**The Gentleman Ranker** Leon Gordon,1919

**The Ranker** William Joseph,2014-07-14 Follow the legendary struggle of Claudius Marcus Vero. Born to a life of power and privilege; a life swept away by the tides of history, forcing a young man to become a fugitive, seeking anonymity in the Roman Legions. Join him in his epic journey as he becomes the ultimate warrior, in Caesar's Tenth Legion, respected by his peers, feared by his enemies. While on a secret military mission to infiltrate an enemy tribe, Claudius' life takes a fateful turn when he meets and falls in love with the blind daughter of the tribe's leader. Torn between love, duty and honor he ultimately risks his life to save the life of the woman he loves and prevent the annihilation of her people, whom he has also come to love. Does Claudius triumph over the forces of war and mayhem? Does he preserve his honor in his quest to find peace with the woman he loves? Find out when you read *The Ranker*.

**The Gentleman Ranker, and Other Plays** Gordon Leon,2013-01 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

**The Gentleman Ranker** Leon Gordon,2015-07-01 Excerpt from *The Gentleman Ranker: And Other Plays* A corrugated Kroonsdorp on the border of German South West Africa. There is a window at the back, which shows a typical African Market Square, and in the distance an old Dutch farm, partly in ruins from artillery fire. The barn itself is in fairly good preservation, except for a ragged shell hole on the left side near the roof - about five feet by two. Its sole furniture consists of two wooden benches, a rough wooden table, and two or three wooden chairs. There is a door right and a door left. At the rise of the curtain, Major Haseldene, of the transportation staff, is discovered seated at the table, on which are scattered numerous military documents. Standing left of him is Captain Crane - orderly officer for the day, and looking out of the window, with his back to the audience is 2 Nd Lieu Tenant Brett. A bugle is heard in the distance, followed by the boom of a big gun. Then for a moment there is silence, broken only by the scratching of the Major's pen. Presently he looks up and addresses the Captain. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. **Pedology** R. Duchaufour,2012-12-06 This book is the first of two volumes intended to replace the old and now out of print *Precis de pedologie*, the previous three editions of which were produced by the same publisher in 1960, 1965 and 1970. It was apparent that the term 'precis', which means that the text was necessarily condensed and summarised, no longer corresponded with the present day situation, for pedology has developed considerably in the past 10 years and it now makes use of the most modern and varied research techniques. It has become an entirely separate discipline and has assumed, at least in certain countries, considerable importance. In addition, different schools of thought have developed and their sometimes contradictory viewpoints are presented at many international conferences, which, if valid conclusions are to be reached from them, required considerable space for discussion. Thus, even by being very concise it was no longer possible to deal with the whole of soil science within the space of one volume, so that a two volume format became a necessity. As soil science is known to have two fundamentally distinct aspects, it has been easy to determine the contents of each volume and also to give each an identity and unity, as well as enabling a different kind of presentation to be made in each case.

**Rankers: a Panacea for Synchronization** University of Texas at Austin. Dept. of Computer Sciences,A. K. Singh,M. G. Gouda,1989 We devise a general strategy to solve synchronization problems using rankers and illustrate this strategy by solving some of these problems. In each solution, we only use the properties of the particular ranker chosen and not to how the ranker is implemented, thus separating the two concerns of what a ranker's properties are and how these properties are achieved. Finally, we present implementation for the four rankers mentioned above.

From Genes to Animal Behavior Miho Inoue-Murayama,Shoji Kawamura,Alexander Weiss,2011-01-19 The biological and genetic bases of behavioral diversity have long been topics of study within many disciplines, including evolutionary biology, genetics, ethology, sociobiology, and comparative psychology, but only relatively recently have attempts been made to bring these different approaches together. This volume covers a wide range of interdisciplinary research which uses some of the newest and most promising methods and technologies. Presented here is an overview of findings in the ongoing search for the ultimate causes of behavior in several different species, including primates, dogs, rodents, birds, and fish. Divided into five parts, the work describes research on sexual and kin selection, personality and temperament, molecular genetics of personality, color vision and body coloration, and the neurological underpinnings of complex behaviors. Valuable for researchers as well as graduate students in a wide range of fields from neuroscience to ecology, the book is also useful to those seeking to move beyond the boundaries of their own discipline and to expand their knowledge.

No One Knows Diane Ranker Riesen,2018-03-05 No One Knows By: Diane Ranker Riesen "God constantly speaks to us in some way or form. Sometimes to invite us; sometimes to comfort us; other times to encourage us, or on occasions to beseech us; but never to condemn us. I 'met' Diane Ranker Riesen during August 2015 during what was called (where I was employed at the time) the Nigerian 'rainy season.' Not in person, but through the magic of her words. After reading a number of her poems that she shared on Facebook I realized that this lady was someone special and that God uses her in a special way as an instrument of hope and love. Diane, even though she had published three books, was not yet widely known or recognized for the quality of her work as she most definitely deserves to be. I felt, and I told her, that her work deserves to be read and appreciated by millions. In this new collection of 400 poems, she again gives us a glimpse at the massive beauty that God has invested inside her heart. My wish is that God would bless many through her words and that she will continue to comfort, inspire, and encourage us with her beautiful poems for many years to come." - Coenraad Marneweck "Diane's poetry moves me, and I, too, feel FAITH, HOPE, PEACE, and PRAISE for our Heavenly Father. My soul sings when I read Diane's very deep and amazing words. Her poetry is like a 'sermon' that God has written, through Diane, who seems to have a direct line to His Power of Love for His children." -Leah Pallaris
