

Rights

Alan M. Dershowitz

Know Your Rights and Claim Them Amnesty International, Angelina Jolie, Geraldine Van Bueren, 2021-09-17 A timely look at children's rights, the young activists who fought for them, and how readers can do the same by Amnesty International, Angelina Jolie, and Geraldine Van Bueren

Natural Rights and the Right to Choose Hadley Arkes, 2002-09-02 Publisher Description

Bill of Rights James Madison, George Mason, 2008 Printed in two colors, this leatherette edition is a guide to the first ten amendments of the U.S.

Rights from Wrongs Alan M. Dershowitz, 2004 A noted legal scholar examines the source of human rights, arguing that rights are the result of particular experiences with injustice and looking at the implications in terms of the right to privacy, voting rights, and other rights.

The Hidden Face of Rights Kathryn Sikkink, 2020-01-07 Why we cannot truly implement human rights unless we also recognize human responsibilities When we debate questions in international law, politics, and justice, we often use the language of rights--and far less often the language of responsibilities. Human rights scholars and activists talk about state responsibility for rights, but they do not articulate clear norms about other actors' obligations. In this book, Kathryn Sikkink argues that we cannot truly implement human rights unless we also recognize and practice the corresponding human responsibilities. Focusing on five areas--climate change, voting, digital privacy, freedom of speech, and sexual assault--and providing many examples of on-the-ground initiatives where people choose to embrace a close relationship between rights and responsibilities, Sikkink argues for the importance of responsibilities to any comprehensive understanding of political ethics and human rights.

On Human Rights James Griffin, 2009-08-27 What is a human right? How can we tell whether a proposed human right really is one? How do we establish the content of particular human rights, and how do we resolve conflicts between them? These are pressing questions for philosophers, political theorists, jurists, international lawyers, and activists. James Griffin offers answers in his compelling new investigation of the foundations of human rights. First, *On Human Rights* traces the idea of a natural right from its origin in the late Middle Ages, when the rights were seen as deriving from natural laws, through the seventeenth and eighteenth centuries, when the original theological background was progressively dropped and 'natural law' emptied of most of its original meaning. By the end of the Enlightenment, the term 'human rights' (*droits de l'homme*) appeared, marking the purge of the theological background. But the Enlightenment, in putting nothing in its place, left us with an unsatisfactory, incomplete idea of a human right. Griffin shows how the language of human rights has become debased. There are scarcely any accepted criteria, either in the academic or the public sphere, for correct use of the term. He takes on the task of showing the way towards a determinate concept of human rights, based on their relation to the human status that we all share. He works from certain paradigm cases, such as freedom of expression and freedom of worship, to more disputed cases such as welfare rights - for instance the idea of a human right to health. His goal is a substantive account of human rights - an account with enough content to tell us whether proposed rights really are rights. Griffin emphasizes the practical as well as theoretical urgency of this goal: as the United Nations recognized in 1948 with its Universal Declaration, the idea of human rights has considerable power to improve the lot of humanity around the world. We can't do without the idea of human rights, and we need to get clear about it. It is our job now - the job of this book - to influence and develop the unsettled discourse of human rights so as to complete the incomplete idea.

The Politics of Rights Stuart A. Scheingold, 2010-03-10 Stuart A. Scheingold's landmark work introduced a new understanding of the contribution of rights to progressive social movements, and thirty years later it still stands as a pioneering and provocative work, bridging political science and sociolegal studies. In the preface to this new edition, the author provides a cogent analysis of the burgeoning scholarship that has been built on the foundations laid in his original volume. A new foreword from Malcolm Feeley of Berkeley's Boalt Hall School of Law traces the intellectual roots of *The Politics of Rights* to the classic texts of social theory and sociolegal studies. Scheingold presents a clear, thoughtful discussion of the ways in which rights can both empower and constrain those seeking change in American society. While much of the writing on rights is abstract and obscure, *The Politics of Rights* stands out as an accessible and engaging discussion. -Gerald N. Rosenberg, University of Chicago This book has already exerted an enormous influence on two generations of scholars. It has had an enormous influence on political scientists, sociologists, and anthropologists, as well as historians and legal scholars. With this new edition, this influence is likely to continue for still more generations. *The Politics of Rights* has, I believe, become an American classic. -Malcolm Feeley, Boalt Hall School of Law, University of California, Berkeley, from the foreword Stuart A. Scheingold is Professor Emeritus of Political Science at the University of Washington.

A World Made New Mary Ann Glendon, 2002-06-11 Unafraid to speak her mind and famously tenacious in her convictions, Eleanor Roosevelt was still mourning the death of FDR when she was asked by President Truman to lead a controversial commission, under the auspices of the newly formed United Nations, to forge the world's first international bill of rights. *A World Made New* is the dramatic and inspiring story of the remarkable group of men and women from around the world who participated in this historic achievement and gave us the founding document of the modern human rights movement. Spurred on by the horrors of the Second World War and working against the clock in the brief window of hope between the armistice and the Cold War, they grappled together to articulate a new vision of the rights that every man and woman in every country around the world should share, regardless of their culture or religion. A landmark work of narrative history based in part on diaries and letters to which Mary Ann Glendon, an award-winning professor of law at Harvard University, was given exclusive access, *A World Made New* is the first book devoted to this crucial turning point in Eleanor Roosevelt's life, and in world history. Finalist for the Robert F. Kennedy Book Award

Hypocrisy and Human Rights Kate Cronin-Furman, 2022-11-15 *Hypocrisy and Human Rights* examines what human rights pressure does when it does not work. Repressive states with absolutely no intention of complying with their human rights obligations often change course dramatically in response to international pressure. They create toothless commissions, permit but then obstruct international observers' visits, and pass showpiece legislation while simultaneously bolstering their repressive capacity. Covering debates over transitional justice in Sri Lanka, Myanmar, Cambodia, Democratic Republic of the Congo, and other countries, Kate Cronin-Furman investigates the diverse ways in which repressive states respond to calls for justice from human rights advocates, UN officials, and Western governments who

add their voices to the victims of mass atrocities to demand accountability. She argues that although international pressure cannot elicit compliance in the absence of domestic motivations to comply, the complexity of the international system means that there are multiple audiences for both human rights behavior and advocacy and that pressure can produce valuable results through indirect paths.

Human Rights in the Age of Platforms Rikke Frank Jorgensen, 2019-11-19 Scholars from across law and internet and media studies examine the human rights implications of today's platform society. Today such companies as Apple, Facebook, Google, Microsoft, and Twitter play an increasingly important role in how users form and express opinions, encounter information, debate, disagree, mobilize, and maintain their privacy. What are the human rights implications of an online domain managed by privately owned platforms? According to the Guiding Principles on Business and Human Rights, adopted by the UN Human Right Council in 2011, businesses have a responsibility to respect human rights and to carry out human rights due diligence. But this goal is dependent on the willingness of states to encode such norms into business regulations and of companies to comply. In this volume, contributors from across law and internet and media studies examine the state of human rights in today's platform society. The contributors consider the "datafication" of society, including the economic model of data extraction and the conceptualization of privacy. They examine online advertising, content moderation, corporate storytelling around human rights, and other platform practices. Finally, they discuss the relationship between human rights law and private actors, addressing such issues as private companies' human rights responsibilities and content regulation. Contributors Anja Bechmann, Fernando Bermejo, Agnès Callamard, Mikkel Flyverbom, Rikke Frank Jørgensen, Molly K. Land, Tarlach McGonagle, Jens-Erik Mai, Joris van Hoboken, Glen Whelan, Jillian C. York, Shoshana Zuboff, Ethan Zuckerman Open access edition published with generous support from Knowledge Unlatched and the Danish Council for Independent Research.

How Rights Went Wrong Jamal Greene, 2021 An eminent constitutional scholar reveals how our approach to rights is dividing America, and shows how we can build a better system of justice.

Universal Declaration of Human Rights Eleanor Roosevelt, 2001-05 In 1948, Eleanor Roosevelt served as chairwoman of the United Nations committee to create this declaration of moral conscience, now used by Amnest International as their founding document. This edition is in six languages: English, Spanish, French, Chinese, Russian, and Arabic.

Universal Declaration of Human Rights United Nations. General Assembly, 2003

We Are All Born Free Amnesty International, 2016-05-03 The Universal Declaration of Human Rights was signed on 10th December 1948. It was compiled after World War Two to declare and protect the rights of all people from all countries. This beautiful collection, published 60 years on, celebrates each declaration with an illustration by an internationally-renowned artist or illustrator and is the perfect gift for children and adults alike. Published in association with Amnesty International, with a foreword by David Tennant and John Boyne. Includes art work contributions from Axel Scheffler, Peter Sis, Satoshi Kitamura, Alan Lee, Polly Dunbar, Jackie Morris, Debi Gliori, Chris Riddell, Catherine and Laurence Anholt and many more!

Human Rights Christian Tomuschat, 2014 This third edition of Human Rights: Between Idealism and Realism presents human rights in action, focusing on their effectiveness as legal tools designed to benefit human beings. By combining conceptual analysis with an emphasis on procedures and mechanisms of implementation, this volume provides a multidimensional overview of human rights. After examining briefly the history of human rights, the author analyses the intellectual framework that forms the basis of their legitimacy. In particular, he covers the concept of universality and the widely used model that classifies human rights into clusters of different 'generations'. In this edition, the author brings together the fundamental aspects of human rights law, addressing human dignity as the ethical foundation of human rights, the principle of equality and non-discrimination as the essence of any culture of human rights, the protections against racial discrimination and discrimination against women, and assesses the individual as a subject of international law. The volume then moves on to assess the activities of the political institutions of the United Nations, the expert bodies established by the relevant treaties, and the international tribunals specifically entrusted at the regional level with protecting human rights. This edition also includes specific analysis of the actions mandated by the UN Security Council against Libya in 2011. It also includes greater coverage of the jurisprudence of the Inter-American Court of Human Rights and the African Commission on Human and Peoples' Rights. The author explains how and why the classical array of politically inspired informal devices has been enriched by the addition of international criminal procedures and by endeavors to introduce civil suits against alleged individual violators of human rights. Finally, the volume is rounded off by a consideration of the importance of humanitarian law as an instrument for the protection of human life and dignity and an exploration of the future of human rights.

The Idea of Human Rights Charles R. Beitz, 2011-07-28 Human rights have become one of the most important moral concepts in global political life over the last 60 years. Charles Beitz, one of the world's leading philosophers, offers a compelling new examination of the idea of a human right.

Rights Gone Wrong Richard Thompson Ford, 2011-10-25 A New York Times Notable Book for 2011 Since the 1960s, ideas developed during the civil rights movement have been astonishingly successful in fighting overt discrimination and prejudice. But how successful are they at combating the whole spectrum of social injustice—including conditions that aren't directly caused by bigotry? How do they stand up to segregation, for instance—a legacy of racism, but not the direct result of ongoing discrimination? It's tempting to believe that civil rights litigation can combat these social ills as efficiently as it has fought blatant discrimination. In *Rights Gone Wrong*, Richard Thompson Ford, author of the New York Times Notable Book *The Race Card*, argues that this is seldom the case. Civil rights do too much and not enough: opportunists use them to get a competitive edge in schools and job markets, while special-interest groups use them to demand special privileges. Extremists on both the left and the right have hijacked civil rights for personal advantage. Worst of all, their theatrics have drawn attention away from more serious social injustices. Ford, a professor of law at Stanford University, shows us the many ways in which civil rights can go terribly wrong. He examines newsworthy lawsuits with shrewdness and humor, proving that the distinction between civil rights and personal entitlements is often anything but clear. Finally, he reveals how many of today's social injustices actually can't be remedied by civil rights law, and demands more creative and nuanced solutions. In order to live up to the legacy

of the civil rights movement, we must renew our commitment to civil rights, and move beyond them.

Mobilizing for Human Rights Beth A. Simmons,2009-10-29 Beth Simmons demonstrates through a combination of statistical analysis and case studies that the ratification of treaties generally leads to better human rights practices. She argues that international human rights law should get more practical and rhetorical support from the international community as a supplement to broader efforts to address conflict, development, and democratization.

On the Spirit of Rights Dan Edelstein,2021-06 By the end of the eighteenth century, politicians in America and France were invoking the natural rights of man to wrest sovereignty away from kings and lay down universal basic entitlements. Exactly how and when did “rights” come to justify such measures? In *On the Spirit of Rights*, Dan Edelstein answers this question by examining the complex genealogy of the rights that regimes enshrined in the American and French Revolutions. With a lively attention to detail, he surveys a sprawling series of debates among rulers, jurists, philosophers, political reformers, writers, and others who were all engaged in laying the groundwork for our contemporary systems of constitutional governance. Every seemingly new claim about rights turns out to be a variation on a theme, as late medieval notions were subtly repeated and refined to yield the talk of “rights” we recognize today. From the Wars of Religion to the French Declaration of the Rights of Man and of the Citizen to the 1948 Universal Declaration of Human Rights, *On the Spirit of Rights* is a sweeping tour through centuries of European intellectual history and an essential guide to our ways of thinking about human rights today.

Know Your Rights U.s. Attorney's Office,2014-05-27 For more than 200 years, the Constitution of the United States has been a “working” document, maintaining the original principles upon which our nation was founded while, at the same time, changing with the country, as reflected in its amendments. While the U.S. Constitution itself outlines the basic structure of the federal government, its twenty-seven amendments address many subjects but primarily focus on the rights of individual American citizens. This booklet outlines those rights, offering historical context and other information that is both interesting and informative. The continued vitality of our democracy is dependent upon an informed citizenry. Understanding the history of the Constitution and its amendments will assist all of us in more fully appreciating these rights and responsibilities as they have evolved over time. Moreover, such understanding will ensure that these rights will continue to be exercised, valued, and cherished by future generations.

Embracing the Beat of Expression: An Psychological Symphony within **Rights**

In some sort of consumed by displays and the ceaseless chatter of instantaneous communication, the melodic elegance and emotional symphony developed by the published term frequently fade in to the backdrop, eclipsed by the constant noise and disruptions that permeate our lives. But, situated within the pages of **Rights** a marvelous fictional prize filled with natural thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this charming masterpiece conducts visitors on an emotional journey, well unraveling the hidden songs and profound affect resonating within each cautiously crafted phrase. Within the depths of this emotional analysis, we will investigate the book is main harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Rights Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rights PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rights PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rights free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rights Books

What is a Rights PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rights PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rights PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rights PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rights PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by

their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
