

Grammar

Anne Lobeck, Kristin Denham

The Blue Book of Grammar and Punctuation Lester Kaufman, Jane Straus, 2021-04-16 The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering just the facts on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction.

The Only Grammar Book You'll Ever Need Susan Thurman, Larry Shea, 2003-05-01 *The Only Grammar Book You'll Ever Need* is the ideal resource for everyone who wants to produce writing that is clear, concise, and grammatically excellent. Whether you're creating perfect professional documents, spectacular school papers, or effective personal letters, you'll find this handbook indispensable. From word choice to punctuation to organization, English teacher Susan Thurman guides you through getting your thoughts on paper with polish. Using dozens of examples, *The Only Grammar Book You'll Ever Need* provides guidelines for: Understanding the parts of speech and elements of a sentence Avoiding the most common grammar and punctuation mistakes Using correct punctuation in every sentence Writing clearly and directly Approaching writing projects, whether big or small Easy to follow and authoritative, *The Only Grammar Book You'll Ever Need* provides all the necessary tools to make you successful with every type of written expression.

A Grammar Book for You and I-- Oops, Me! C. Edward Good, 2002 Correct English usage as it's never been taught before: lucidly, memorably, and humorously -- for all ages.

Understanding Written Grammar Jane Walpole, 2000 Unlike a standard grammar handbook that merely states the rules and provides an example or two, *Understanding Written Grammar* seeks to illuminate the rationale and logic of grammar and therefore treats its subject as a reflection of the way the

human mind thinks.

Navigating English Grammar Anne Lobeck,Kristin Denham,2013-09-23 An engaging and fresh take on the rules and politics of English grammar, written in lively prose. It goes a step further than most books on grammar by providing an overview of the field, with a discussion of historical and current debates about grammar, and how we define, discuss, and approach it. Presents a novel, inquiry-based approach to understanding speakers' unconscious knowledge of English grammar Makes lucid connections, when relevant, with current linguistic theory Integrates language change and variation into the study of grammar Examines historical sources of socially evaluative perceptions of grammar, as 'good' or 'bad', and notions of language authority Provides syntactic explanations for many modern punctuation rules Explores some of the current controversies about grammar teaching in school and the role of Standard English in testing and assessment

Grammar for Writers C. Beth Burch,2017-02-02 This lively textbook on grammar helps writers of all abilities understand how the English language functions in contemporary life. It begins with a close examination of sentence patterns, word classes, and syntactical transformations, laying a structural base for understanding usage. Examples from a variety of published writers further your understanding of writing well from a rhetorical and stylistic perspective. Whether you're a beginning student, an advanced grammarian, or someone who wants to know more about how language works and how to use it, this textbook gives you what you need. Learn how to • manipulate, join, and transform patterns that undergird sentences; • write sentence patterns, transformations, and figures to establish habits of strong and varied sentence building; • compare kinds of grammatical and rhetorical structures and their effects on readers; and • analyze sentences and chunks of text for grammatical underpinnings and rhetorical effect. Become a better writer by understanding grammar, usage, and punctuation with the explanations, examples, and exercises in Grammar for Writers.

A Semantic Approach to English Grammar R. M. W. Dixon,2005-06-30 Showing how grammar helps people communicate and looking at the ways grammar and meaning interrelate, this work reviews the main points of English syntax and discusses English verbs in terms of their semantic types.

Grammar Girl Presents the Ultimate Writing Guide for Students Mignon Fogarty,2011-07-05 For beginners to advanced students, this warm and witty guide to writing includes a writing style chapter and a guide to writing everything from school papers to letters to e-mails.

Mysteries of English Grammar Andreea S. Calude,Laurie Bauer,2021-09-30 Despite a history of hundreds of years of research analysing aspects of

English grammar, there are still open problems which continue to baffle language researchers today. Such ‘grammar mysteries’ arise for a number of reasons: because the language is changing; because different speakers of the language adhere to distinct norms and thus introduce and maintain variation in the system; because there are differences between the grammar of spoken and written English. This book illuminates some of the complexities of the subject, the areas where new discoveries await and why it matters. Through a series of accessible and engaging case studies on various aspects of grammar, from multiple negation to possession, the authors present grammar as an intellectual challenge. This book brings out into the open questions about language usage to which we still do not have good answers in a bid to make variation overt and to revel in the mystery of the English language. Both aimed at the interested general reader and the beginning student of English language and linguistics, this is a fresh take on grammar.

A Commonsense Guide to Grammar and Usage Larry Beason, Mark Lester, 2011-11-24 Presents lessons in learning English grammar.

The Grammar Book Diane Larsen-Freeman, Marianne Celce-Murcia, Jan Frodesen, Howard Alan Williams, Benjamin White, 2014-06-15 The Grammar Book introduces teachers and future teachers to English grammatical constructions. This highly acclaimed text, used both as a course book and as a grammar reference guide, is suitable for all teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.

The Uses of Grammar Judith Rodby, W. Ross Winterowd, 2012 In this second edition of THE USES OF GRAMMAR, Judith Rodby and W. Ross Winterowd develop their successful first edition with new examples, more discussion questions and exercises, and clear explanations of the grammatical principles that teach students to understand grammar conceptually and deeply. The first edition has been completely redesigned visually to enhance learning and retention. Rodby and Winterowd's THE USES OF GRAMMAR 2E is an accessible approach grounded in deep understanding of language acquisition, structure, and even the rhetoric of everyday use. THE USES OF GRAMMAR 2E integrates traditional, structural, and functional concepts with ideas from contemporary linguistics and grammatical study. Rather than simply partition the study of grammar from the bottom up—from the parts to the whole—Rodby and Winterowd employ a unique structure based on the differentiation of FORM and FUNCTION. This structure is framed around three

questions: What are the forms in the grammar of American English? How do those forms function in that grammar? How are they used in real-life speaking and writing to achieve specific purposes? Students may learn, for example, how a variety of FORMS (including nouns, pronouns, verbals, and clauses) can all FUNCTION as nominals. This form/function approach ensures that students learn the uses of grammar as both an object of study and as the living text of social interaction. - THE USES OF GRAMMAR thus uses living language to illustrate the practical applications of grammar in our lives. These examples are drawn from a wide variety of sources--newspapers, magazines, books, and the writings of undergraduate students--and from such writers and speakers as Ronald Reagan, Shirley Chisholm, Groucho Marx, Mark Twain, and Jane Addams. Class-tested and refined to be student- and instructor-friendly, THE USES OF GRAMMAR 2E also features For Discussion sections that enhance students' understanding of the principles covered in the text and encourage classroom discussion. Using Grammar sections show students how to think about grammar's function in social relations. Language Learning sections summarize critical concepts. Chapter Previews and Chapter Reviews help students anticipate the new principles, rules, and concepts to follow and reinforce learning. Exercises ask students to rehearse new learning, and Challengers ask them to apply this learning to broader issues or more complex problems. - JUDITH RODBY joined the faculty at California State University, Chico in 1989 after finishing her PhD in the rhetoric, linguistics, and literature program at the University of Southern California. She has been the composition coordinator, writing center director, and coordinator of basic writing. She is currently working primarily in the field of English education and is coordinator for the National Writing Project's National Reading Initiative. She has published in composition, ESL, youth development, and English education. - W. Ross Winterowd was the Bruce R. McElderry Professor Emeritus, University of Southern California, where he founded its PhD program in Rhetoric, Linguistics, and Literature. He authored, coauthored, or edited many essays, reviews, poems, and books, including SEARCHING FOR FAITH: A SKEPTIC'S JOURNEY (2004, Parlor Press), SENIOR CITIZENS WRITING (2007, Parlor Press), THE CULTURE AND POLITICS OF LITERACY (1989, Oxford), and ATTITUDES: SELECTED PROSE AND POETRY (2010, Parlor Press). In 2010, he received the field's highest honor, the Exemplar Award, from the Conference on College Composition and Communication. He passed away in January, 2011, shortly after completing work on THE USES OF GRAMMAR.

The Joy of Syntax June Casagrande, 2018-07-24 Language columnist June Casagrande presents a fun and breezy guide to everything a grown-up interested in grammar needs to know. When it comes to grammar, it seems like everyone—even die-hard word nerds—feel they missed something in

school. The Joy of Syntax picks up where sixth grade left off, providing a fresh foundation in English syntax served up by someone with an impressive record of making this otherwise inaccessible subject a true joy. With simple, pithy information on everything from basic parts of speech and sentence structure to usage and grammar pitfalls, this guide provides everything you need to approach grammar with confidence.

Essential Grammar for Today's Writers, Students, and Teachers Nancy M. Sullivan, 2020-07-23 This innovative grammar text is an ideal resource for writers, language students, and classroom teachers who need an accessible refresher in a step-by-step guide to essential grammar. Rather than becoming mired in overly detailed linguistic definitions, Nancy Sullivan helps writers and students understand and apply grammatical concepts and develop the skills they need to enhance their writing. Along with engaging discussions of both contemporary and traditional terminology, Sullivan's text provides clear explanations of the basics of English grammar and a practical, hands-on approach to mastering the use of language. Complementing the focus on constructing excellent sentences, every example and exercise set is contextually grounded in language themes. This updated edition includes new sections in each chapter on Writing Matters (addressing key tools and concerns for writers) and Language Varieties (addressing issues of social and regional dialect variation). This is an ideal textbook for any writing course across disciplines where grammatical precision is important. Online resources including additional exercises, links, and an answer key are available at [Routledge.com/9780367148683](https://www.routledge.com/9780367148683). Instructor materials accompanying the text provide teachers with activities designed for face-to-face, hybrid, and online instruction to enliven these basic grammar lessons as well as writing activities to integrate these concepts into students' own writing.

An Introduction to English Grammar Syntax Nadia Hussein Salim, 2008-01-01 This book is for people who have never thought about syntax, and who don't know anything about grammar, but who want to learn. Assuming a blank slate on the part of the reader, the book treats English grammar as a product of the speaker's mind, and builds up student skills by exploring phrases and sentences with more and more complexity, as the chapters proceed.

Working with English Grammar Louise Cummings, 2018-06-21 Explores English grammar through three real-world applications of language development, language disorders and dialects.

Top 50 Grammar Mistakes Adrian Wallwork, 2018-01-24 This book focuses on the most commonly made grammar mistakes by non-native English

speakers. This means that you can set yourself a reasonable target. So rather than trying to learn all English grammar, just concentrate on those issues that tend to be used the most frequently and/or tend to create the most misunderstandings. Each chapter contains: Examples of typical mistakes. Examples of correct usage. Rules / explanations. A short exercise where you can immediately practise what you have learned. Additional exercises. Keys to all exercises. The book also contains a Teachers Introduction. Easy English! is a series of books to help you learn and revise your English with minimal effort. You can improve your English by reading texts in English that you might well normally read in your own language e.g. jokes, personality tests, lateral thinking games, wordsearches. doing short exercises to improve specific areas grammar and vocabulary, i.e. the areas that tend to lead to the most mistakes - the aim is just to focus on what you really need rather than overwhelming yourself with a mass of rules, many of which may have no practical daily value Other books in the Easy English!series include: Wordsearches: Widen Your Vocabulary in English Test Your Personality: Have Fun and Learn Useful Phrases Word games, Riddles and Logic Tests: Tax Your Brain and Boost Your English Top 50 Grammar Mistakes: How to Avoid Them Top 50 Vocabulary Mistakes: How to Avoid Them
