Master of Swords Angela Knight, 2006-10-03 Witch Lark McClure has survived a vicious vampire attack that shook her confidence and left her struggling with feelings of helplessness and fear. The last thing she needs is a partnership with Gawain, a handsome vampire knight who means to seduce her every chance he gets. Gawain believes he needs Lark for one thing and one thing only—and it's not her skill with magic. In the process, he plans to help her overcome her fear and show her the pleasure to be found in a vampire's arms. But even as passion sizzles between Lark and Gawain, a revenge-driven killer targets them. If he has his way, Lark, Gawain, and the world itself will pay the price.

Imperialism and Social Reform Bernard Semmel, 1960

The Journal of a Two Months Tour Charles Beatty, 1768

Malaysia Saw Swee-Hock, K. Kesavapany, 2006 This book documents the trends and challenges that are taking place in various sectors in Malaysia. The chapters, written by specialists with an intimate knowledge of the country, cover many of the major issues concerning Malaysia, a country undergoing significant changes and challenges.

Chinese Business in the Making of a Malay State, 1882-1941 Wu Xiao An, 2003-12-08 This book examines how Chinese family and business networks, focused around activities such as revenue farming, including opium, the rice trade, and pawnbroking, and related legal and labour organization activities, were highly influential in the process of state formation in Malaya. It shows how Chinese family and business networks were flexible and dynamic, and were closely interlocked with economic and social structures, around which government, and states, developed. It considers the crucial role of wealth and power in the process of state formation, and challenges accepted views of Chinese ethnicity and migration.

Secret Trades, Porous Borders Eric Tagliacozzo, 2008-10-01 Over the course of the half century from 1865 to 1915, the British and Dutch delineated colonial spheres, in the process creating new frontiers. This book analyzes the development of these frontiers in Insular Southeast Asia as well as the accompanying smuggling activities of the opium traders, currency runners, and human traffickers who pierced such newly drawn borders with growing success. The book presents a history of the evolution of this 3000-km frontier, and then inquires into the smuggling of contraband: who smuggled and why, what routes were favored, and how effectively the British and Dutch were able to enforce their economic, moral, and political will. Examining the history of states and smugglers playing off one another within a hidden but powerful economy of forbidden cargoes, the book also offers new insights into the modern political economies of Southeast Asia.

An Indian Rural Economy, 1880-1955 Christopher John Baker,1984

Chinese and Indian Business Medha Malik Kudaisya,Chin-keong Ng,2009-03-16 This is the first comparative study of business as an important agent of change in the economies of India and China.

History and Cultural Theory Simon Gunn,2014-05-22 In recent times there has been recognition of the growing influence of cultural theory on historical writing. Foucault, Bourdieu, Butler and Spivak are just some of the thinkers whose ideas have been taken up and deployed by historians. What are these ideas and where do they come from? How have cultural theorists thought about 'history'? And how have historians applied theoretical insights to enhance their own understanding of events in the past? This book provides a wide-ranging and authoritative guide to the often vexed and controversial relationship between history and contemporary theory. It analyses the concepts that concern both theorists and historians, such as power, identity, modernity and postcolonialism, and offers a critical evaluation of them from an historical standpoint. Written in an accessible manner, History and Cultural Theory gives historians and students an invaluable summary of the impact of cultural theory on historiography over the last twenty years, and indicates the likely directions of the subject in the future.

Indian Communities in Southeast Asia (First Reprint 2006) K S Sandhu,A Mani,2006 In Indian Communities in Southeast Asia thirty-one scholars provide an analytical commentary on the contemporary position of ethnic Indians in Southeast Asia. The book is the outcome of a ten-year project undertaken by the editors at the Institute of Southeast Asian Studies, Singapore. It is multi-disciplinary in focus and multi-faceted in approach, providing a comprehensive account of the way people originating from the Indian subcontinent have integrated themselves in the various Southeast Asian countries. The study provides insights into understanding how Indians, an intra-ethnically diverse immigrant group, have intermingled in Southeast Asia, a region that itself is ethnically diverse.

Opium, Empire and the Global Political Economy Carl Trocki,2012-11-12 Drug epidemics are clearly not just a peculiar feature of modern life; the opium trade in the nineteenth century tells us a great deal about Asian heroin traffic today. In an age when we are increasingly aware of large scale drug use, this book takes a long look at the history of our relationship with mind-altering substances. Engagingly written, with lay readers as much as specialists in mind, this book will be fascinating reading for historians, social scientists, as well as those involved in Asian studies, or economic history.
