The first Soviet helicopter to function as both a gunship and an assault transport, it served extensively in Afghanistan, and is now employed by militaries across the world. Written by an expert on the 'Hind', an drawing on manufacturing and military sources, this book presents the Mi-24 in all of its brutal glory, from design and development to deployment and combat. Also included are a number of color plates showing the distinct paint schemes employed by various nations in a range of theaters/theatres and for different armies.

A Certain Chemistry Mil Millington, 2011-10-06 Is this love or just oxytocin? The brilliant second novel by the bestselling author of *Things my Girlfriend and I Have Argued About* Tom Cartwright is a ghost-writer: eking out a living in Edinburgh, he is always ready to assume the persona of a struggling working mother-of-four, or a round-the-world yachtsman, or a 'sensual' aromatherapist - indeed anyone his agent asks him to be, so long as it brings in money. When he is offered the highly lucrative task of ghosting the autobiography of glamorous young soap star Georgina Nye, he and his girlfriend Sara are thrilled: Sara is a big fan of George's and Tom will

finally be able to afford some new carpets for their house. But soon things go awry when Tom finds himself drawn to George by forces outside his control (even though they are inside his own body). Does his relationship with Sara stand a chance in the face of this explosion of chemistry? Is this love or just oxytocin - and is there a difference?

Mil Silver and the Legend of Moroni's Cave Sterling Simkins,2015-02-10 When strangers of questionable character begin prowling the rural town of Redstone, Utah, and its surrounding area, suspicions are raised and rumors begin to fly. To Mil Silver and his pals, this invasion of their sleepy little community can mean only one thing: The legends of Moroni's Cave and the treasure it contains are true—and Mil's band of adventurers must act fast to prevent the bad guys from taking what is rightfully theirs. Set in the summer of 1964, *Mil Silver & the Legend of Moroni's Cave* is a work of historical fiction based on actual legends that are still repeated in parts of Southern Utah today. While the main plot hinges on Mil Silver's quest to unravel the mystery of Moroni's Cave and claim its treasure, the subplot explores the strained relationship between an adopted son and his widowed mother. Unable to cope with the death of his father, Nicholas Rush, age 17, rebels and leaves California in the company of a care-free hippy named Forrest Gold. Together the two travel to Utah to “enjoy the nature” but both have ulterior motives. Determined to achieve their respective objectives, Mil and Nick cross paths in dramatic fashion and their priorities suddenly change. In the end, both young men discover a treasure far more valuable than gold.

Included are discussions of all versions, armament, radio, radar warning and navigational equipment, and defense systems. Tactics and operations are also presented, with special emphasis on the Mi-24's service in Afghanistan from 1979 to 1989. Love and Other Near Death Experiences Mil Millington, 2006 Rob Garland is getting married in two months. Oddly, however, this is the least of his problems. More vexing than the seating arrangements, the choice of wedding stationery - more even than the savagely obscene expense of everything - is the fact that Rob should be dead: and he knows it. Faced with an ultimatum from his girlfriend to either sort himself out, or call the wedding (and the whole relationship) off, he sets about trying to come to terms with how it is that, somehow, he's still inexplicably breathing. After pouring his heart out to the listeners on his late-night radio jazz show, he soon finds himself teamed up with others who really ought not to be alive, but who - for random, meaningless and, frankly, stupid reasons - unaccountably are. And that's when things become yet more worrying: because it turns out that their search to understand why they've each remained oddly alive might very well end up killing them all. Love, death, religious beliefs, existential angst - Love and Other Near-Death Experiences is a jack-knifing comedy about those things which should be no laughing matter.
