The second part focuses on technologies to improve the quality of functional cereal products, reviewing issues such as grain improvement, novel cereal-derived ingredients and formulation of low GI products. Chapters dedicated to a wide range of product types are also included, covering cereal foods made from oats, rye, barley and speciality grains and breads fortified with vitamins and minerals, soy and omega-3 lipids among others. Technology of functional cereal products is an essential reference for all those involved in research and development of health-promoting cereal-based foods. **Varsity Faith** Trevor Hamaker,2013-04-18 You want a faith that can help you live well in a world that seldom seems to make any sense. Varsity Faith offers a way forward. Students are in a tough spot. What they've heard about God doesn't seem to match what they see in the world, and they're getting tired of slogans and clichés that try to sweep it under the rug. Many are choosing to leave their faith behind. This book addresses the problem and offers a way of Christian faith that is able to help students pick up the past, live in the present, and look toward the future. Leaving is not the only option.

**The Yod Book** Karen Hamaker-Zondag,2000-09-15 An explanation of atypical horoscope configurations, with analyses of celebrity birth charts to see how these astrological patterns play out in real life. A yod is formed when two planets that are sextile also form an inconjunct to another planet. These planets are in different signs and modes and are deeply significant, for they usually symbolize patterns in families that have lasted for generations. This is what Hamaker-Zondag discovered when she started to research the inconjunct aspect as it related to a yod. Also included in this book is a complete discussion of how the energies of unaspected planets, and planets in duet (that only aspect each other) are expressed in a person's birth chart. Hamaker-Zondag analyzes the background and places it in

a broader perspective, including how she works with elements, modes, orbs, and other astrological factors when interpreting this aspect. All in all, this is one of the most exciting books on aspect interpretation published in recent years! Included are great case histories: you have a chance to examine the Monica Lewinsky, Linda Tripp, Kenneth Starr, Bill Clinton scenario. And Princess Diana, Prince Charles, and Prince William are not without these family patterns. She uses the examples of Gandhi, Vaclav Havel, Khomeini, Solzhenitsyn, Willy Brandt, C. G. Jung, Jim Jones, and others. To help you work with your own clients, Hamaker-Zondag brings in the charts of her personal clients and explains them in depth. When you’ve read this book, you’ll want to check out the charts of everyone you know!

*The Dark Atonement* Sarah Hamaker,2022-09-12 A translator and a medical researcher team up to find a long-lost scientist with an innovative cancer treatment. As Lena delves into her grandfather's past and uncovers information about him and his cancer research work in East Germany four decades ago, she unwittingly puts her own life in danger. Dr. Devlin Mills works as a cancer researcher at the National Institutes of Health and lives across the hall from Lena, although they've never formally met. But when Lena is nearly run down by a vehicle, Devlin finds himself thrust into the role of protector. As their lives intersect, the pair find themselves in a race to discover the whereabouts of her grandfather-and whoever wants to silence him-before the past catches up with the present.
