Menus Jacques Pépin, 2018-09-04 For more than fifty years, Jacques Pépin has chronicled his menus for parties for friends, birthdays, anniversaries, and holidays in handsome hand-illustrated books. On one side, inside a painted border featuring produce, flowers, or birds, he lists the dishes he served. On the opposite side, his guests sign their names and memorialize the occasion. For *Menus*, Jacques selected his favorite illustrations of the last half-century, where hosts can document their own celebratory meals and the wines that accompany them. With an introduction by Pépin, this dinner diary is both a practical register of what dishes were served to which guests and an invaluable archive of memories.

The Actor's Menu Bill Howey, 2005-09 Whether new to the business or a seasoned professional, this handbook provides actors with a personal, active approach to discovering and developing their talent. Beginning with appetizers and ending with desserts, actors learn how to prepare a character in the same way that a master chef chooses the most complementary dishes for a feast. From typecasting to reinventing a character's story, actors discover the key ingredients that will enable them to use their own unique qualities and emotions to develop strong, believable characters that people are interested in watching. How to identify and resolve problems such as hidden agendas that can disable an actor's work; distinguish between perception, feeling, and emotions; and find lasting sources of inspiration are among the issues explored. The importance of imagination, words, and story as well as the difference between intellectual and visceral choices (and the impact of each) are also discussed.

We’ve all ordered from a restaurant menu. But have you ever wondered to what extent the menu is ordering you? In *May We Suggest*, art historian and gastronome Alison Pearlman focuses her discerning eye on the humble menu to reveal a captivating tale of persuasion and profit. Studying restaurant menus through the lenses of art history, experience design and behavioral economics, Pearlman reveals how they are intended to influence our dining experiences and choices. Then she goes on a mission to find out if, when, and how a menu might sway her decisions at more than sixty restaurants across the greater Los Angeles area. What emerges is a captivating, thought-provoking study of one of the most often read but rarely analyzed narrative works around.

What's on the Menu? Bobbye S. Goldstein, 1995-10-30 A collection of poems about the tasty world of food, from lumpy bumpy pickles to chunky chocolate cake.

Menus for Chez Panisse Patricia Curtan, 2011-08-10 Chez Panisse, a small restaurant in Berkeley, California, opened its doors in the summer of 1971. For forty years, the restaurant and its founder, legendary chef Alice Waters, has had a profound influence on food, farming, cooking, and dining around the world. In the beginning, Waters saw the beauty and aesthetic of fine printing as a way to communicate at the outset of the diners' experience the care and attention given to the preparation of their dinner. Berkeley-based artist Patricia Curtan began hand printing menus for the restaurant during its early years, while employed as a cook in the Chez Panisse kitchen. Curtan's menus, works of art in their own right, capture the unique spirit of the famous restaurant with letterpress and linoleum-block prints on beautiful paper. In *Menus for Chez Panisse*, Curtan presents four decades of menus including dinners for special guests such as Julia Child, Hillary Clinton, Mikhail Baryshnikov, and James Beard with notes about the menus, the artwork, the occasions, and, of course, the food.

Freedom on the Menu Carole Boston Weatherford, 2007-12-27 There were signs all throughout town telling eight-year-old Connie where she could and could not go. But when Connie sees four young men take a stand for equal rights at a Woolworth’s lunch counter in Greensboro, North Carolina, she realizes that things may soon change. This event sparks a movement throughout her town and region. And while Connie is too young to march or give a speech, she helps her brother and sister make signs for the cause. Changes are coming to Connie’s town, but Connie just wants to sit at the lunch counter and eat a banana split like everyone else.

On the Menu Nicholas Lander, 2016-11-03 In the must-anticipated companion volume to his first book, *The Art of the Restaurateur*, restaurant critic Nicholas Lander rejoices in the history, design and evolution of the world’s favourite piece of paper: the menu. *On the Menu* is a stunning collection of menus, from those at the cutting edge of contemporary culinary innovation, like El Bulli and Noma, to those that are relics from another time: a 1970s menu from L’Escargot at a time when all main courses cost less than one pound; the last menu from The French House Dining Room before Fergus Henderson departed for St John; a Christmas feast of zoo animals served during the

Siege of Paris in 1870; and three of the world's original restaurant menus—now hanging proudly in London's Le Gavroche. Throughout, Lander examines the principles of menu design and layout; the different rules that govern separate menus for breakfast, afternoon tea and dessert; the evolution of wine and cocktail lists; and how menus can act as records of the past. He takes us behind the scenes at Babbo, Mario Batali's famous New York restaurant, as the staff are briefed on the evening's menu, and he reveals insights from interviews with Michael Anthony, Heston Blumenthal, Massimo Bottura, René Redzepi, Ruth Rogers and many more of the most renowned, contemporary chefs of our time, who explain how they decide what to serve and what inspires them to create and design their menus. These are truly pages to drool over.

The Language of Food Dan Jurafsky, 2014-09-16 2015 James Beard Award Nominee: Writing and Literature category Stanford University linguist and MacArthur Fellow Dan Jurafsky dives into the hidden history of food. Why do we eat toast for breakfast, and then toast to good health at dinner? What does the turkey we eat on Thanksgiving have to do with the country on the eastern Mediterranean? Can you figure out how much your dinner will cost by counting the words on the menu? In *The Language of Food*, Stanford University professor and MacArthur Fellow Dan Jurafsky peels away the mysteries from the foods we think we know. Thirteen chapters evoke the joy and discovery of reading a menu dotted with the sharp-eyed annotations of a linguist. Jurafsky points out the subtle meanings hidden in filler words like rich and crispy, zeroes in on the metaphors and storytelling tropes we rely on in restaurant reviews, and charts a microuniverse of marketing language on the back of a bag of potato chips. The fascinating journey through *The Language of Food* uncovers a global atlas of culinary influences. With Jurafsky's insight, words like ketchup, macaron, and even salad become living fossils that contain the patterns of early global exploration that predate our modern fusion-filled world. From ancient recipes preserved in Sumerian song lyrics to colonial shipping routes that first connected East and West, Jurafsky paints a vibrant portrait of how our foods developed. A surprising history of culinary exchange—a sharing of ideas and culture as much as ingredients and flavors—lies just beneath the surface of our daily snacks, soups, and suppers. Engaging and informed, Jurafsky's unique study illuminates an extraordinary network of language, history, and food. The menu is yours to enjoy.
