The Book of Ebenezer le Page G.B. Edwards, 2012-03-07 Ebenezer Le Page, cantankerous, opinionated, and charming, is one of the most compelling literary creations of the late twentieth century. Eighty years old, Ebenezer has lived his whole life on the Channel Island of Guernsey, a stony speck of a place caught between the coasts of England and France yet a world apart from either. Ebenezer himself is fiercely independent, but as he reaches the end of his life he is determined to tell his own story and the stories of those he has known. He writes of family secrets and feuds, unforgettable friendships and friendships betrayed, love glimpsed and lost. The Book of Ebenezer Le Page is a beautifully detailed chronicle of a life, but it is equally an oblique reckoning with the traumas of the twentieth century, as Ebenezer recalls both the men lost to the Great War and the German Occupation of Guernsey during World War II, and looks with despair at the encroachments of commerce and tourism on his beloved island. G. B. Edwards labored in obscurity all his life and completed *The Book of Ebenezer Le Page* shortly before his death. Published posthumously, the book is a triumph of the storyteller's art that conjures up the extraordinary voice of a living man.

Les ailes du Sahel Le Zwarts, Rob G. Bijlsma, Jan van der Kamp, Eddy Wymenga, 2012-01-01 'Living on the Edge' examines the function of the Sahel region of Africa as an important wintering area for long-distance migrant birds. It describes the challenges the birds have to cope with – climate change, of course, and rapid man-made habitat changes related to

deforestation, irrigation and reclamation of wetlands. How have all these changes affected the birds, and have birds adapted to these changes? Can we explain the changing numbers of breeding birds in Europe by changes in the Sahel, or vice versa?

La Papauté et les croisades / The Papacy and the Crusades Michel

Balard, 2016-04-22 This volume brings together a selection of the papers on the theme of the Papacy and the Crusades, delivered at the 7th Congress of the Society for the Study of the Crusades and the Latin East. After the introduction by Michel Balard, the first papers examine aspects of crusader terminology. The next section deals with events and perceptions in the West, including papers on the crusades against the Albigensians and Frederick II, and on the situation in the Iberian peninsula. There follow studies on relations between crusaders and the local populations in the Byzantine world after 1204 and Frankish Greece, and in Cilician Armenia, while a final pair looks at papal interventions in Poland and Scandinavia.

The English Reports, 1914

The Magic Fish Trung Le Nguyen, 2020-10-13 NAMED ONE OF THE BEST BOOKS OF THE YEAR by New York Public Library • Kirkus Reviews • Booklist • Publishers Weekly In this gorgeous debut graphic novel, fairy tales are the only way one boy can communicate with his Vietnamese immigrant parents. But how will he find the words to tell them that he's gay? A powerful read about family,

identity and the enduring magic of stories. “One of the most astounding graphic novels of the year –Entertainment Weekly Tien and his mother may come from different cultures–she’s an immigrant from Vietnam still struggling with English; he’s been raised in America–but through the fairy tales he checks out from the local library, those differences are erased. But as much as Tien’s mother’s English continues to improve as he reads her tales of love, loss, and travel across distant shores, there’s one conversation that still eludes him–how to come out to her and his father. Is there even a way to explain what he’s going through in Vietnamese? And without a way to reveal his hidden self, how will his parents ever accept him? This beautifully illustrated graphic novel speaks to the complexity of family and how stories can bring us together even when we don’t know the words. “A lyrical masterpiece.” –BuzzFeed
