Debbie Hodge

Get It Scrapped! Debbie Hodge, 2008-04-23 Ready, Set, Scrap! If you have stacks upon stacks of photos just waiting to be put to good use, turn to the amazing ideas in *Get It Scrapped!* to fire up your creative engines! Whether your photos are digital files or prints, everything you need to know for organizing your images, analyzing what you have and making a plan for the layouts you'd like to create is right here at your fingertips. Author and artist Debbie Hodge offers her unique methodology for creating several common page types in this must-have resource. Learn how to scrap a variety of page types including events, everyday life, collections, moments, the world around you and yourself. • Discover a wealth of information on basic page formats, album types and sizes, photo storage and organization, creative journaling, photography and more. • See how three featured artists approach the craft and the unique ways they put their own personal spin on the stories they share. • Broaden your skills to design two-page layouts, create focal point blocks, design secondary groupings, tell a story in pictures and much more. It's time to shake the dust off that photo box, lay those snapshots out on the craft table and get scrapping!

Panduan Pintar Internet Bunafit Nugroho, Septi Suhesti, 2014-05-23 Perkembangan Internet saat ini sudah sampai ke tingkat desa, siapa saja sekarang sudah bisa menikmati akses internet dengan biaya yang terjangkau. Warnet (warung internet) saat ini sudah dapat ditemui dengan mudah di tingkat kecamatan, dan siapa pun bisa menggunakannya. Bahkan, dengan hanya menggunakan koneksi HP saja, kita sudah bisa mengakses Internet dari rumah, bahkan dari pelosok pun bisa, karena fasilitas pendukung seperti komputer saat ini sudah dimiliki siapa saja, terutama anak sekolah (SMP, SMU, dan SMK). Dengan perkembangan tersebut, tentunya banyak calon pengguna baru yang masih awam dengan Internet dan mereka harus cepat bisa untuk mengikuti ketertinggalannya. Untuk itu, hadirilah buku ini membantu mereka dalam belajar memahami dan menguasai Internet. Dan juga akan memandu siapa saja yang ingin cepat menguasai Internet, mulai dari belajar browsing, yaitu mengakses situs-situs web yang berisi berita sampai dengan situs hiburan. Lewat buku ini, Anda akan dipandu 7 point penting yang paling populer, yaitu mencari data dan Download, menggunakan Email (Google dan Yahoo!), Chatting (Yahoo! Messenger), Blogging dengan Blogger, bersosial di Facebook, mengakses video di YouTube, dan album foto di Flickr. Semoga buku ini dapat memandu Anda untuk cepat pintar berinternet. Selamat belajar.

Handbook of Photosynthesis Mohammad Pessarakli, 2018-09-03 Since the publication of the previous editions of the *Handbook of Photosynthesis*, many new ideas on photosynthesis have emerged in the past decade that have drawn the attention of experts and researchers on the subject as well as interest from individuals in other disciplines. Updated to include 37 original chapters and making extensive revisions to the chapters that have been retained, 90% of the material in this edition is entirely new. With contributions from over 100 authors from around the globe, this book covers the most recent important research findings. It details all photosynthetic factors and processes under normal and stressful conditions, explores the relationship between photosynthesis and other plant physiological processes, and relates photosynthesis to plant production and crop yields. The third edition also presents an extensive new section on the molecular aspects of photosynthesis, focusing on photosystems, photosynthetic enzymes, and genes. New chapters on photosynthesis in lower and monocellular plants as well as in higher plants are included in this section. The book also addresses growing concerns about excessive levels and high accumulation rates of carbon dioxide due to industrialization. It considers plant species with the most efficient photosynthetic pathways that can help improve the balance of oxygen and carbon dioxide in the atmosphere. Completely overhauled from its bestselling predecessors, the *Handbook of Photosynthesis*, Third Edition provides a nearly entirely new source on the subject that is both comprehensive and timely. It continues to fill the need for an authoritative and exhaustive resource by assembling a global team of experts to provide thorough coverage of the subject while focusing on finding solutions to relevant contemporary issues related to the field.

Breaker Boys Michael Burgan, 2012 Recounts photographer Lewis Hines' fight against child labor in the early 1900s and discusses how his work and the work of others revealed truths about the issue to the public.

The Organized & Inspired Scrapbooker Wendy Smedley, Aby Garvey, 2010 Expert advice, projects, quizzes, inspiring scrapbook spaces.

Style Wise Shannon Burns-Tran, Jenny B. Davis, 2018-02-22 *Style Wise: A Practical Guide to Becoming a Fashion Stylist* is an essential step-by-step guide and reference tool for anyone interested or involved in professional styling. The book paints a realistic picture of the day-to-day activities of professional stylists and provides aspiring stylists with the tools and information needed to begin building a portfolio. Topics covered include photo shoots, film shoots, fashion shows, special events, and other areas such as image management and food, prop, and set styling. Burns-Tran includes charts of fashion icons, history, terms, and other sources of inspiration from classic films to street culture. The book also provides references to helpful apps, websites, and other resources for portfolio building, branding, networking, and maintaining a freelance or salaried career. New to this Edition - New coverage of social media and technological marketing avenues for stylists - More emphasis on prop styling and styling for home collections - New quotes, tips and interviews with professional stylists - New section on the language of fashion to improve professional communications *Style Wise STUDIO ~ Study smarter with self-quizzes featuring scored results and personalized study tips ~ Review concepts with flashcards of terms and definitions ~ Access samples of documents, forms and templates for all stages of planning a photo shoot including a call sheet form, supply checklist, planning calendars, and more*

Digital SLR Photography All-in-One For Dummies Robert Correll, 2020-11-24 Click your way to stunning digital images with this thorough resource! With the six mini-guides in *Digital SLR Photography All-in-One For Dummies*, you've got the six ingredients you need to cook up some fantastic photos. This book will help you make friends with your dSLR whether it's the latest model or an older hand-me-down. Together, you'll find the perfect angles, exposure, and lighting to capture magical images. It wouldn't be digital photography without a bit of tech--SD cards, file transfers, resolution, and a few other things you might have never encountered before you picked up a dSLR. With this book, you can become a camera-wrangler extraordinaire, getting your shots and using digital editing tools to help them look their best. Now you have the tools you need to start building your portfolio--including some friendly advice on which images to include! Get out there and get shooting! Explore your camera's features and settings, then pick the perfect lenses for your photography style Learn how to make beautiful images by controlling the key components of exposure -- aperture, shutter speed, and ISO settings Light your shots perfectly with or without a flash or other lighting equipment Use digital tools to make your photos shine and create an outstanding portfolio Upgrading to a digital SLR is a sign that you're serious about becoming a better photographer. Let this chummy Dummies guide, well, guide you as you become an image maker!

Making Art Work W. Patrick McCray, 2020-10-20 The creative collaborations of engineers, artists, scientists, and curators over the past fifty years. Artwork as opposed to experiment? Engineer versus artist? We often see two different cultural realms separated by impervious walls. But some fifty years ago, the borders between technology and art began to be breached. In this book, W. Patrick McCray shows how in this era, artists eagerly collaborated with engineers and scientists to explore new technologies and create visually and sonically compelling multimedia works. This art emerged from corporate laboratories, artists' studios, publishing houses, art galleries, and university campuses. Many of the biggest stars of the art world--Robert Rauschenberg, Yvonne Rainer, Andy Warhol, Carolee Schneemann, and John Cage--participated, but the technologists who contributed essential expertise and aesthetic input often went unrecognized.

Rebranding Jane Mitchell Eliasof, 2022-03-11 If you're part of the leadership team of a historic house museum or historical society, you might consider rebranding -- either renaming your organization or developing a new look -- to make your organization more appealing to a younger, more diverse audience. Here's a guide to doing that.

Picture Perfect Flash Roberto Valenzuela, 2024-01-22 Conquer portable strobes and hot shoe flash to create extraordinary portraits! Whether you use small, portable strobes or hot shoe flash, flash photography has always been daunting for most photographers. Without a system and workflow for thinking about and working with flash, you can easily end up feeling stuck, or you end up flailing—randomly changing settings, positions, and modifiers—and hoping for the best. It’s not surprising that this leads to failure and frustration. Enter bestselling author Roberto Valenzuela and the Picture Perfect Flash System, which he created to empower you to finally conquer your flash and create photographs that fulfill your intention and vision. There are two key components to this system, which Roberto calls FACES and NAME. The FACES component provides a framework for thinking about how you want or need to use flash in a particular scene: • Fix the Light: Do you need to fix a low light problem, an unwanted color cast, or a situation with poor quality of light? • Add Light: Do you need to add more light to boost or enhance the available light or create separation? • Create a Mood: Are you using light to create a desired mood for a location or subject? • Effects with Flash: Are you using flash for creative visual effect? • Sculpt the Light: Do you need to sculpt the light to add drama, shape, and contouring? Once you’ve found your purpose for the light, the NAME component provides an essential workflow for carrying out your flash photography in a methodical way so that you get consistent and predictable results: • Number of Flashes: How many flashes do you need? • Angle of Flashes: Where do the flashes need to be positioned? • Modifiers for Flashes: How do you need to modify your flashes? • Energy of Flashes: What power do the flashes need to be? The Picture Perfect Flash System is covered in Part One: The Flash Advantage, which is the core framework of the book. In Part Two: Flash Basics Explained, Roberto covers the flash features you need to know: TTL, Manual, 1st and 2nd Curtain Sync, High Speed Sync, and Channels and Groups. Finally, in Part Three: Dynamic Flash Exercises, Roberto gives you a dozen lighting exercises that will substantially hone and advance your skills. With Picture Perfect Flash, you’ll finally be able to conquer your flash...and make the kind of portraits you’ve always wanted to create. TABLE OF CONTENTS Foreword by Miss Universe, R’Bonney Nola Gabriel Introduction PART ONE: The Flash Advantage Chapter 1: The Picture Perfect Flash System Chapter 2: Fix the Light Chapter 3: Add Light Chapter 4: Create a Mood Chapter 5: Effects with Flash Chapter 6: Sculpt the Light Chapter 7: NAME: Your Game Plan PART TWO: Flash Basics Explained Chapter 8: TTL: Let the Flash Decide Chapter 9: Manual Mode Chapter 10: 1st Curtain Sync, 2nd Curtain Sync, and High Speed Sync Chapter 11: Channels and Groups PART THREE: Dynamic Flash Exercises Chapter 12: Lighting Exercises

Photo Memory Quilts Lesley Riley, 2023-04-25 Capture treasured memories in quilts Transform treasured photographs into quilts to be displayed and passed down as heirlooms. Lesley Riley guides makers on successfully transferring vintage photos onto fabric using Transfer Artist Paper, custom printing, and more methods. Use the photo fabric to create an art quilt that honors and preserves the sentimental value of your photographs. A fresh and modern approach, Lesley's quilt instruction focuses on using modern technology and storytelling techniques through photos, fabric choice, and embellishment. Follow along to design your photo memory quilt, from selecting your subject and sourcing photos, to digitally manipulating vintage photos and transferring the images to fabric. Create engaging memory quilts using art principles, design concepts, and modern technology; including how to repair, enhance, and manipulate your photos to achieve the perfect images for your projects. 8 projects allow readers to try their hands at this updated art form, and a gallery of pieces by quilt artists shows a variety of inspiring family stories Create engaging memory quilts using art principles, design concepts, and modern technology; including how to repair, enhance, and manipulate your photos to achieve the perfect images for your projects.

Women and the Trades Elizabeth Beardsley Butler, 1984-11-15 Women and the Trades has long been regarded as a masterwork in the field of social investigation. Originally published in 1909, it was one of six volumes of the path breaking Pittsburgh Survey, the first attempt in the United States to study, systematically and comprehensively, life and labor in one industrial city. No other book documents so precisely the many technological and organizational changes that transformed women's wage work in the early 1900s. Despite Pittsburgh's image as a male-oriented steel town, many women also worked for a living—rolling cigars, canning pickles, or clerking in stores. The combination of manufacturing, distribution, and communication services made the city of national economic developments. What Butler found in her visits to countless workplaces did not flatter the city, its employers, or its wage earners. With few exceptions, labor unions served the interests of skilled males. Women's jobs were rigidly segregated, low paying, usually seasonal, and always insecure. Ethnic distinctions erected powerful barriers between different groups of women, as did status hierarchies based on job function. Professor Maurine Weiner Greenwald's introduction provides biographical sketches of Butler and photographer Lewis Hine and examines the validity of Butler's assumptions and findings, especially with regard to protective legislation, women worker's “passivity,” and working-class family strategies.

The Amazing Page Memory Makers, 2006-06-16 Truly amazing scrapbook pages and sketches! American Economic Life and the Means of Its Improvement Rexford Guy Tugwell, Thomas Munro, Roy Emerson Stryker, 1925 The first edition of this book was privately printed and used in the spring of 1925 as a text for part of the course called 'An introduction to contemporary civilization' in the Columbia college.--Pref.

Connection Magnet: The Unique and Simple Blueprint For Anybody to Attract 30,000 LinkedIn Connections Don Sevcik, 2022-02-02 How would you like to leap into the top 1% of networked people on LinkedIn spending only 15 minutes a day? How much would this change your life? Connection Magnet gives you a unique and simple blueprint to

leapfrog into the sacred 30,000 connections club on LinkedIn. Who does this blueprint work for? Anybody, from introverts, to people who can't write, and people just getting started on LinkedIn. In this book, you'll discover: A unique "gifting strategy" that scored me connections with the CEO of Best Buy and CFO of Salesforce A special "smile" to have people think you're more likable, credible, and influential How to get more connections by picking fights with people A unique method to get connections from outside of LinkedIn...by answering simple questions The 'affinity' strategy which turns ice cold LinkedIn strangers into warm contacts Tweaks you can make in 5 minutes to get more connections A simple writing strategy to magnetically attract connections...even if you're not a writer The one type of conversation which kills your connection rate...and what to do instead The power of "everywhere", and how it makes people chase you for a connection Discover how anybody can use the 4P strategy to reach 30,000 connections. This level of connections puts you in the top 1% of LinkedIn users. Why reach for the top 1% on LinkedIn? Because the 1% get the spoils...like more publicity, book deals, and opportunities dropped in their lap. If you're tired of being on the outside and want to be somebody people chase on LinkedIn, then invest in this book.

Future Church Will Mancini, Cory Hartman, 2020-12-01 Church growth models have often been long on promises and short on disciple-making. We continue to watch consistent church attendance shrink, and our desire to reach the lost is infected with a need for self-validation by growing our numbers at any cost. If we believe that God wants his church to grow, where do we go from here? What is the future of the church? Drawing from his 20 years and 15,000 hours of consulting, author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth. With plenty of salient stories and based solidly on the disciple-making methods found in Scripture, Future Church exposes the church's greatest challenge today, and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus's Great Commission.
