Improving America's Diet and Health Institute of Medicine,Committee on Dietary Guidelines Implementation,1991-01-01 Written and organized to be accessible to a wide range of readers, Improving America's Diet and Health explores how Americans can be persuaded to adopt healthier eating habits. Moving well beyond the pamphlet and public service announcement approach to dietary change, this volume investigates current eating patterns in this country, consumers' beliefs and attitudes about food and nutrition, the theory and practice of promoting healthy behaviors, and needs for further research. The core of the volume consists of strategies and actions targeted to sectors of society—government, the private sector, the health professions, the education community—that have special responsibilities for encouraging and enabling consumers to eat better. These recommendations form the basis for three principal strategies necessary to further the implementation of dietary recommendations in the United States.

Agribusiness Management Freddie L. Barnard,Jay T. Akridge,Frank J. Dooley,John C. Foltz,Elizabeth A. Yeager,2016-03-10 Today's food and agribusiness managers operate in a rapidly changing, highly volatile, international, high technology, consumer-focused world. Agribusiness Management helps prepare students and managers for a successful career in this new world of food and fiber production and marketing. This text uses four specific approaches to help readers develop and enhance their capabilities as agribusiness managers. First, it offers a contemporary focus that reflects the issues that agribusiness managers face today and are likely to face tomorrow. Second, the book presents conceptual material in a pragmatic way with illustrations and examples that will help the reader understand how a specific concept works in practice. Third, the book has a decision-making emphasis, providing contemporary tools that readers will find useful when making decisions in the contemporary business environment. Finally, Agribusiness Management offers a pertinent set of discussion questions and case studies that will allow the reader to apply the material covered in real-world situations. This fifth edition of Agribusiness Management has been updated throughout and continues to provide students and adult learners with an essential understanding of what it takes to be a successful agribusiness manager in today's rapidly evolving, highly unpredictable marketplace.

A Road of Eagles Joseph Coughlin,2013-01-14 A Road of Eagles is a fast paced action thriller that takes the reader into the cutthroat world of the high rollers and hard men of the Trucking Industry who can make or break a company with the stroke of a pen. It is a story of a fascinating character, KYLE TRAYNOR, a man of scruples and integrity, capable of getting down in the gutter and slugging it out. DERON CARTER, the antagonist and antithesis of Traynor, is a hired gun, a man without scruples willing to do anything to attain his devious plan. The story introduces Traynor as a young, idealistic veteran, who after the war finds himself floundering, unsure of what he wants in life. Traynor stumbles into the trucking industry by chance, taking a position with ALLIED TRANSPORT. For Traynor this is only a stop gap position until he gets his life together. Starting as a dockworker Traynor quickly advances under the tutelage of WILLIE BLOOM. Moving into a road drivers position, Traynor discovers he has found his niche and rapidly ascends the corporate ladder taken under the wing of BEN LIEBMAN, Vice President of Operations. In Traynor Ben Liebman spots a quick study and Traynor begins his rise at Allied Transport. Drawn into the inner circle of Allied Transport, Traynor finds out quickly that Allied is made up of more than just men and machines moving freight from coast to coast. He finds a world of hard men, making hard decisions. It is also a mysterious world of cunning and devious men where only the strong and vicious survive. The supportive characters that help build this story include men like SAUL LEHMAN, the man who founded and built Allied Transport. SAUL LEHMAN JR., his son was destined to inherit the company.
