The Jungle Upton Sinclair, 2010-08-19 A searing novel of social realism, Upton Sinclair's The Jungle follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the

killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

The Jungle Book Rudyard Kipling, 1894 Stories of animals in British India including several with Mowgli, the boy raised in the jungle by them. Interspersed with poems.

The Jungle Upton Sinclair, 2022-12-29 The Jungle follows the life of Jurgis Rudkus, a Lithuanian who immigrates to Chicago with his family in hopes of a better life for them. But they struggle to make enough money to even survive, and find America an alien and hostile place quite unlike their expectations. As tragedy after tragedy befalls the family, they can only watch as their dreams - and their lives - come crumbling down around them. Sinclair intended The Jungle to highlight the grim reality of life as an immigrant in America, but the general public were more affected by his realistic depiction of the meatpacking industry in Chicago, leading to rapid reform - the Meat Inspection Act and the Pure Food and Drug Act were passed shortly after, strictly regulating standards within the business. Upton Sinclair was an

American journalist, novelist and politician. His novels often focused on real, pressing issues with society – for example, *The Jungle* exposed substandard conditions in the meat industry and *The Brass Check* exposed the issue of large-scale yellow journalism in America. His books were written during the Progressive Era of America, a time of political upheaval and major sociopolitical reform, addressing problems caused by industrialization and urbanization.

The Birth of a Jungle Michael Lundblad, 2013-01-10 According to the law of the jungle, the behavior of wild animals can be equated with natural human instincts not only for competition and reproduction, but also for violence and exploitation. Drawing on numerous novels and cultural events at the turn of the twentieth century, *The Birth of a Jungle* examines how the characteristics and imagery of wild animals were evoked to explore a wide range of human behaviors, including homosexuality, labor exploitation, and the lynching of African Americans. Throughout the study, Michael Lundblad emphasizes what he terms the discourse of the jungle: Darwinist-Freudian constructions of the human and the animal that redefined various behaviors in relation to animal instincts. With nuanced, attentive readings, Lundblad reveals how these formulations of the human animal, despite reigning critical interpretations, were often contested rather than reinforced in Progressive-Era texts. Henry James's *The Beast in the Jungle* and fiction by Jack London serve as opportunities to examine changing attitudes toward sexuality and queer desire. Works like Andrew Carnegie's *The Gospel of Wealth* and Frank Norris's *The Octopus* offer insights into another type of jungle: the capitalist marketplace. The real-life electrocution of a circus elephant at Coney Island and Upton Sinclair's muckraking classic, *The Jungle*, inform the

subsequent discussion of animalized class warfare. Understandings of race and evolution are explored through the work of William James, Edgar Rice Burrough's Tarzan of the Apes, and the role of William Jennings Bryan at the Scopes Monkey Trial of 1925. Engagingly written and cogently argued, *The Birth of a Jungle* reveals the significance of animality in relation to the history of sexuality, literary naturalism, and critical race studies, while highlighting how the discourse of the jungle remains a disturbing yet powerful presence in today's culture.

The Jungle Book (EasyRead Super Large 24pt Edition) ,

The Jungle Upton Sinclair, 2005-02-03 Upton Sinclair's novel *The Jungle*, which inspired passage in 1906 of the Pure Food and Drug Act and the Meat Inspection Act, stands as a classic of twentieth-century American literature and social protest. In this accessible and thorough edition by Christopher Phelps, a critical introduction addresses the wide range of issues raised by the text, including early twentieth-century working conditions, immigrant community, race and gender, political reform, and the continuing relevance of Sinclair's investigation. This edition uses the most widely recognized text of *The Jungle* – the Doubleday, Page edition published in 1906 – and provides an illuminating supporting document: President Theodore Roosevelt's delivery to Congress of the official report that confirmed *The Jungle*'s shocking allegations about the Chicago meatpacking industry. Questions for consideration, a chronology, and a selected bibliography help contextualize Sinclair's novel and provide students with resources for further study.

The Jungle ,2018 Out of the morning mist a vast ocean of leaves appears. What lies beneath--the varied and teeming life of animals and plants--is vividly portrayed through the cycle of day and night in the jungle world. Considered Helen Borten's masterpiece, *The Jungle* was inspired by a trip to Guatemala in 1967, when few others were going there--let alone a woman--to seek out images and stories to share with children back in the US.

The Second Jungle Book Rudyard Kipling,1897 Presents the further adventures of Mowgli, a boy reared by a pack of wolves, and the wild animals of the jungle. Also includes other short stories set in India.

Walking Through the Jungle Stella Blackstone,2006 Walking through the jungle, Walking through the jungle, What do you see? br What do you see?

The Jungle Upton Sinclair,2003-07-29 In this powerful book we enter the world of Jurgis Rudkus, a young Lithuanian immigrant who arrives in America fired with dreams of wealth, freedom, and opportunity. And we discover, with him, the astonishing truth about packingtown, the busy, flourishing, filthy Chicago stockyards, where new world visions perish in a jungle of human suffering. Upton Sinclair, master of the muckraking novel, here explores the workingman's lot at the turn of the century: the backbreaking labor, the injustices of wage-slavery, the bewildering chaos of urban life. *The Jungle*, a story so shocking that it launched a government investigation, recreates this startling chapter of our history in unflinching detail. Always a vigorous champion on political reform, Sinclair is also a gripping

storyteller, and his 1906 novel stands as one of the most important -- and moving -- works in the literature of social change.
