Brown Neon Raquel Gutiérrez,2022-06-07 A meditation on southwestern terrains, intergenerational queer dynamics, and surveilled brown artists that crosses physical and conceptual borders. Part butch memoir, part ekphrastic travel diary, part queer family tree, Raquel Gutiérrez's debut essay collection, *Brown Neon*, gleams insight from the sediment of land and relationships. For Gutiérrez, terrain is essential to understanding that no story, no matter how personal, is separate from the space where it unfolds. Whether contemplating the value of adobe as both vernacular architecture and commodified art object, highlighting the feminist wounding and transphobic apparitions haunting the multigenerational lesbian social fabric, or recalling a failed romance, Gutiérrez traverses complex questions of gender, class, identity, and citizenship with curiosity and nuance.

New York Neon Thomas E Rinaldi,2012-11-27 A brilliant visual tour and history of that iconic element of the cityscape: the neon sign. Treating New York City as an open-air museum, Thomas E. Rinaldi captures the brilliant glow of surviving early- and mid-twentieth-century neon signs, those iconic elements of the cityscape now in danger of disappearing. This visual tour features two hundred signs, identified by location, with information on their manufacture, date of creation, and the businesses that commissioned them. In a generously illustrated introduction, drawing on documents including rare period trade publications, Rinaldi recounts the development of signage and the technological evolution of neon and examines its role in the streets of New York, in America's cultural identity, and in our collective consciousness. New Yorkers and visitors to the city, neon-sign enthusiasts, and those interested in signs and historic advertising generally, as well as design professionals, serious historians, and casual students of the city, will want this colorful book, which comes at a critical moment when the disappearance of the original signs has inspired a growing interest in neon.

Flickering Light Christoph Ribbat,2013-07-15 Without neon, Las Vegas might still be a sleepy desert town in Nevada and Times Square merely another busy intersection in New York City. Transformed by the installation of these brightly colored signs, these destinations are now world-famous, representing the vibrant heart of popular culture. But for some, neon lighting represents the worst of commercialism. Energized by the conflicting love and hatred people have for neon, *Flickering Light* explores its technological and intellectual history, from the discovery of the noble gas in late nineteenth-century London to its fading popularity today. Christoph Ribbat follows writers, artists, and musicians—from cultural critic Theodor Adorno, British rock band the Verve, and artist Tracey Emin to Vladimir Nabokov, Langston Hughes, and American country singers—through the neon cities in Europe, America, and Asia, demonstrating how they turned these blinking lights and letters into metaphors of the modern era. He examines how gifted craftsmen carefully sculpted neon advertisements, introducing elegance to modern metropolises during neon's heyday between the wars followed by its subsequent popularity in Las Vegas during the 1950s and '60s. Ribbat ends with a melancholy discussion of neon's decline, describing how these glowing signs and installations came to be seen as dated and characteristic of run-down neighborhoods. From elaborate neon lighting displays to neglected diner signs with unlit letters, *Flickering Light* tells the engrossing story of how a glowing tube of gas took over the world—and faded almost as quickly as it arrived.

Vintage Neon Len Davidson,1999 Neon signs turned North America's roadside into a luminous wonderland in the mid-20th century. These unforgettable depictions of exploding bowling pins, crashing cars, baton twirling majorettes, and lassoing cowboys were the fodder for legend and lore. Neon designer Len Davidson has captured their magic with over 350 photos of superb vintage signs. In the text, voices of neon sign makers, shopkeepers, photographers, and preservationists record their legends in words, while a definitive photo archive gives architects and sign artisans an invaluable resource. This volume is a treasure for all who have been captured by the spell of vintage neon.

The Neon Bible John Kennedy Toole,2007-12-01 “A moving evocation of the small-town South in the mid-twentieth century” that “belongs on the shelf with the works of Flannery O'Connor, Carson McCullers, and Eudora Welty” (Orlando Sentinel). John Kennedy Toole—who won a posthumous Pulitzer Prize for his best-selling comic masterpiece *A Confederacy of Dunces*—wrote *The Neon Bible* for a literary contest at the age of sixteen. The manuscript languished in a drawer and became the subject of a legal battle among Toole's heirs. It was only in 1989, thirty-five years after it was written and twenty years after Toole's suicide at thirty-one, that this amazingly accomplished and evocative novel was freed for publication. “Heartfelt emotion, communicated in clean direct prose . . . a remarkable achievement.” —Michiko Kakutani, *The New York Times* “John Kennedy Toole's tender, nostalgic side is as brilliantly effective as his corrosive satire. If you liked *To Kill A Mockingbird* you will love *The Neon Bible*.” —Florence King “Shockingly mature. . . . Even at sixteen, Toole knew that the way to write about complex emotions is to express them simply.” —Kerry Luft, *Chicago Tribune*

Neon Nevada Sheila Swan,Peter Laufer,2024-05-07 Nevada's iconic art form comes to life. Sheila Swan and Peter Laufer take readers on a journey, not only along the Las Vegas Strip, but down quiet, two-lane rural roads punctuated by neon signs—those glistening beacons that represent commerce in the vast Great Basin. The photographers' stunning work captures the argon violets, krypton purples, helium golds, and xenon blues that glow amid the nighttime desert sky. Readers will discover that neon is not just a medium for casino advertising. The colorful images of cowboys and cowgirls, animals, desert landscapes, and a myriad of other creative designs all illuminate Americana. The neon sign helps define Nevada and its businesses, from bars and casinos to the stores, restaurants, motels, and theaters that line the streets of the Silver State's cities and towns, and those rural areas that are barely a blip on the map. With a compelling blend of striking full-color photographs and fascinating historical commentary, this book celebrates an art form that wholly embraces the state's unique personality. First published in 1994, this newly updated and expanded edition of *Neon Nevada* explores the resurgence of this art form during the last decade, which has resulted in an appreciation of Nevada neon that

will never fade. This survey of neon casts the new edition as a defining source for neon scholars and attracts neon aficionados to what can only be defined as a medium as distinctive and interesting as Nevada itself.

Beneath the Neon Matthew O'Brien,2007-03-07 Beneath the Neon: Life and Death in the Tunnels of Las Vegas chronicles O'Brien's adventures in subterranean Las Vegas. He follows the footsteps of a psycho killer. He braces against a raging flood. He parties with naked crackheads. He learns how to make meth, that art is most beautiful where it's least expected, that in many ways, he prefers underground Las Vegas to aboveground Las Vegas, and that there are no pots of gold under the neon rainbow.

Neon Pilgrim Lisa Dempster,2017-08-01 During a culture-shocked exchange year in Japan, fifteen-year-old Lisa Dempster's imagination is ignited by the story of the henro michi, an arduous 1200 kilometre Buddhist pilgrimage through the mountains of Japan. Perfectly suiting the romantic view of herself as a dusty, travel-worn explorer (well, one day), she promises to return to Japan and walk the henro michi, one way or another, as soon as humanely possible. Fast-forward thirteen years, and Lisa's life is vastly different to what she pictured it would be. Severely depressed, socially withdrawn, overweight, on the dole and living with her mum, she is 28 and miserable. And then, completely by chance, the henro michi comes back into her life, through a book at her local library. It's a sign. She decides then and there to go back to Japan almost immediately: to walk the henro michi, and walk herself back to health. Brushing aside the barriers that other people might find daunting – the 1200km of mountainous terrain, the sweltering Japanese summer, the fact she has no money and has never done a multi-day hike before – Lisa is determined to walk the pilgrimage, or die trying.

Neon Future Tom Bilyeu,Jim Krueger,Steve Aoki,Matt Colon,Samantha Levenshus,Dana Brawer,2019-10-02 Thirty years from now the US is in the grips of an economic crisis. A cold war brews between the Augmented, who have integrated technology into their bodies, and the Authentic, who have not. This tension erupts into violence when the world's most famous anti-tech crusader, Clay Campbell, dies under suspicious circumstances and is resurrected with illegal neural technology. Rejected by his family, hunted by the government, and unable to control his terrifying new powers, Clay must seek help from the man he hates most - Kita Sovee - the mysterious leader of the hi-tech resistance movement known as Neon Future.

Neon Edward Willett,2007-01-15 Neon gets its name from the Greek word neos, meaning "new." Neon is a noble gas, it is colorless, odorless, and tasteless, and glows reddish-orange in a vacuum tube. Readers will learn about the three naturally occurring neon isotopes, and about neon's place among the other noble gases in the periodic table of elements. The text also describes how neon lights are made essentially the same way today as they were in the early twentieth century, the workings of a neon laser, and how an atom emits light.

Somewhere Over the Rainbow Neon Park,2000 Native of the San Francisco Bay Area, Neon Park became indelibly associated with major musicians such as Little Feet, David Bowie, Dr John and the Beach Boys, for whom he painted an array of astonishing surrealist visual puns for album covers. Edited by Billy Shire and Janice S. Gore.

Neon Noir Woody Haut,1999 Neon Noir, the follow-up to Woody Haut's highly regarded Pulp Culture, brings the story of American crime fiction and film uptodate. From the Kennedy assassination to the Vietnam War and Watergate, through Reaganomics to Irangate and Whitewater, Neon Noir is a roller-coaster ride through the American nightmare. Haut investigates the dark side of America through the work of crime writers such as James Ellroy, Elmore Leonard, Walter Mosley, James Lee Burke, Lawrence Sanders, James Sallis, George Pelecanos, Charles Willeford, Jerome Charyn, Sara Paretsky, Vicki Hendricks, KC Constantine, George V Higgins and James Crumley. Mapping the fissures and scars of America's psychogeography, its morally ambiguous shadowlands, Neon Noir also considers the difference between past and present hardboilers, the impact of war and journalism on noirists, the portrayal of cities, the aesthetics of crime fiction, and the changing relationship between the books and the films. Like Pulp Culture, Neon Noir is set to become the reference book on its subject.

Neon in Daylight Hermione Hoby,2018-01-09 A New York Times Book Review Editors' Choice A radiant first novel. . . . Kate, a young woman newly arrived from England, is staying in a Manhattan apartment while she tries to figure out her future. She has two unfortunate responsibilities during her time in America: to make regular Skype calls to her miserable boyfriend back home, and to cat-sit an indifferent feline named Joni Mitchell. The city has other plans for her. In New York's parks and bodegas, its galleries and performance spaces, its bars and clubs crowded with bodies, Kate encounters two strangers who will transform her stay: Bill, a charismatic but embittered writer made famous by the movie version of his only novel; and Inez, his daughter, a recent high school graduate who supplements her Bushwick cafe salary by enacting the fantasies of men she meets on Craigslist. Unmoored from her old life, Kate falls into an infatuation with both of them. Set in a heatwave that feels like it will never break, Neon In Daylight marries deep intelligence with captivating characters to offer us a joyful, unflinching exploration of desire, solitude, and the thin line between life and art.

Neon Green Margaret Wappler,2016 It's the summer of 1994 in suburban Chicago, and you can enter a sweepstakes for a spaceship from Jupiter to land in your backyard. According to the company facilitating the visits, the spaceship is 100 percent non-toxic. Ernest Allen's family won, but as his panic increases, so do his questions: What are the effects of longterm exposure to the saucer, and why is it really here? His wife Cynthia and their children, Alison and Gabe, are less concerned with the saucer, and more worried about his growing paranoia.

Sparks of Neon Gerrit Striker,2004-08 Tokyo is a city designed long ago as a maze to prevent easy assault on the central castle. Streets curve and loop back unexpectedly. Clear destinations shift and fade off like evaporating mirages. There are social convolutions in the way that the basest criminals can swing into alignment with the highest echelons of society. One naive American navigated the maze that is Tokyo for fifteen years. Some twists brought him unimagined sexual fulfillment. Other turns separated him from longtime friends. There were paths that led him to scenes of living history, others to a mirror world of opposite assumptions. But ultimately his life in Tokyo looped around like the Yamanote circle line and ended where it began. It began in a walk into Kabukicho--Tokyo's red-light district.
