

Pakistan

Marvin G. Weinbaum

No Exit from Pakistan Daniel S. Markey, 2013-10-07 This book tells the story of the tragic and often tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened U.S. security and international peace, and Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of U.S.-Pakistan relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape U.S.-Pakistan relations. It concludes with three options for future U.S. strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation. The book explains how Washington can prepare for the worst, aim for the best, and avoid past mistakes.

Human Rights in Pakistan M. G. Chitkara, 1997

Pakistan Under Siege Madiha Afzal, 2018-01-02 Over the last fifteen years, Pakistan has come to be defined exclusively in terms of its struggle with terror. But are ordinary Pakistanis extremists? And what explains how Pakistanis think? Much of the current work on extremism in Pakistan tends to study extremist trends in the country from a detached position—a top-down security perspective, that renders a one-dimensional picture of what is at its heart a complex, richly textured country of 200 million people. In this book, using rigorous analysis of survey data, in-depth interviews in schools and universities in Pakistan, historical narrative reporting, and her own intuitive understanding of the country, Madiha Afzal gives the full picture of Pakistan's relationship with extremism. The author lays out Pakistanis' own views on terrorist groups, on jihad, on religious minorities and non-Muslims, on America, and on their place in the world. The views are not radical at first glance, but are riddled with conspiracy theories. Afzal explains how the two pillars that define the Pakistani state—Islam and a paranoia about India—have led to a regressive form of Islamization in Pakistan's narratives, laws, and curricula. These, in turn, have shaped its citizens' attitudes. Afzal traces this outlook to Pakistan's unique and tortured birth. She examines the rhetoric and the strategic actions of three actors in Pakistani politics—the military, the civilian governments, and the Islamist parties—and their relationships with militant groups. She shows how regressive Pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence. The author also explains that the educational regime

has become a vital element in shaping citizens' thinking. How many years one attends school, whether the school is public, private, or a madrassa, and what curricula is followed all affect Pakistanis' attitudes about terrorism and the rest of the world. In the end, Afzal suggests how this beleaguered nation—one with seemingly insurmountable problems in governance and education—can change course.

India and Pakistan Selig S. Harrison, Paul H. Kreisberg, Dennis Kux, 1999 Leading specialists on South Asia assess the progress and problems of India and Pakistan, their foreign and defense policies, and their relations with the United States.

Pakistan Imran Khan, 2012 'Pakistan' tells the fascinating history of the country as seen through the eyes of one of its most famous sons, Imran Khan.

Purifying the Land of the Pure Farahnaz Ispahani, 2015-12-10 Pakistan was carved out in 1947 to protect the subcontinent's largest religious minority. But soon after Independence, political, religious and social leaders proclaimed it an Islamic State. *Purifying the Land of the Pure* is an analysis of the country's policies towards its religious minority populations, as well as an attempt to set the record straight about why Pakistan was created and where it moved away from Jinnah's modern pluralist vision to that of a purely Sunni Islamic nation. Farahnaz Ispahani brings to the subject an uncommon combination: the rigour of a scholar and the ground-level experience of a parliamentarian. A crucial addition to the literature on Pakistan.

Welcome to Pakistan Karen Kwek, Jameel Haque, 2003 Punjabis, Pashtuns, and muhajirs, Sunnis, Shi'ites, and Sikhs -- Pakistan is a country of great cultural diversity with a historic devotion to Islam. Join this voyage of discovery and take a closer look at the lives of the Pakistani people and the land of K2, camel racing, calligraphy, and the Koran. Book jacket.

Pakistan: a Hard Country Anatol Lieven, 2012-02-28 Lieven's eye for detail, command of subcontinental history, and old-fashioned shoe-leather reporting make this...an excellent primer on Pakistan.--Wall Street Journal

Pakistan, Islamisation, Army and Foreign Policy Bidanda M. Chengappa, 2004 Relates To Islamization Starting From Zia In Pakistan, Its Effect On The Army, Pakistan's Foreign Policy In Relation To Kashmir And Nepal. Has 4 Appendices Concerning Mushraf's Interviews With Asian Age, The Guardian, His Press Conference, Associate Press Of Pakistan News Summary.

Contemporary Pakistan Veena Kukreja, 2003-02-24 Veena Kukreja provides a rare reasoned analysis of the political processes at work in contemporary Pakistan and an objective understanding of

the problems and crises confronting the country. The author points out that for 25 out of the 53 years of its existence, the military has been the arbiter of Pakistan's destiny. The military, she maintains, regards its dominance of Pakistani politics not only as a right but as a duty. As a result, state security has taken precedence over the need to create participatory political processes and institutions. The book points out that the terrorist attacks of 11 September 2001 and the resulting US offensive in Afghanistan, has put the military regime in Islamabad in a tight spot. Caught between unyielding ulemas, a faltering economy, and American pressure to demolish militant networks in Pakistan, these recent developments combined with the dangerous cleavage within Pakistani society—could well push that country into another bout of instability and even anarchy. The situation is made more complex by the nexus between terrorism and drugs .

No Exit from Pakistan Daniel S. Markey, 2013-10-07 This book tells the story of the tragic and often tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened US security and international peace, and Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of US-Pakistan relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape US-Pakistan relations. It concludes with three options for future US strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation.

Pakistan and Afghanistan Marvin G. Weinbaum, 1994

Islam, Politics, and the State Mohammad Asghar Khan, 1985

Magnificent Delusions Husain Haqqani, 2013-11-05 The relationship between America and Pakistan is based on mutual incomprehension and always has been. Pakistan—to American eyes—has gone from being a quirky irrelevance, to a stabilizing friend, to an essential military ally, to a seedbed of terror. America—to Pakistani eyes—has been a guarantee of security, a coldly distant scold, an enthusiastic military enabler, and is now a threat to national security and a source of humiliation. The countries are not merely at odds. Each believes it can play the other—with sometimes absurd, sometimes tragic, results. The conventional narrative about the war in Afghanistan, for instance, has revolved around the Soviet invasion in 1979. But President Jimmy Carter signed the first authorization

to help the Pakistani-backed mujahedeen covertly on July 3—almost six months before the Soviets invaded. Americans were told, and like to believe, that what followed was Charlie Wilson's war of Afghani liberation, with which they remain embroiled to this day. It was not. It was General Zia-ul-Haq's vicious regional power play. Husain Haqqani has a unique insight into Pakistan, his homeland, and America, where he was ambassador and is now a professor at Boston University. His life has mapped the relationship of the two countries and he has found himself often close to the heart of it, sometimes in very confrontational circumstances, and this has allowed him to write the story of a misbegotten diplomatic love affair, here memorably laid bare.

Between the Great Divide Anam Zakaria, 2018-08-07 Seventy years ago, as India and Pakistan gained their independence, the region of Jammu & Kashmir also found itself divided, with parts of the territory administered by Pakistan ever since. Located by the volatile Line of Control and caught in the middle of artillery barrages from both ends, Pakistan-administered Kashmir was until over a decade ago one of the most closed-off territories of the world. In a first book of its kind, award-winning Pakistani writer Anam Zakaria travels through Pakistan-administered Kashmir to hear its people - their sufferings, hopes and aspirations. She talks to women and children living near the Line of Control, bearing the brunt of ceasefire violations; journalists and writers braving all odds to document events in remote areas; political and military representatives championing the cause of Kashmir; former militants still committed to the cause; nationalists struggling for a united independent Kashmir; and refugees yearning to reunite with their families on the other side. In the process, Zakaria breaks the silence surrounding a people who are often ignored in discussions on the present and future of Jammu & Kashmir even though they are important stakeholders in what happens in the region. What she unearths during her deeply empathetic journeys is critical to understanding the Kashmir conflict and will surprise and enlighten Indians and Pakistanis alike.

Pakistan's Nuclear Weapons Bhumitra Chakma, 2009 Pakistan is a vitally important country in the contemporary global political system. This book provides a comprehensive study of a nuclear-armed Pakistan, investigating the implications of its emergence as a nuclear weapons state.

Pakistan Affairs , 1952

Nation, Territory, and Globalization in Pakistan Chad Haines, 2013-03-01 The Karakoram Highway was constructed by the Pakistani state in the 1970s as a major development project that furthered the national interest and solidified state control over the disputed region of northern Pakistan. Focusing on this highway, this book provides a unique analysis of the links between space, travel and history in the

formation of the Pakistani nation-state. The book discusses how the highway was a symbol for an imagined national identity, and goes on to look at how it offered Pakistan a pre-Partition history and a fixed territory, by providing a historical link to the Silk Route and a contemporary geographical linkage to Central Asia. Examining the influence of the diverse travellers along the Karakoram Highway, the book shows how global flows of development, trade, labour, and tourism have remapped the Pakistani nation-state and reshaped the local. Providing a fresh perspective on the nation-state of Pakistan, this book is an important contribution to studies on South Asian History, Anthropology, Politics and Geography.

Pakistan Husain Haqqani, 2005 This book analyzes the origins of the relationships between Islamist groups and Pakistan's military, and explores Pakistan's quest for identity and security. Tracing how the Pakistani military has sought U.S. support by making itself useful for concerns of the moment, author Husain Haqqani offers an alternative view of political developments in Pakistan since the country's independence in 1947--Provided by publisher.

The China Pakistan Axis Andrew Small, 2015-11-25 China and Pakistan, India's two most powerful neighbours, share an 'all-weather' relationship that is as reputed for its depth as it is layered in secrecy. Based on years of research and interviews, Andrew Small has put together the story of China and Pakistan's growing, and in parts troubled, friendship. The China-Pakistan Axis is essential to understanding the economic, political and security map of Asia, especially India's neighbourhood. It explains Beijing's extraordinary support to Pakistan's nuclear programme and defence planning, their strategic cooperation on India, the United States and Afghanistan, and the implications for counter-terrorism efforts. A special chapter for this Indian edition brings the book up to date on China's involvement in the Taliban talks.

Whispering the Secrets of Language: An Psychological Quest through Pakistan

In a digitally-driven world wherever displays reign supreme and quick conversation drowns out the subtleties of language, the profound techniques and mental nuances hidden within phrases often get unheard. Yet, nestled within the pages of **Pakistan** a fascinating literary value pulsing with organic feelings, lies a fantastic quest waiting to be undertaken. Composed by a talented wordsmith, that marvelous opus encourages readers on an introspective journey, lightly unraveling the veiled truths and profound impact resonating within the cloth of each word. Within the emotional depths with this

moving review, we can embark upon a genuine exploration of the book's key themes, dissect their interesting writing design, and fail to the strong resonance it evokes strong within the recesses of readers' hearts.
