

📖 **COMMON SENSE** DAVID JOHNSON,2023-04-25 Would our country’s Founders choose to live here? Wouldn’t they be outraged by what is happening? • \$31 trillion of national debt will tax future generations without their representation. • An army of 87,000 IRS bureaucrats will harass our people. • A surge of illegal immigrants, passing through undefended borders, will burden our society without its assent. Wouldn’t our Founders be shocked by our lack of common sense? • Men can give birth. • Defunding police will reduce crime. • Men can marry men, and women marry women. The Founders declared their independence from Great Britain. They reasoned, why should a small island rule over a vast continent? Today, we must declare our independence from the Left. Why should a small group of leftist elitists rule over a vast number of conservative Christians? This book pulls together all the outrages the Left has committed against us: twenty-seven grievances in all, the same number as in the original Declaration of Independence. For each grievance the book provides three easy-to-grasp points; explains the violation of common sense and Biblical truth; and reveals the consequences to our country and the organizations you can join to fight back. Consider an army that is facing encirclement and annihilation. Would they go about their daily routines, digging latrines and cleaning their boots, and just hope the enemy goes away? Well, that army is us. Should we go about our daily routines and just hope the totalitarian Left goes away? No. It is time to wake up. It is time to unite and fight back ... peacefully and lawfully. Time is short so join the fight!

📖 **THE FUTURE OF THE PRESIDENCY, JOURNALISM, AND DEMOCRACY** Robert E. Gutsche, Jr.,2022-04-19 This volume examines the effects of Donald Trump’s presidency on journalistic practices, rhetoric, and discourses. Rooted in critical theory and cultural studies, it asks what life may be like without Trump, not only for journalism but also for American society more broadly. The book places perspectives and tensions around the Trump presidency in one spot, focusing on the underlying ideological forces in tensions around media trust, Trumpism, and the role of journalism in it all. It explores how journalists dealt with racist rhetoric from the White House, relationships between the Office of the President and social media companies, citizens, and journalists themselves, while questioning whether journalism has learned the right lessons for the future. More importantly, chapters on liberal media bias, the first 100 days of the Biden presidency, gender, and race, and how journalists should adopt measures to reduce harm hint as to where politics and journalism may go next. Reshaping the scholarly and public discourse about where we are headed in terms of the presidency and publics, social media, and journalism, this book will be an important resource for scholars and graduate students of journalism, media studies, communication studies, political science, race and ethnic studies and sociology.

📖 **STAR WARS VISIONS: RONIN** Emma Mieko Candon,2022-07-12 NATIONAL BESTSELLER • A mysterious former Sith wanders the galaxy in this stunning Star Wars tale, an original novel inspired by the world of The Duel from the Star Wars Visions animated anthology. The Jedi are the most loyal servants of the Empire. Two decades ago, Jedi clans clashed in service to feuding lords. Sickened by this endless cycle, a sect of Jedi rebelled, seeking to control their own destiny and claim power in service of no master. They called themselves Sith. The Sith rebellion failed, succumbing to infighting and betrayal, and the once rival lords unified to create an Empire . . . but even an Empire at peace is not free from violence. Far on the edge of the Outer Rim, one former Sith wanders, accompanied only by a faithful droid and the ghost of a less civilized age. He carries a lightsaber, but claims lineage to no Jedi clan, and pledges allegiance to no lord. Little is known about him, including his name, for he never speaks of his past, nor his regrets. His history is as guarded as the red blade of destruction he carries sheathed at his side. As the galaxy’s perpetual cycle of violence continues to interrupt his self-imposed exile, and he is forced to duel an enigmatic bandit claiming the title of Sith, it becomes clear that no amount of wandering will ever let him outpace the specters of his former life.

📖 **LIBERAL FASCISM** Jonah Goldberg,2008-01-08 “Fascists,” “Brownshirts,” “Jackbooted stormtroopers”—such are the insults typically hurled at conservatives by their liberal opponents. Calling someone a fascist is the fastest way to shut them up, defining their views as beyond the political pale. But who are the real fascists in our midst? Liberal Fascism offers a startling new perspective on the theories and practices that define fascist politics. Replacing conveniently manufactured myths with surprising and enlightening research, Jonah Goldberg reminds us that the original fascists were really on the left, and that liberals from Woodrow Wilson to FDR to Hillary Clinton have advocated policies and principles remarkably similar to those of Hitler’s National Socialism and Mussolini’s Fascism. Contrary to what most people think, the Nazis were ardent socialists (hence the term “National Socialism”). They believed in free health care and guaranteed jobs. They confiscated inherited wealth and spent vast sums on public education. They purged the church from public policy, promoted a new form of pagan spirituality, and inserted the authority of the state into every nook and cranny of daily life. The Nazis declared war on smoking, supported abortion, euthanasia, and gun control. They loathed the free market, provided generous pensions for the elderly, and maintained a strict racial quota system in their universities—where campus speech codes were all the rage. The Nazis led the world in organic farming and alternative medicine. Hitler was a strict vegetarian, and Himmler was an animal rights activist. Do these striking parallels mean that today’s liberals are genocidal maniacs, intent on conquering the world and imposing a new racial order? Not at all. Yet it is hard to deny that modern progressivism and classical fascism shared the same intellectual roots. We often forget, for example, that Mussolini and Hitler had many admirers in the United States. W.E.B. Du Bois was inspired by Hitler’s Germany, and Irving Berlin praised Mussolini in song. Many fascist tenets were espoused by American progressives like John Dewey and Woodrow Wilson, and FDR incorporated fascist policies in the New Deal. Fascism was an international movement that appeared in different forms in different countries, depending on the vagaries of national culture and temperament. In Germany, fascism appeared as genocidal racist nationalism. In America, it took a “friendlier,” more liberal form. The modern heirs of this “friendly fascist” tradition include the New York Times, the Democratic Party, the Ivy League professoriate, and the liberals of Hollywood. The quintessential liberal fascist isn’t an SS storm trooper; it is a female grade school teacher with an education degree from Brown or Swarthmore. These assertions may sound strange to modern ears, but that is because we have forgotten what fascism is. In this angry, funny, smart, contentious book, Jonah Goldberg turns our preconceptions inside out and shows us the true meaning of liberal fascism.

📖 **MALLARD FILLMORE--** Bruce Tinsley,1995 Mallard Fillmore lampoons everything from political correctness to Phil, Oprah, and Geraldo to our government’s insatiable appetite for spending our money. His marvelous supporting cast includes wickedly wonderful caricatures of everyone who’s anyone, from Hollywood to D.C. to Arkansas.

📖 **JANUARY 6** Julie Kelly,2022-01-03 Americans were shocked and outraged to see chaos unfold at the Capitol on January 6, 2021. The melee shut down plans by some Republican lawmakers to object to Congress’s official certification of the 2020 presidential election results. Democrats, the news media, and many leading Republicans immediately blamed the roughly four-hour disturbance on President Trump. The president “incited an insurrection,” the American public was told. It prompted a second impeachment trial of Donald Trump after he left office. But one year later, the original narrative of what happened that day has crumbled while hundreds of Americans have been swept up in an unprecedented investigation led by Joe Biden’s Justice Department to punish them for their involvement in the January 6th protest. The public has been misled—and flat-out lied to—about a number of aspects related to that day. This book exposes them all.

📖 **HOW FASCISM WORKS** Jason Stanley,2018-09-04 “No single book is as relevant to the present moment.”—Claudia Rankine, author of Citizen “One of the defining books of the decade.”—Elizabeth Hinton, author of From the War on Poverty to the War on Crime NEW YORK TIMES BOOK REVIEW EDITORS’ CHOICE • With a new preface • Fascist politics are running rampant in America today—and spreading around the world. A Yale philosopher identifies the ten pillars of fascist politics, and charts their horrifying rise and deep history. As the child of refugees of World War II Europe and a renowned philosopher and scholar of propaganda, Jason Stanley has a deep understanding of how democratic societies can be vulnerable to fascism: Nations don’t have to be fascist to suffer from fascist politics. In fact, fascism’s roots have been present in the United States for more than a century. Alarmed by the pervasive rise of fascist tactics both at home and around the globe, Stanley focuses here on the structures that unite them, laying out and analyzing the ten pillars of fascist politics—the language and beliefs that separate people into an “us” and a “them.” He knits together reflections on history, philosophy, sociology, and critical race theory with stories from contemporary Hungary, Poland, India, Myanmar, and the United States, among other nations. He makes clear the immense danger of underestimating the cumulative power of these tactics, which include exploiting a mythic version of a nation’s past; propaganda that twists the language of democratic ideals against themselves; anti-intellectualism directed against universities and experts; law and order politics predicated on the assumption that members of minority groups are criminals; and fierce attacks on labor groups and welfare. These mechanisms all build on one another, creating and reinforcing divisions and shaping a society vulnerable to the appeals of authoritarian leadership. By uncovering disturbing patterns that are as prevalent today as ever, Stanley reveals that the stuff of politics—charged by rhetoric and myth—can quickly become policy and reality. Only by recognizing fascists’ politics, he argues, may we resist its most harmful effects and return to democratic ideals. “With unsettling insight and disturbing clarity, How Fascism Works is an essential guidebook to our current national dilemma of democracy vs. authoritarianism.”—William Jelani Cobb, author of The Substance of Hope

📖 **TWILIGHT OF DEMOCRACY** Anne Applebaum,2020-07-21 A finalist for the Lionel Gelber Prize One of Back Obama’s Favourite Books of the Year A Pulitzer Prize-winning historian explains, with electrifying clarity, why elites in democracies around the world are turning toward nationalism and authoritarianism. From the United States and Britain to continental Europe and beyond, liberal democracy is under siege, while authoritarianism is on the rise. In Twilight of Democracy, Anne Applebaum, an award-winning historian of Soviet atrocities who was one of the first American journalists to raise an alarm about antidemocratic trends in the

West, explains the lure of nationalism and autocracy. In this captivating essay, she contends that political systems with radically simple beliefs are inherently appealing, especially when they benefit the loyal to the exclusion of everyone else. Despotism does not rule alone; they rely on political allies, bureaucrats, and media figures to pave their way and support their rule. The authoritarian and nationalist parties that have arisen within modern democracies offer new paths to wealth or power for their adherents. Applebaum describes many of the new advocates of illiberalism in countries around the world, showing how they use conspiracy theory, political polarization, social media, and even nostalgia to change their societies. Elegantly written and urgently argued, *Twilight of Democracy* is a brilliant dissection of a world-shaking shift and a stirring glimpse of the road back to democratic values.

Reproductive Politics Rickie Solinger, 2013-02-27 The term reproductive politics was coined by feminists in the 1970s to describe contemporary Roe v. Wade-era power struggles over contraception and abortion, adoption and surrogacy, and other satellite issues. Forty years later, questions about reproductive rights are just as complex--and controversial--as they were then. Focusing mainly on the United States, *Reproductive Politics: What Everyone Needs to Know*® explores the legal, political, religious, social, ethical, and medical dimensions of this hotly contested arena. Tracing the historical roots of reproductive politics up through the present, Rickie Solinger considers a range of topics from abortion and contraception to health care reform and assisted reproductive technologies. Solinger tackles some of the most contentious questions up for debate today, including the definition of fetal personhood, and the roles poverty and welfare policy play in shaping reproductive rights. The answers she provides are informative, balanced, and sometimes quite surprising. Offering a wide range of information in an accessible and engaging manner, *Reproductive Politics: What Everyone Needs to Know*® orients readers and provides the knowledge necessary to follow the debates in this important and continually evolving field. *What Everyone Needs to Know*® is a registered trademark of Oxford University Press.

Reunion Planner Phyllis A. Hackleman, 2009-06 If there is a reunion in your future, whether as the organizer or a helping hand, *Reunion Planner* is one book you won't want to be without. *Reunion Planner* leaves nothing to chance. The contents include sections on the following: choosing the proper kind of reunion, recruiting volunteers, selecting the time and place, creating the program, guest speakers, budgeting, notifying the participants and promoting the event, planning meals and decorations, accommodations and transportation, souvenirs and fund raisers, photographers and videographers, building a genealogy, and finishing touches from road signs to thank-you notes and more.

Conspiracy Theories Mark Fenster, 1999 JFK, Karl Marx, the Pope, Aristotle Onassis, Queen Elizabeth II, Howard Hughes, Fox Mulder, Bill Clinton -- all have been linked to vastly complicated global (or even galactic) intrigues. In this enlightening tour of conspiracy theories, Mark Fenster guides readers through this shadowy world and analyzes its complex role in American culture and politics. Fenster argues that conspiracy theories are a form of popular political interpretation and contends that understanding how they circulate through mass culture helps us better understand our society as a whole. To that end, he discusses Richard Hofstadter's *The Paranoid Style in American Politics*, the militia movement, *The X-Files*, popular Christian apocalyptic thought, and such artifacts of suspicion as *The Turner Diaries*, *The Illuminatus!* trilogy, and the novels of Richard Condon. Fenster analyzes the conspiracy community of radio shows, magazine and book publishers, Internet resources, and role-playing games that promote these theories. In this world, the very denial of a conspiracy's existence becomes proof that it exists, and the truth is always out there. He believes conspiracy theory has become a thrill for a bored subculture, one characterized by its members' reinterpretation of accepted history, their deep cynicism about contemporary politics, and their longing for a utopian future. Fenster's progressive critique of conspiracy theories both recognizes the secrecy and inequities of power in contemporary politics and economics and works toward effective political engagement. Probing conspiracy theory's tendencies toward scapegoating, racism, and fascism, as well as Hofstadter's centrist acceptance of a postwar American consensus, he advocates what conspiracy theory wants but cannot articulate: a more inclusive, engaging political culture.
