Joe Gores

Gone, No Forwarding Joe Gores, 2020-03-19 A thriller in the best Hammett/Chandler tradition . . . Mr. Gores, as always, writes beautifully, with never a wasted word and with a fine feeling for characterization. – The New York Times Due to an irregular case handled by a now-deceased agent, the State of California is hell-bent on revoking Dan Kearny's private investigator's license. What began as a dispute over an insignificant sum has spiraled into maelstrom of deception, conspiracy, and violence, launching Kearny and his associates on a cross-country search for witnesses who can clear the company's name. Before long they discover others following in their footsteps – with deadly intent. This new edition of the third book in Joe Gores's DKA File series includes a bonus DKA short story, File #7: 0 Black and Unknown Bard. Joe Gores (1931–2011) won Edgar Awards in three separate categories: Best First Novel, Best Short Story, and Best TV Series Segment. His work repossessing cars provided grist for the mill of his DKA series, making them – in the words of Ellery Queen's Mystery Magazine – [as] authentic as a fist in your face.

Fast-Forwarding with Audiovisual Translation
Jorge Díaz Cintas,Kristijan Nikolić,2017-12-14
This edited collection offers a rounded vision of some of the ways in which audiovisual translation (AVT) can be approached from an academic, professional and educational point of view. The studies provide a stimulating and thought-provoking account of some of the most representative themes that are currently being researched in the field of AVT, while also highlighting new directions of potential research from a cognitive perspective. A conscious effort has been made to cover not only cultural and linguistic approaches to traditional domains of AVT (such as dubbing and subtitling), but also to look into lesser known areas of research that are

attracting substantial interest from various stakeholders and gradually becoming part of the remit of AVT (including subtitling for the deaf and audio description for the blind). In this respect, the chapters of this book tackle the field of AVT from a plural, comprehensive and up-to-date perspective; speak of a rich and complex academic subject in the making; broaden our existing knowledge on AVT; reflect the many crossroads and junctions it currently faces and outline some of the issues that will become topical in the near future in this fascinating, flourishing discipline.

Left No Forwarding Address (for fans of David Baldacci, James Patterson and Michael Connelly)

Gerald J. Davis, 2011-08-03 Have you ever wished you could start over? That you could leave everything and everyone behind and find a new life? Our narrator takes that risk. He leaves a weary, dull, anesthetized existence, abandons his family and sets out to live as an explorer in the jungle that is called New York City, in the long-shot hope of finding contentment. He changes his appearance and takes a new identity, but he is not prepared for the obstacles he encounters and the enemies who surround him. He descends into a world where you write the rules as you go along, and where there are no dental plans, no alimony and no frequent-flier miles. Join him as he embarks on a journey of self-discovery with an uncertain outcome.
