Anna Hider, Julia Hider

The Hider Loren D. Estleman, 2005 To eighteen-year old Jeff Curry, the old hider and the buffalo he hunted was something of a myth, like a ghost from the past stalking a dream. The old man claimed to have tracked the last of the mighty beasts all the way from Arizona to Oregon, where buffalo hadn't been seen in ten years. It was the chance for adventure that Jeff had ached for. But when these two men help an Indian framed for murder, the buffalo hunt turns into a manhunt -- and Jeff is one of the prey...

The Hider Loren D. Estleman, 2017-12-15 To eighteen-year-old Jeff Curry, the old hider -- and his vision of a lone buffalo migrating north -- was something of a myth, a ghost from the past stalking a dream. But the old man claimed to have tracked the last of the mighty beasts all the way from Arizona to Oregon, where buffalo hadn't been seen in ten years. It was the chance for adventure that Jeff had ached for . . .

Cronix James Hider, 2014-11-20 Recreational suicide bombings and revelers in fancy dress throwing themselves from the top of the Empire State Building: when scientists break the final frontier of Death and find a way for the soul to live forever, humanity leaves Earth with a bang, bound for a man-made paradise. On the Orbiters, supercomputers riding beyond the edge of Earth's atmosphere, these Eternals live out their wildest dreams or build fantastic idylls, free at last from the tyranny of Evolution. Back on Earth, however, the man known to history simply as the Missing Link is hiding out in the woods. Luis Oriente was the product of a brutal but successful experiment to capture a human mind and synthesize it into ultra-human form. Not quite mortal, and fearful of heaven, Oriente has spent centuries fleeing his past, living a quiet life in the woods, far from prying eyes. But when a giant wolf disrupts the rhythm of the forest to deliver a cryptic message, Oriente is dragged back into the turbulent currents of the history he has tried so hard to forget. Something is rotten in paradise, and Evolution is not quite

done with humanity yet.

The Spiders of Allah James Hider, 2009-06-23 In his fascinating, terrifying and often very funny book, James Hider takes his doubts about religious beliefs straight into the dark heart of the world's holy wars—from Israel to Gaza to Iraq—the birthplace that spawned so many faiths—and then back to Jerusalem. From hardcore Zionist settlers still fighting ancient Biblical battles in the hills of the West Bank to Shiite death squads roaming the lawless streets of Iraq in the aftermath of Saddam; whether it's the misappropriation and martyrdom of Mickey Mouse by Gaza's Islamists, or a US president acting on God's orders, Hider sees the hallucinatory effect of what he calls the 'crack cocaine of fanatical fundamentalism' all around him. As he meets terrorists, suicide bombers, soldiers, ayatollahs, clerics, and ordinary and extraordinary people alike, the question that sparked his journey continues to plague his thoughts: how can people not only believe in this madness, but die and kill for it too? This extraordinary and timely book takes the God Delusion debate onto the streets of the Middle East. It casts an unflinching yet compassionate eye on the very worst and most violent crimes committed in the name of religion, and then sharply asks the questions the world needs to answer if we are ever to stand a chance of facing our own worst demons.

Ripe James Hider, 2023-05-18 Scottish shrink Elspeth MacGann thinks a patient who claims to be an alien farmer is simply delusional. But when vast ships appear over Moscow and vacuum up 50,000 people, she realizes he's not as crazy as she thought.

Hider, Seeker, Secret Keeper Elizabeth Kiem, 2014-09-02 The Bolshoi Saga: Lana Lana Dukovskaya is an up and coming talent at the Bolshoi Ballet, where her mother, Marina, also danced until her career came to a mysterious end. On the eve of an international tour, Lana's best friend and chief rival is brutally attacked, making Lana both the substitute soloist and the prime

suspect. Once in New York, Lana meets Georgi Levshik, a powerful Russian émigré who claims to know the truth about her mother's past. Lana is wary, torn between curiosity and distrust. But when another young dancer is struck down just hours before her debut, Lana knows she is in danger. On the run, Lana puts her trust in Levshik's alluring bodyguard, Roma. Together they must uncover the truth about a blood feud involving three generations of Dukovskaya dancers.

It's a job that reawakens Harry's past and brings him back into contact with his ex-wife Bethany. Fate has given him a second chance to redeem himself in her eyes. Diary of a mad man ,

Hider Roser Ben Mirov, 2012 Poetry. Mirov's poems are like dead soul dispatches from an emotional robot. Contained in them is the terrible recognition of the mere materiality of the universe and that somehow arising from that is an irrational attachment to friends, loves, and a man named Ben Mirov. The poems are an attempt to speak of these things, often opening into imaginative spaces tinged with the absurd. The continued disconnect between what the speaker describes and what he may or may not feel is funny, until it's revealed to also be sad. Dan Magers Ben Mirov writes, 'The high-fives are meant to signify celebratory attitudes and reinforce the sense of comradery we feel in the wake of our semi-athletic achievement.' For the 'semi-athletic' achiever in all

of us, HIDER ROSER gives free \$12 high-fives. Amanda Nadelberg It seems like HIDER ROSER was written by Ben Mirov. His name appears on the cover and in the poems the book contains. However, he did not write this book. I did. Ben Mirov's function in the process was more like an android, receiving messages from an alien source. If you ever actually meet the vessel I know as Ben Mirov, his personality and conversational capacity will underwhelm you. I hope these poems will not. the author of HIDER ROSER

Animal Camouflage Martin Stevens, Sami Merilaita, 2011-07-07 In the last decade, research on the previously dormant field of camouflage has advanced rapidly, with numerous studies challenging traditional concepts, investigating previously untested theories and incorporating a greater appreciation of the visual and cognitive systems of the observer. Using studies of both real animals and artificial systems, this book synthesises the current state of play in camouflage research and understanding. It introduces the different types of camouflage and how they work, including background matching, disruptive coloration and obliterative shading. It also demonstrates the methodologies used to study them and discusses how camouflage relates to other subjects, particularly with regard to what it can tell us about visual perception. The mixture of primary research and reviews shows students and researchers where the field currently stands and where exciting and important problems remain to be solved, illustrating how the study of camouflage is likely to progress in the future.

Information Resource Description Philip Hider, 2012-11-23 An overview of the field of information organization that examines resource description as both a product and process of the contemporary digital environment. This timely book employs the unifying mechanism of the semantic web and the resource description framework to integrate the various traditions and

practices of information and knowledge organization. Uniquely, it covers both the domain-specific traditions and practices and the practices of the 'metadata movement' through a single lens - that of resource description in the broadest, semantic web sense. This approach more readily accommodates coverage of the new Resource Description and Access (RDA) standard, which aims to move library cataloguing into the centre of the semantic web. The work surrounding RDA looks set to revolutionise the field of information organization, and this book will bring both the standard and its model and concepts into focus. Key topics include: • information resource attributes • metadata for information retrieval • metadata sources and quality • economics and management of metadata • knowledge organization systems • the semantic web • books and e-books, websites and audiovisual resources • business and government documents • learning resources • the field of information/knowledge organization. Readership: LIS students taking information organization courses at undergraduate and postgraduate levels, information professionals wishing to specialise in the metadata area, and existing metadata specialists who wish to update their knowledge.

Badass Civil War Beards Anna Hider, Julia Hider, 2014 From the cavemen to the hipsters of today, beards have been the hallmark of brave and manly men. For some reason, the popularity of beards skyrocketed during the late 19th century,

when men became more willing to experiment with never-before-seen facial hair styles. Abraham Lincoln even grew his beard because a little girl wrote him and said he'd look more presidential with one. A little over two years ago, sisters Anna and Julia Hider were discussing why all Civil War soldiers seemed to sport crazy beards. Their conversation quickly became the blog Badass Civil War Beards (<http://badasscivilwarbeards.tumblr.com>), which they cowrote between classes at two separate universities. The concept touched a funny bone, and Badass Civil War Beards, the book, was born. It features over 100 of the Civil War's most stupidly awesome (and awesomely stupid) examples of facial hair, accompanied by short analyses, historical tidbits, poems, and puns about each person and his bearded glory. Who knew history could be so much fun?

My Interview with Beethoven Hider Jones, 2017-05-17 It's 1826, and young Virginia newspaperman George Thompson leaves his unhappy past for Vienna, the city of music. His mission: interview the famous composer, Ludwig van Beethoven. But George wants more than an interview. He wants to get close to Beethoven because he's been told the musical genius is his natural father. George also needs to know what his mother, Hannah Bekker, had meant to Beethoven. While Beethoven tells George of his rise to fame, his tragic deafness, and the women he loved and lost, George wonders about Beethoven's intimate relationship with Hannah-and how he is to confess his real reason for interviewing the moody composer. What transpires turns George's life inside out, and forces Beethoven to reveal a disturbing, personal secret. Inspired by true events, *My Interview with Beethoven* is about a young man's journey that leads him to right wrongs, find love in unexpected ways, and heal the deep wounds of those he touches.
