and movingly explores the ultimate subject—ourselves.

**Revolution** Russell Brand, 2014-10-14 NATIONAL BESTSELLER We all know the system isn’t working. Our governments are corrupt and the opposing parties pointlessly similar. Our culture is filled with vacuity and pap, and we are told there’s nothing we can do: “It’s just the way things are.” In this book, Russell Brand hilariously lacerates the straw men and paper tigers of our conformist times and presents, with the help of experts as diverse as Thomas Piketty and George Orwell, a vision for a fairer, sexier society that’s fun and inclusive. You have been lied to, told there’s no alternative, no choice, and that you don’t deserve any better. Brand destroys this illusory facade as amusingly and deftly as he annihilates Morning Joe anchors, Fox News fascists, and BBC stalwarts. This book makes revolution not only possible but inevitable and fun.

**Gas Extraction** Gerd Brunner, 2013-06-29 Application of compressed gases as solvents has found widespread interest within the scientific community. Its processes have industrial applications. *Gas Extraction* deals with the possibilities of supercritical gases as solvents for separation processes. The volume combines physico-chemical aspects with chemical engineering methods. The text generalizes as far as possible, and treats examples in detail. *Gas Extraction* covers, for the first time, the subject in textbook form. Most of the examples provide new results that will be helpful for practicing scientists, engineers, and students who want to make use of the techniques.

*The Art of Extract Making* Paul Fulton, Jill Fulton, 2023-09-26 A first-of-its-kind cookbook, featuring 40 unique and approachable extract recipes for both brand-new and experienced DIY extract makers. From VanillaPura founders Paul and Jill Fulton comes a delightful collection of scrupulously tested extract recipes designed to pack maximum flavor and sweetness into a variety of baking and cooking applications. Creating high-quality, high-impact extract is so much more than simply putting beans into booze and waiting. In *The Art of Extract Making*, the Fultons offer a brief overview of the history of vanilla cultivation, the science of extraction, and the intricacies of different vanilla species and spirit varieties so that at-home extract makers can make the best choices about which ingredients will yield the best results for their desired applications. From an introductory-level “first vanilla extract” recipe, to more complex blends of cocoa, caramel, and coffee, the book covers a vast range of

flavors, even delving into surprising combinations like ginger and peach. With simple recipe steps, detailed taste-testing instructions, and clear guidance on vanilla bean origins and alcohol types to use for each recipe, the hardest part will be waiting for the extract to be ready! The Fultons invite readers to make each recipe their own with the extract-making journal pages included at the end of the book so that personalized, perfect sweetness can be recreated time and time again.

My latest mission has taken me to the ancient Greek city of Patras; but instead of soaking up its splendor, I'm here to infiltrate a Vampere Trust. Only two vamps have ever escaped the tightly bound communities and lived to tell the tale: Edward The Raptor Samos, the most reviled criminal mastermind in recent memory, and Vayl, the CIA's number one assassin who also happens to be my boss. The Raptor is trying to take over Vayl's former Trust. Unfortunately the Trust's new leader has her own plans. This job is going to be the death of me.

A movie rental. A mug of tea. And a few shared hours with his mother. Years later and now a successful film critic, Koresky set out on a journey with his mother to discover

more about their shared cinematic past. They rewatched ten films that she first introduced to him as a child, one from every year of the '80s, each featuring women leads. Together, films as divergent as *9 to 5*, *Terms of Endearment*, *The Color Purple* and *Aliens* form the story of an era that Koresky argues should rightly be called *The Decade of the Actress*. *Films of Endearment* is a reappraisal of the most important and popular female-driven films of that time, a profound meditation on loss and resilience, and a celebration of the special bond between mothers and their sons.
