The Host Stephenie Meyer, 2010-04-26 Melanie Stryder refuses to fade away. The earth has been invaded by a species that take over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading soul who has been given Melanie's body, knew about the challenges of living inside a human: the overwhelming emotions, the too vivid memories. But there was one difficulty Wanderer didn't expect: the former tenant of her body refusing to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves -- Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love. Featuring what may be the first love triangle involving only two bodies, *The Host* is a riveting and unforgettable novel that will bring a vast new readership to one of the most compelling writers of our time.

Super Host Kate Russo, 2022-04-05 "Get ready to smile....[A] sweet story and the perfect antidote to the chaos that's been

2021.” –the Skimm A deeply funny and shrewdly observed debut novel about being lost in the very place you know by heart. Bennett Driscoll is a Turner Prize-nominated artist who was once a rising star. Now, at age fifty-five, his wife has left him, he hasn't sold a painting in two years, and his gallery wants to stop selling his work, claiming they'll have more value retrospectively...when he's dead. So, left with a large West London home and no income, he's forced to move into his artist's studio in the back garden and list his house on the popular vacation rental site, AirBed. A stranger now in his own home, with his daughter, Mia, off at art school, and any new relationships fizzling out at best, Bennett struggles to find purpose in his day-to-day. That all changes when three different guests--lonely American Alicia; tortured artist Emma; and cautiously optimistic divorcée Kirstie--unwittingly unlock the pieces of himself that have been lost to him for too long. Warm, witty, and utterly humane, Super Host offers a captivating portrait of middle age, relationships, and what it truly means to take a new chance at life.

Host Robin Cook, 2016-07-05 Coma—reimagined for the twenty-first century from the undisputed king of medical thrillers. Lynn Peirce, a fourth-year medical student at South Carolina's Mason-Dixon University, thinks she has her life figured out. But when her otherwise healthy boyfriend, Carl, enters the hospital for routine surgery, her neatly ordered life is thrown into total chaos. Carl fails to return to consciousness after the procedure, and an MRI confirms brain death. Devastated by Carl's condition, Lynn searches for answers. Convinced there's more to the story than what the authorities are willing to reveal, Lynn uses all her resources at Mason-Dixon—including her initially reluctant lab partner, Michael Pender—to hunt down evidence of medical error or malpractice. What she uncovers, however, is far more disturbing. Hospitals associated with Middleton Healthcare, including the Mason-Dixon Medical Center, have unnervingly high rates of unexplained anesthetic complications and patients

contracting serious and terminal illness in the wake of routine hospital admissions. When Lynn and Michael begin to receive death threats, they know they're into something bigger than either of them anticipated. They soon enter a desperate race against time for answers before shadowy forces behind Middleton Healthcare and their partner, Sidereal Pharmaceuticals, can put a stop to their efforts once and for all.

Chambers is a burgeoning germaphobe in search of a new job—something less stressful than her last job, teaching high school students. When her supposedly psychic best friend, Ellen, points her toward an odd little bookstore and a strange, otherworldly woman, Adrienne, Renee is thrown for a loop. One awkward interview and an even stranger psychic encounter later, Renee gets the job. Then Ellen's psychic dabbling has unintended consequences when Renee meets a pushy new friend, Katherine, a jealous ghost who's convinced they are soul mates. A casino trip, a drunken drag show, an old beater of a car, and a pair of dinosaur panties push Renee to the edge, but the real kicker is when Katherine starts getting more insistent and borrowing bodies. All Renee wants is a peaceful, fledgling hermit existence, but that's unlikely unless she can figure out her true connection to Katherine, Ellen, and Adrienne. To discover the truth, she must come to terms with her past and learn how to embrace the future.
