Messenger Lois Lowry,2004-04-26 The third book in Lois Lowry's Giver Quartet, which began with the bestselling and Newbery Medal-winning The Giver. Trouble is brewing in Village. Once a utopian community that prided itself on welcoming strangers, Village will soon be cut off to all outsiders. Tracing the Literary and Symbolic Significance of the Messenger through History Mohan Gopinath,2023-11-20 This book is a unique study of how the role of 'the messenger' has changed throughout history, starting from ancient times and ending with the person's role today. The chapters include an analysis of the personal characteristics required by a messenger, the dangers they often have to face, especially in troubled times, and how they have the power to change the course of history because of their functions. The book analyses various types of messengers who were, and are still, significant, and ends by looking at how the role will continue to develop and change, taking technological advances into account. The book, in short, is unusual, captivating and will be of interest to an informed general readership and academics of various disciplines. Of particular interest will be the analysis the book provides of the messengers we send into space in search of life, and the potential messengers who will visit our planet in the future.

The Messenger Peter Loftus,2022-07-26 The inside story of an unprecedented feat of science and business. At the start of 2020, Moderna was a biotech unicorn with dim prospects. Yes, there was the promise of its disruptive innovation that could transform medicine by using something called messenger RNA, one of the body's building blocks of life, to combat disease. But its stock was under water. There were reports of a toxic work culture. And despite ten years of work, the company was still years away from delivering its first product. Investors were getting antsy, or worse, skeptical. Then the pandemic hit, and Moderna, at first reluctantly, became a central player in a global drama—a David to Big Pharma's Goliaths—turning its technology toward breaking the global grip of the terrible disease. By year's end, with the virus raging, Moderna delivered one of the world's first Covid-19 vaccines, with a stunningly high rate of protection. The achievement gave the world a way out of a crippling pandemic while validating Moderna's technology, transforming the company into a global industry power. Biotech, and the venture capital community that fuels it, will never be the same. Wall Street Journal reporter Peter Loftus, veteran reporter covering the pharmaceutical and biotech industries and part of a Pulitzer Prize-finalist team, brings the inside story of Moderna, from its humble start at a casual lunch through its heady startup days, into the heart of the pandemic and beyond. With deep access to all of the major players, Loftus weaves a tale of science and business that brings to life Moderna's monumental feat of creating a vaccine that beat back a deadly virus and changed the business of medicine forever. The Messenger spans a decade and is full of heroic efforts by ordinary people, lucky breaks, and life-and-death decisions. It's the story of a revolutionary idea, the evolution of a cutting-edge American industry, and one of the great achievements of this century.

The Messenger Siri Mitchell,2012-03 A Riveting Tale of Faith and Romance by an Acclaimed Novelist Hannah Sunderland felt content in her embrace of the Quaker faith ...until her twin brother ran off and joined the army and ended up captured and in jail. Suddenly Hannah's world turns on end. She longs to bring her brother some measure of comfort in the squalid, frigid prison where he remains. But the Quakers believe they are not to take sides, not to take up arms. Can she sit by and do nothing while he suffers? Jeremiah Jones has an enormous task before him. Responsibility for a spy ring is now his, and he desperately needs access to the men in prison, whom they are seeking to free. A possible solution is to garner a pass for Hannah. But while she is fine to the eye, she holds only disdain for him--and agreeing would mean disobeying those she loves and abandoning a bedrock of her faith. With skill and sensitivity, Mitchell tells a story of two unlikely heroes seeking God's voice, finding the courage to act, and discovering the powerful embrace of love.

The Cloud Messenger Aamer Hussein,2011-10-10 A thing of beauty. . . . You must read it.—Nadeem Aslam A shower of pleasures.—Julia O'Faolain Sophisticated, cosmopolitan and seductive, the novel engages mind and senses alike.—André Naffis-Sahely, The Times Literary Supplement Like his parents, he too spent many hours sending cloud messages to other places, messages of longing for something that he knew existed elsewhere. London, that distant rainy place his father lived in once, is where Mehran finds himself after leaving Karachi in his teens. And it is there that his adult life unfolds: he discovers the joys of poetry, faces the trials of love and work, and spends his dreaming hours sending cloud messages to other places, hoping, one day, to tell his own story. A feeling of not quite belonging anywhere pursues Mehran as he travels to Italy, India, and Pakistan. But the relationships he forms—with wounded, passionate Marvi, volatile Marco, and the enigmatic Riccarda—and his power of recollection finally bring him some sense, however fleeting, of home. Aamer Hussein was born in Karachi in 1955 and moved to London in his teens. He lectures at the University of Southampton and the Institute of English Studies and is a fellow of the Royal Society of Literature. His novella Another Gulmohar Tree was shortlisted for the Commonwealth Writers' Prize Europe and South Asia 2010.
