Because You Prayed Judy Mizu,2022-03-31 Because You Prayed is a resource for all of those praying with desperate concern for prodigals. These thirty days of prayer and decrees have been selected from my journey and personal journal. The chosen themes represent the struggles I faced in believing for my family's restoration and how a solid scriptural foundation helped put that faith in action through prayer. I have set the stage for these days of prayer by telling our family's story. As the entries indicate, there were often more challenges than celebrations. However, our story becomes a testimony to add an element of authentic hope. The grand crescendo of the book is a thank you letter from my son. His lived experience, breakthroughs, and years of restored destiny will fan the flame of confident expectation for the readers. Because You Prayed will be a source of encouragement, enabling more individuals and families to also develop their own testimony.

Personal Prison Antinana Mizu,2017-11-13 The novel Personal Prison evokes the life of children with disabilities living in an orphanage in Bucharest. The main character, Dana, suffers from depression and personality disorders. She is quite tough to the other children, which makes them think of her as their superior. She could have anything, and they would give it to her. Tatoasa was her humble servant who begged for her and could bring her the moon and the stars. But sometimes, she would hate Dana for her malice. The novel also dwells on the life of young girls with mental disabilities, without any notion of life, and the nurses, who also struggle amongst them. Due to her behavior, Dana is moved to another orphanage, which was more like a prison, where she was only allowed to go out in the backyard. She is alone and helpless. She wants to die, but she cant do it. In the end, she meets a boy in a wheelchair who just turns her life around. Her love for him changes her from within, and even though they were in a prison, they prove to become free.

“Parallel Life” Antinana Mizu,2015-05-19 The Parallel life novel is a dramatic insight into the life of Laura Cutina, an Olympic champion at the Los Angeles 1984 games. The story takes place in an atrocious communist era, where Ceausescu and his dictatorship have a strong lead on Romania and where sportsmen and women have very little support and are marginalized. Along with her teammates, Laura suffers through everything, from fierce hunger, sometimes leading to fights. The novel is a mix between agony and ecstasy; as both of Lauras parents die of cancer, and her only sister, in a car accident at the fragile age of 9. She then goes on, with profound scars, with only her love of sport keeping her going. Subsequently, as young as 15, she falls in love with the gymnast Cosmin Daniel Licaci who was a year older than her. They actually meet while Laura was just 6, in the gymnastics arena, in Bucharest. After 3 years of profound love, their relationship ends. They meet at a championship in Germany, where their romance is restored. Laura was coached by the great Nadia Comaneci, who she adored. For her, Nadia was unique, special and magnificent. Laura participates at many championships, but severely injures herself many times. At 16, she participates at the American Cup, but is defeated by the American Mary Lou Retton. The novel presents the sufferings of Laura Cutina as a young girl as she loses her sister, and then as an adolescent who needed to be strong in her daily life, her career, and in her love life. She loved her boyfriend a lot, although she would always receive letters from all over the globe. At 18, Laura and her boyfriend, Cosmin Daniel, part ways as a result of a conflict and would later on meet 23 years later. A thrilling story full of suffering, but also hope. Laura and Daniel are now married and currently live in Las Vegas, coaching at an arena. They each have two children from their previous marriage.
