Hunter Mercedes Lackey, 2015-09-01 They came after the Disaster. Some were terrors ripped from our collective imaginations, remnants of every mythology across the world. And some were like nothing anyone had ever dreamed up, even in their worst nightmares. Monsters. Long ago, the barriers between our world and the Otherworld were ripped open, and it's taken centuries to bring back civilization in the wake of the catastrophe. Now, the luckiest Cits live in enclosed communities, behind walls that keep them safe from the hideous creatures fighting to break through. Others are not so lucky. To Joyeaux Charmand, who has been a Hunter in her tight-knit mountain community since she was a child, every Cit without magic deserves her protection from dangerous Othersiders. Then she is called to Apex City, where the best Hunters are kept to protect the most important people. Joy soon realizes that the city's powerful leaders care more about luring Cits into a false sense of security than protecting them. More and more monsters are getting through the barriers, and the close calls are becoming too frequent to ignore. Yet the Cits have no sense of how much danger they're in—to them, Joy and her corp of fellow Hunters are just action stars they watch on TV. When an act of sabotage against Joy takes an unbearable toll, Joy uncovers a terrifying conspiracy in the city. There is something much worse than the usual monsters infiltrating Apex. And it may be too late to stop them?

We Were the Lucky Ones Georgia Hunter, 2019-07-30 The New York Times bestseller with more than 1 million copies sold worldwide Inspired by the incredible true story of one Jewish family separated at the start of World War II, determined to survive—and to reunite—*We Were the Lucky Ones* is a tribute to the triumph of hope and love against all odds. “Love in the face of global adversity? It couldn't be more timely.” —*Glamour* It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, *We Were the Lucky Ones* demonstrates how in the face of the twentieth century's darkest moment, the human spirit can endure and even thrive.

The Hunters James Salter, 2012-08-21 Captain Cleve Connell has already made a name for himself among pilots when he arrives in Korea during the war there to fly the newly operational F-86 fighters against the Soviet MIGs. His goal, like that of every fighter pilot, is to chalk up enough kills to become an ace. But things do not turn out as expected. Mission after mission proves fruitless, and Connell finds his ability and his stomach for combat questioned by his fellow airmen: the brash wing commander, Imil; Captain Robey, an ace whose record is suspect; and finally, Lieutenant Pell, a cocky young pilot with an uncanny amount of skill and luck. Disappointment and fear gradually erode Connell's faith in himself, and his dream of making ace seems to slip out of reach. Then suddenly, one dramatic mission above the Yalu River reveals the depth of his courage and honor. Originally published in 1956, *The Hunters* was James Salter's first novel. Based on his own experiences as a fighter pilot in the Korean War, it is a classic of wartime fiction. Now revised by the author and back in print on the sixty-fifth anniversary of the Air Force, the story of Cleve Connell's war flies straight into the heart of men's rivalries and fears.

Asteroid Hunters Carrie Nugent, 2017-03-14 For the first time, scientists could have the knowledge to prevent a natural disaster epic in scale—an asteroid hitting the earth and in this exciting, adventuresome book, Carrie Nugent explains how. What are asteroids, and where do they come from?

And, most urgently: Are they going to hit the Earth? What would happen if one was on its way? Carrie Nugent is an asteroid hunter—part of a group of scientists working to map our cosmic neighborhood. For the first time ever, we are reaching the point where we may be able to prevent the horrible natural disaster that would result from an asteroid collision. In *Asteroid Hunters*, Nugent reveals what known impact asteroids have had: the extinction of the dinosaurs, the earth-sized hole Shoemaker Levy 9 left in Jupiter just a few decades ago, how the meteorite that bursted over Chelyabinsk in Russia could have started a war, and unlucky Ms. Anne Hodges—the only person (that we know of) in US history to be the victim of a direct hit. Nugent also introduces the telescope she uses to detect near-Earth asteroids. Ultimately, detection is the key to preventing asteroid impact, and these specialized scientists are working to prevent the unthinkable from happening. If successful, asteroid hunting will lead to the first natural disaster humans have the know-how and the technology to prevent. The successful hunt and mapping of asteroids could mean nothing less than saving life on earth.

The Hunter Julia Leigh, 2022-06-20 The hunter arrives in an isolated community in the Tasmanian wilderness with a single purpose in mind: to find the last thylacine, the tiger of fable, fear and legend. The man is in the employ of the mysterious 'Company', but his sinister purpose is never revealed and as his relationship with a grieving mother and her two children becomes more ambiguous, the hunt becomes his own. Leigh's Tasmania is a place where the wilderness can still claim lives; where the connection between people and the land is at best uneasy and cannot be trusted. In prose of exceptional clarity and elegance, Julia Leigh creates an unforgettable picture of a man obsessed by an almost mythical animal in a damp dangerous landscape. *The Hunter* is the work of a compelling storyteller and a truly remarkable literary stylist.

The Last Ivory Hunter Peter Hathaway Capstick, 1988-07-15 One of the greatest living writers of African hunting and safari experience, Peter Hathaway Capstick tells the story of Walter Walker Johnson's life. Gold prospector, elephant hunter, professional guide, Johnson's tale is one of unique excitement and danger. 16 pages of photos.

Hunter Robert Bidinotto, 2011-06-21 Two people, passionately in love. But each hides a deadly secret. He is a crusading vigilante, on a violent quest for justice. She is tracking this unknown assassin, sworn to stop him. Neither knows the truth about the other. Neither knows that a predator is hunting them both.

Apex Mercedes Lackey, 2017-09-05 Being a member of the Elite Hunter Command imperils Joy in more ways than one. In their latest clash with Othersiders, the army of monsters nearly wiped them out. Apex City is safe...for now. But within the city barriers, Joy must wage a different kind of war. The corrupt and powerful PsiCorps is determined to usurp the Hunters as chief defenders of Apex City and Joy is now squarely in their crosshairs. Unused to playing political games, she has very few people she can truly trust—not even Josh, her first friend in Apex City, who broke up with her when it became too dangerous for a Psimon to be dating a Hunter. Then Josh comes to Joy for help. He fears that Abigail Drift, the head of PsiCorps, will soon use him in her twisted experiments designed to empower PsiCorps and render Hunters superfluous--a scheme that's already killed off dozens of Psimons. Joy manages to smuggle Josh to safety, but he cannot evade Drift forever... As Joy faces ever more powerful Othersiders, she is helped by the most surprising ally imaginable--the same Folk Mage she once met in battle on the train to Apex City. But can Joy trust the most cunning and treacherous of all Othersiders? In the thrilling finale to Mercedes Lackey's #1 New York Times bestselling trilogy, Joy must risk everything to end a brutal war...before she loses all she's ever loved.

The Dinosaur Hunter Homer Hickam, 2010-11-09 A fascinating thriller, well crafted and relentless ... A cross between Tony Hillerman and Larry McMurtry, this is one hell of a good read.--Douglas Preston, author of *Tyrannosaur Canyon* and *Blasphemy* The cowboys who work on the ranchlands of

Montana expect more than their fair share of trouble. One of them is Mike Wire, a former homicide detective. Mike is about to learn murder and mayhem can happen under Montana's big skies, too. Beneath the earth lie enough dinosaur fossils to fill several museum collections---and make a fortune for whoever claims them first. Soon he will have to combine everything he learned as a cop with everything he knows as a cowboy to protect the people and the land he could never live without.

Forty-four years of the life of a hunter M. Browning, 1860 Forty-four years of the life of a hunter being reminiscences of Meshach Browning, a Maryland hunter

Hunter James Byron Huggins, 2018-06-12 A skilled tracker must take down a science experiment gone wrong in the Alaskan wilderness in this thriller from the bestselling author of *Dark Visions*. In an experiment to extend human life, scientists accidentally tap into the deepest recesses of the human mind and unleash a force that might well be a terrible curse. For in their desire to use a power they did not understand, they unintentionally unleash a force that will spell the end of Mankind if it cannot be destroyed. Now an infected creature is loose in the Alaskan wilderness, and the America military is forced to ask the world's greatest tracker, Nathaniel Hunter, to locate the beast and destroy it before it reaches a populated area. Hunter can track anything, anywhere, anytime. But he is both horrified and shocked as he begins to follow the creature's bloody path leading directly toward a city. For the beast is both more powerful and more merciless than any animal Hunter has tracked before. In fact, it seems to embody the most ancient and darkest heart of Man—a power that Mankind has always feared as the greatest Beast of Prey. And as Hunter closes on the beast and the final, bloody battle approaches, he frantically realizes that the scientists may have succeeded all too well in their experiment to extend human life for it may have become unkillable.... Praise for Hunter “Huggins pacing is nonstop; his visual imagination is so compelling....Pure entertainment.”—Publishers Weekly

Elite Mercedes Lackey, 2016-09-06 Joy knows she'll be facing more dangerous Othersiders than ever before as a new member of the Elite Hunter unit, but if anyone is up to the challenge it's her. She's been Hunting these monsters since she was a child, and has a pack of eleven fiercely protective magical Hounds. Then the rules change. Monsters unlike any Joy's ever seen or even heard of are breaking through Apex City's barriers, and the Hunters are scrambling to find new ways to fight them—all the while hiding the true danger Apex faces from the Cits, who are ignorant of the severity of the Othersiders' attacks. The leaders of Apex must come together to protect the city, but tensions have never been higher between the Hunters and the powerful PsiCorps, with each group competing to be the primary protector of the city. The conflict escalates even further when Joy starts discovering bodies of Psimons while patrolling the city sewers on a special assignment from her uncle, who commands the Hunters. Someone is killing Psimons, and if Joy doesn't uncover the true culprit she might just take the fall for it. Chaos erupts when Ace, the murderous Hunter who tried to kill Joy at her Elite trials, escapes from the Army's captivity and defects to the Othersiders. Joy has no idea what Ace might be capable of with the help of the cunning Folk, but she may be about to find out; Othersider forces are gaining strength and momentum just beyond the barriers. A storm is approaching Apex City, and unless Joy and her fellow Hunters put up the fight of their lives, it might just sweep them all away . . .

Silenced Girls Roger Stelljes, 2020-11-11 “Wow wow wow! Grips you in a choke hold and does not let go... Oozes suspense and bone-chilling twists and turns. Astonishing... One of those rare books you stay up all night to read.” @a_likely_storie, □□□□ The beautiful young woman is perfectly still, curled up in the trunk of the car, her long dark hair hiding her face. Her cotton blouse has ridden up a little, revealing two small dots an inch apart on her back. Just like the others. Guilt has kept FBI Agent Tori Hunter away from her home in Manchester Bay, Minnesota for twenty years, ever since her twin sister disappeared on the Fourth of July, when the girls should have been together. But when she receives an anonymous newspaper clipping

about another missing girl, Genevieve, Tori is dragged back to the past. Just like Tori's sister, Genevieve vanished without a trace, her empty car abandoned on a lonely lakeside road as Independence Day fireworks lit up the sky overhead. Returning to Minnesota lake country, Tori finds Genevieve's distraught parents desperate for answers. How could their beautiful, popular daughter be snatched so near her own home? Under pressure to make an arrest, the police have no time for Tori's theories. Besides, they already have a suspect for Genevieve's abductor: a local man seen flirting with her the night she disappeared. But then the suspect is found dead in his isolated cabin, days before another girl's body is discovered bound and strangled in the trunk of her car, two strange dots on her back. The bloodstains surrounding her body belong to the one man Tori thought she could trust. Reeling, Tori knows the closer she gets to the truth, the more her own life is at risk. But can she catch this killer before it's too late for Genevieve? An absolutely addictive mystery thriller that will have you turning the pages late into the night. The Hunter's Way Craig Raleigh, 2018-10-02 "Craig Raleigh puts hunting into modern perspective, combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was, and still is, among the purest of human endeavors." —Jim Shockey, award-winning writer and host of Jim Shockey's *Hunting Adventures* and *Uncharted* A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter's psyche, role, and influence on our culture. As we began to set foot in the outdoors we didn't expect to learn something beyond where the deer were running or where the ducks were flying. Once we realized what these creatures really wanted, it was the opening of truth for us as hunters. A long-time hunter and fisherman and senior writer at *Wide Open Spaces*, Craig Raleigh has spent most of the last forty-five years of his life trying to find that elusive Holy Grail of hunting, that unimagined outdoor reality where one's training, instinct, and experience converge into extraordinary bliss and accomplishment. He is the first to admit, that this does not entail the capture of a deer or an ever-evasive pheasant. It is the freedom to give back to the outdoors as much as one takes from it. For hunters, a life lived in the outdoors is massively rewarding and offers non-stop pleasures. It comes with the love of camaraderie, choice, and reward, and provides a deep appreciation for the nature world. *The Hunter's Way* is his meditative and philosophical journey into the soul of a hunter. Divided into four parts that mirror the hunting experience—the background, the preparation, the hunt, and the harvest—it addresses the paradox of hunting as conservationism, ruminates on the failures and successes of hunting as sport and as a way of life, and reveals how hunting influences our society. As Raleigh explains, the hunt is so much more than the kill. Most often, the hunter leaves the woods and fields empty-handed. Rather, the beauty of hunting is in the experience itself. As a hunter, you are constantly looking for clues. Yet in nature, signs are changeable, confusing, and never the same the second time. A captivating synthesis of *On Trails*,

Norwegian Wood, and Shop Class as Soulcraft, The Hunter's Way is a literary reflection and love letter to the value of hunting as both sport and way of life.
