**Fascinate** Sally Hogshead, 2010-02-09 A newly revised and updated edition of the influential guide that explores one of the most powerful ways to attract attention and influence behavior—fascination—and how businesses, products, and ideas can become irresistible to consumers. In an oversaturated culture defined by limited time and focus, how do we draw attention to our messages, our ideas, and our products when we only have seconds to compete? Award-winning consultant and speaker Sally Hogshead turned to a wide realm of disciplines, including neurobiology, psychology, and evolutionary anthropology. She began to see specific and interesting patterns that all centered on one element: fascination. Fascination is the most powerful way to capture an audience and influence behavior. This essential book examines the principles behind fascination and explores how those insights can be put to use to sway: • Which brand of frozen peas you pick in the case • Which city, neighborhood, and house you choose • Which profession and company you join • Where you go on vacation • Which book you buy off the shelf Structured around the seven languages of fascination Hogshead has studied and developed—power, passion, innovation, alarm, mystique, prestige, and alert—Fascinate explores how anyone can use these triggers to make products, messages, and services more fascinating—and more successful.

**Fascinating Doctor** Charnley,

You, Fascinating You Germaine Shames, 2012 In the final weeks of 1938, in the shadow of Kristallnacht and imminent war, a heartsick Italian maestro wrote a love song called Tu Solamente Tu. Its lyrics lamented his forced separation from his wife, the Hungarian ballerina Margit Wolf, in the wake of Mussolini's edict banishing foreign Jews from Italy. The song, first recorded by Vittorio de Sica in 1939, catapulted to the top of the Hit Parade and earned its composer the moniker the Italian Cole Porter. The German version, Du Immer Wieder Du, would be performed by Zarah Leander, the foremost film star of the German Reich, and its English counterpart, You, Fascinating You, by the Glenn Miller Army Air Force Band. Twenty-two years would pass before the maestro and his ballerina again met face-to-face. You, Fascinating You begins as a backstage romance and ends as an epic triumph of the human spirit. **Fascinating Footnotes From History** Giles Milton, 2015-09-24 'Giles Milton is a man who can take an event from history and make it come alive . . . an inspiration for those of us who believe that history can be exciting and entertaining' Matthew Redhead, The Times Did you know that Hitler took cocaine? That Stalin robbed a bank? That Charlie Chaplin's corpse was filched and held to ransom? Giles Milton is a master of historical narrative: in his characteristically engaging prose, *Fascinating Footnotes From History* details one hundred of the quirkiest historical nuggets; eye-stretching stories that read like fiction but are one hundred per cent fact. There is Hiroo Onoda, the lone Japanese soldier still fighting the Second World War in 1974; Agatha Christie, who mysteriously disappeared for eleven days in 1926; and Werner Franz, a cabin boy on the Hindenburg who lived to tell the tale when it was engulfed in flames in 1937. *Fascinating Footnotes From History* also answers who ate the last dodo, who really killed Rasputin and why Sergeant Stubby had four legs. Peopled with a gallery of spies, rogues, cannibals, adventurers and slaves, and spanning twenty centuries and six continents, Giles Milton's impeccably researched footnotes shed light on some of the most infamous stories and most flamboyant and colourful characters (and animals) from history. (Previously published in four individual epub volumes: *When Hitler Took Cocaine*, *When Stalin Robbed a Bank*, *When Lenin Lost His Brain* and *When Churchill Slaughtered Sheep*.)

**Fascinating True Tales from Old California** Colleen Adair Fliedner, 2023-04-01 For over four centuries, California has been an ever-changing landscape of innovation and revolution, triumph and tragedy. For many, like James Lick, Leland Stanford, and John Downey, California was a place to strike it rich. Others sought freedom and a new beginning, including Chinese immigrants and African Americans, like philanthropist and freed slave, Biddy Mason. And still some characters just wanted to live their lives outside of society's rules, like swindler James Reavis or the cross-dressing stagecoach driver, Charley Parkhurst. Readers will be entertained and enlightened as they take a trip through California's colorful past.

*Fascinating: The Life of Leonard Nimoy* Richard Michelson, 2016-09-06 A moving biography of the late Leonard Nimoy, the iconic Spock from *Star Trek*, whose story exemplifies the American experience and the power of pursuing your dreams. "A wonderful new biography of Nimoy for children, and [...] one of the most unapologetically Jewish profiles for kids in ages. It made me cry.—Tablet Magazine Once there was a boy named Leonard who loved to sing and to act. His parents were immigrants who felt like aliens in America, and

certainly didn't understand Leonard's drive to perform. "Learn to play the accordion," his father told him. "Actors starve, but at least musicians can eke out a living." But Leonard reached for the stars . . . and caught them. He moved to Hollywood, where he took acting lessons, and drove a taxi and took every role he could get. He worked hard, learned his lines, showed up on time, and studied his craft. Until one day he was offered the role of an alien science officer on a new TV show called Star Trek. Leonard knew what it felt like to be an alien. But did he want the role? Fascinating is the story of how one boy followed his dreams to become one of the most beloved figures of our time. In Leonard's profound absence—it is so lucky that his dear friend Richard Michelson has thought to bring us this richly illustrated account of his inspiring life. Together with Edel Rodriguez they beautifully capture some of the highlights of Leonard's journey from immigrants' son in Boston's west end—to one of the most iconic and recognizable characters in the world."—Zachary Quinto

**A Fascinating Trip to Humans Manufacturing Site** Dinesh N. Verma,2018-08-09

A plane hijacked to a mysterious land... And there he spoke Initially human beings were conceived to be created as four legged animals. But, suddenly it occurred to the Creative Team that if they too were made like other species, then who would take care of the rest of living beings on earth. And then, on second thoughts, they were created as a two legged species with special provision of a fertile brain and highly effective vocal cords, the two special attributes... Little did we know that by bestowing brains to humans, the Creator was providing them with two invisible horns within their skull which would prove to be far more lethal with rapacity to lock their invisible horns with those of others... and little did we know that the gift of speech would become a more dangerous weapon to fight and destroy others than even the most lethal arms and ammunitions."
