Life Makeover Dominique Sachse, 2022-04-05 Have you ever been so overwhelmed by responsibilities or other people's needs that you forgot to make time for yourself? They say beauty is only skin-deep, but there is power in embracing your outward beauty as the first step in living with internal boldness, confidence, and renewed joy. An outside-in approach to beauty isn't for other people's perception of you, but for your interpretation of yourself and how much you're willing to explore. Sachse has confirmed the unmistakable link between external appearance and self-confidence, and she wants to show you how to rekindle both. In the pages of this book, Sachse offers a vulnerable look into her own mistakes and imperfections and explains how making over her outward appearance resulted in a happier and healthier version of herself—emotionally, spiritually, and physically. Filled with confidence-boosting wisdom about cultivating rest and lifegiving hobbies, Sachse shows you: how making small changes to your outward appearance can be a pathway to building confidence and making other new transformations in your life practical tips about hair, makeup, and fashion from an expert the benefits of taking bold risks – your life is too valuable to be left on autopilot how to analyze your past and see where you self-sabotaged, and look for traits that served you well and can serve you in the future Sachse knows no amount of makeup can compare to the look of a confident, classy, and kind woman, and that there's nothing like the glow that comes from inner beauty. It's time to

discover—or rediscover—who you really are and live your life to the fullest.

The Makeover in Movies Elizabeth A. Ford,Deborah C. Mitchell,2003-12-31 The plots of many films pivot on the moment when a dowdy girl with bad hair, ill-fitting outdated clothing, and thick glasses is changed into an almost unrecognizable glamour girl. Makeover scenes such as these are examined beginning with 1942's *Now, Voyager*. The study examines whether the film makeover is voluntary or involuntary, whether it is always successful, how much screen time it takes up, where in the narrative structure it falls, and how the scene is actually filmed. Films with a Pygmalion theme, such as *My Fair Lady*, *Vertigo*, and *Shampoo*, are examined in terms of gender relations: whether the man is content with his creation and what sort of woman is the ideal. Some films' publicity capitalizes on a glamorous star's choice to play an unattractive character, as discussed in a chapter examining stars like

Bette Davis, Meryl Streep, and Cameron Diaz. Topics also include folk literature's Cinderella tale, men as the inspiration for makeovers in teen flicks films like *Clueless*, *She's All That*, and *Me, Natalie*, and class repositioning in such movies as *Working Girl*, *Pretty Woman*, and *Grease*. Photographs are presented in a before/after format, showing the change in the madeover character.

Makeover TV Brenda R. Weber, 2009-10-30 In 2004, roughly 25 makeover-themed reality shows aired on U.S. television. By 2009, there were more than 250, from *What Not to Wear* and *The Biggest Loser* to *Dog Whisperer* and *Pimp My Ride*. In *Makeover TV*, Brenda R. Weber argues that whether depicting transformations of bodies, trucks, finances, relationships, kids, or homes, makeover shows posit a self achievable only in the transition from the "Before-body"—the overweight figure, the decrepit jalopy, the cluttered home—to the "After-body," one filled with confidence, coded with celebrity, and imbued with a renewed faith in the powers of meritocracy. The rationales and tactics invoked to achieve the After-body vary widely, from the patriotic to the market-based, and from talk therapy to feminist empowerment. The genre is unified by its contradictions: to uncover your "true self," you must be reinvented; to be empowered, you must surrender to experts; to be special, you must look and act like everyone else. Based on her analysis of more than 2,500 hours of makeover TV, Weber argues that the much-desired After-body speaks to and makes legible broader cultural narratives about selfhood,

citizenship, celebrity, and Americanness. Although makeovers are directed at both male and female viewers, their gendered logic requires that feminized subjects submit to the controlling expertise wielded by authorities. The genre does not tolerate ambiguity. Conventional (middle-class, white, ethnically anonymous, heterosexual) femininity is the goal of makeovers for women. When subjects are male, makeovers often compensate for perceived challenges to masculine independence by offering men narrative options for resistance or control. Foregoing a binary model of power and subjugation, Weber provides an account of makeover television that is as appreciative as it is critical. She reveals the makeover show as a rich and complicated text that expresses cultural desires and fears through narratives of selfhood.
