English French French English Word to Word Dictionary Fequiere Vilsaint, France Robert-Dubois, 2008 The English French Dictionary is a practical instrument to help both English and French learners of the other language to improve their language skills and clarify issues of orthography. It contains 27,000 word entries and expressions, many with multiple meanings. We depart dramatically from our previous edition by first using a word frequency list of the English language to select frequent entries in common English communication. Second, we added special vocabulary from secondary school content fields such as social sciences, physical sciences, biological sciences, mathematics, language arts etc. The result is a comprehensive list of English entries with French equivalents in all areas covered in school curricula.

English-French Translation Christophe Gagne, Emilia Wilton-Godberfforde, 2020-12-30 English-French Translation: A Practical Manual allows advanced learners of French to develop their translation and writing skills. This book provides a deeper understanding of French grammatical structures, the nuances of different styles and registers and helps increase knowledge of vocabulary and idiomatic language. The manual provides a wealth of practical tasks based around carefully selected extracts from the diverse text types students are likely to encounter, from literary and expository, to persuasive and journalistic. A mix of shorter targeted activities and lengthier translation pieces guides learners through the complexities and challenges of translation from English into French. This comprehensive manual is ideal for advanced undergraduate and postgraduate students in French language and translation.

The book is aimed at all English-speaking learners and users of French at an intermediate to advanced level, and is structured in a uniquely helpful way. The book is arranged thematically rather than alphabetically, with fifteen part titles subdivided into a total of 142 subheadings which are further subdivided into topic categories. In each category learners will find synonyms and related French words and phrases of use for writing or speaking about the topic, as well as sayings, metaphors, proverbs, famous quotations or usage notes connected with the topic. Every word, phrase and example has an English translation. Illustrations provide additional help, and there is a special section on conversational gambits. Two alphabetical indexes of more than 8,000 words each, one listing English vocabulary and the other French, help readers find what they're looking for easily.

The Night Before Preschool Natasha Wing, 2011-05-12 It's the night before preschool, and a little boy named Billy is so nervous he can't fall asleep. The friends he makes the next day at school give him a reason not to sleep the next night, either: he's too excited about going back! The book's simple rhyming text and sweet illustrations will soothe any child's fears about the first day of school.
