The Minnesota Book of Skills Chris Niskanen,2012 Minnesotans are a highly skilled bunch, whether pursuing traditional activities like wild ricing and pickling, or tastefully displaying taxidermy, or selecting the right fishing bait. Skills particularly appropriate to Minnesota-- such as creating seed art or baking a Bundt cake--may be fully on display at the state fair, a prime opportunity to join with neighbors in celebrating our many talents. The Minnesota Book of Skills brings to life the basic know-how that makes us uniquely Minnesotan. Seasonal tips like how to gracefully exit a ski lift mingle with skills your grandparents knew well, such as what to forage for while on a hike. How soon is too soon to bring a child to the Boundary Waters or set her up on hockey skates? The answers are here. Maybe you'll never carve an ice sculpture or build your own coffin--but isn't it comforting to know that one handy book offers just the guidance you'll need?

Minnesota and Its People Joseph Alfred Arner Burnquist,1924

North Country Mary Lethert Wingerd,2010 In 1862, four years after Minnesota was ratified as the thirty-second state in the Union, simmering tensions between indigenous Dakota and white settlers culminated in the violent, six-week-long U.S.-Dakota War. Hundreds of lives were lost on both sides, and the war ended with the execution of thirty-eight Dakotas on December 26, 1862, in Mankato, Minnesota--the largest mass execution in American history. The following April, after suffering a long internment at Fort Snelling, the Dakota and Winnebago peoples were forcefully removed to South Dakota, precipitating the near destruction of the area's native communities while simultaneously laying the foundation for what we know and recognize today as Minnesota. In North Country: The Making of Minnesota, Mary Lethert Wingerd unlocks the complex origins of the state--origins that have often been ignored in favor of legend and a far more benign narrative of immigration, settlement, and cultural exchange. Moving from the earliest years of contact between Europeans and the indigenous peoples of the western Great Lakes region to the era of French and British influence during the fur trade and beyond, Wingerd charts how for two centuries prior to official statehood Native people and Europeans in the region maintained a hesitant, largely cobeneficial relationship. Founded on intermarriage, kinship, and trade between the two parties, this racially hybridized society was a meeting point for cultural and economic exchange until the western expansion of American capitalism and violation of treaties by the U.S. government during the 1850s wore sharply at this tremulous bond, ultimately leading to what Wingerd calls Minnesota's Civil War. A cornerstone text in the chronicle of Minnesota's history, Wingerd's narrative is augmented by more than 170 illustrations chosen and described by Kirsten Delegard in comprehensive captions that depict the fascinating, often haunting representations of the region and its inhabitants over two and a half centuries. North Country is the unflinching account of how the land the Dakota named Mini Sota Makoce became the State of Minnesota and of the people who have called it, at one time or another, home.

A Popular History of Minnesota Norman K. Risjord,2008-10-14 What do Paul Bunyan, Charles Lindbergh, and Jesse Ventura have in common--Minnesota, of course! In A Popular History of Minnesota, historian Norman K. Risjord offers a grand tour of the state's remarkable history, taking readers through the centuries and into the lives of those colorful characters who populate Minnesota's past. This highly readable volume details everything from the glacial formation of the land to the arrival of the Dakota and the Ojibwe people, from Minnesota's contributions to the Northern cause during the Civil War to the key players in reform politics who helped sculpt the identity of the state today. It details the powerful marks left on the state by such luminous figures as Oliver H. Kelley, founder of the national Grange movement, Hubert H. Humphrey, champion of civil rights, and Betty Crocker, aid to homemakers everywhere. Lively sidebars outline noteworthy subjects, from the Kensington runestone to the devastating forest fires of the 1890s and 1910s, from the rise of the Mayo Clinic to the preservation of the Boundary Waters Canoe Area Wilderness. Minnesota Goes to War Dave Kenney, 2005 Brainerd, 1941: The first people began arriving at the depot at about eleven-thirty p.m. The mercury in the thermometer read twenty below zero, and it was still dropping. . . . A few minutes before midnight, the men the crowd had come to see marched into view--eighty-two of them, all dressed in khakis, responding on cue to barked commands. . . . The conductor called all aboard. The band struck up The Star-Spangled Banner. The men fell in and marched into the passenger cars. As the crowd surged forward, the men inside the train raced to the windows. . . . Hands reached out and grabbed each other. Final kisses were stolen. The train pulled away, slowly gathering momentum, and disappeared into the night. For many in Company A, 194th Tank Battalion, the part-time National Guardsmen who had trained at Camp Ripley, that was their last look at Brainerd. Their fate and the lives of the people they left behind comprise only one of the stories in this compelling chronicle of Minnesota's war efforts during World War II. Minnesota Goes to War records the state's role in the most significant event of the twentieth century. By telling the poignant stories of those who stayed behind--in support of the men and women overseas--this book is a tribute to the sacrifices made by ordinary people in extraordinary times. With much original research including photographs, letters, and interviews with veterans and their families, author Dave Kenney chronicles the uniquely Minnesotan response to war, from the starvation study at the University of Minnesota to the human centrifuge project at Mayo; from the Minneapolis and St. Paul rival scrap drives to the use of German POW farmhands in northwestern Minnesota; from those who eagerly supported the war to those who protested our nation's involvement. These stories honor Minnesotans who faced the war with equal amounts of determination and dread, courage and fear in places as far away as the Pacific and Europe and as close as our own hometowns. Minnesota Goes to War is a wonderfully rich, intelligently written, and singularly unique book. -- Joseph A. Amato, author of On Foot: A History of Walking and Rethinking Home: A Case for Writing Local History

Minnesota History Theodore Christian Blegen, Theodore Ludwig Nydahl, 1960 Minnesota History was first published in 1960. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Anyone interested in Minnesota history, whether as a teacher, as a student, or as a general reader, will find this an invaluable guide to reading and study. The book contains an outline of the state's history, questions and suggestions for the student, and lists of reading material for each of the 42 topical sections into which the outline is divided. The outline covers the entire history of the state from the time of the Indians, before the French and British explorations, to the present. The reading references include accounts written from the seventeenth through the twentieth centuries. The aim in preparing the reading lists was to include any article or book bearing upon the Minnesota story which met the qualifications of good historical writing and fair accessibility. Materials of particular interest or importance to the topic under consideration are so designated, and there are liberal annotations to help the reader in his choice of readings. References which are particularly appropriate for young readers are also specially designated. A number of maps are provided for additional guidance. This is a complete revision of a book long out of print, Minnesota History: A Study Outline by Theodore C. Blegen.
