It's a full college course squeezed into a book, complete with exercises and sample assignments. It shows how messy first drafts can be and how to fix problems and mistakes when doing a rewrite. Stop worrying about getting the perfect treatment, exact structure, or fitting your story into a generic mold and start writing because it's the only way you'll finish your script.

Flip the Script Oren Klaff,2019-08-13 THE BESTSELLING AUTHOR OF PITCH ANYTHING IS BACK TO FLIP YOUR ENTIRE APPROACH TO PERSUASION. Is there anything worse than a high-pressure salesperson pushing you to say yes (then sign on the dotted line) before you're ready? If there's one lesson Oren Klaff has learned over decades of pitching, presenting, and closing long-shot, high-stakes deals, it's that people are sick of being marketed and sold to. Most of all, they hate being told what to think. The more you push them, the more they resist. What people love, however, is coming up with a great idea on their own, even if it's the idea you were guiding them to have all along. Often, the only way to get someone to sign is to make them feel like they're smarter than you. That's why Oren is throwing out the old playbook on persuasion. Instead, he'll show you a new approach that works on this simple insight: Everyone trusts their own ideas. If, rather than pushing your idea on your buyer, you can guide them to discover it on their own, they'll believe it, trust it, and get excited about it. Then they'll buy in and feel good about the chance to work with you. That might sound easier said than done, but Oren has taught thousands of people how to do it with a series of simple steps that anyone can follow in any situation. And as you'll see in this book, Oren has been in a lot of different situations. He'll show you how he got a billionaire to take him seriously, how he got a venture capital firm to cough up capital, and how he made a skeptical Swiss banker see him as an expert in banking. He'll even show you how to become so compelling that buyers are even more attracted to you than to your product. These days, it's not enough to make a great pitch. To get attention, create trust, and close the deal, you need to flip the script.

Inception Christopher Nolan,2010-08-17 A man, highly skilled in entering people's dreams to extract secret information, is offered a chance to implant an idea in another man's head, a practice known as inception.

How To Write A Script in 30 Days Ken Davenport,2017-08-31 All of the greatest creators, from Beethoven to Edison, had something in common. They didn't just create stuff. They created a ton of stuff. That's why I'm a big believer that producers should produce more, directors should direct more, and, of course, writers should write more. The funny thing is, too many writers I know just can't finish a script. Maybe they have ideas, and maybe they write a few scenes, but they don't get to the end. Or maybe they've never written anything and are too afraid to start! That's why I wrote this book, which guarantees you'll have a finished script, whether or not you've ever written anything before! That's right. In only one month, you can go from a blank page to a completed script, ready to be staged. Just imagine . . . you'll have a full script in your hands (or a Producer's hands) by the end of this month if you start today! So what are you waiting for?
