**Ghost Magnet** Lori Drake,2020-03-30 Dean Torres is the dead man’s detective. With a knack for talking to spirits, Dean’s job is to help the deceased find closure and pass on to the other side—when he’s not being needled by his sister-in-law’s ghost, that is. But when a suspected haunting ends with a grisly murder, Dean finds himself thrown into a case much bigger—and deadlier—than he anticipated. With a potential serial killer on the loose and a ghostly client demanding justice, Dean teams up with a local witch as he races to unmask a twisted, powerful murderer. Will Dean be able to stop the killer from taking another victim—or will he join the spirit world himself? If you like gripping urban fantasy with detectives, mystery, and a dash of humor, then you won’t want to miss Ghost Magnet. Grab your copy today!

**Characteristics of Games** George Skaff Elias,Richard Garfield,K. Robert Gutschera,2020-12-08 Understanding games--whether computer games, card games, board games, or sports--by analyzing certain common traits. Characteristics of Games offers a new way to understand games: by focusing on certain traits--including number of players, rules, degrees of luck and skill needed, and reward/effort ratio--and using these characteristics as basic points of comparison and analysis. These issues are often discussed by game players and designers but seldom written about in any formal way. This book fills that gap. By emphasizing these player-centric basic concepts, the book provides a framework for game analysis from the viewpoint of a game designer. The book shows what all genres of games--board games, card games, computer games, and sports--have to teach each other. Today's game designers may find solutions to design problems when they look at classic games that have evolved over years of playing.

**Dead Names** Simon,2006-03-28 The dark history of the Necronomicon—one of the world's most feared and fascinating books—told by the one man who saw it all...and lived to tell the tale. The Necronomicon is one of the most controversial books ever published. The master of Gothic suspense, H.P. Lovecraft, wrote about a mystical and dreaded grimoire, known as the Necronomicon—an ancient text written by an Arab that, if it were to fall into the wrong hands, could have disastrous consequences. But no one thought the Necronomicon had any basis in the world outside of Lovecraft's fiction. Until... Simon was a young man drawn to the mysterious world of the occult through his association with several Eastern Orthodox religions and his friendship with the owner of an occult bookstore in Brooklyn. In 1972 he stumbled upon a stolen text in a friend's apartment, unaware that what he held in his hands was the real Necronomicon—something long thought to be a creation of Lovecraft's brilliant mind and deft pen. After an arduous translation, done in the utmost secrecy (since the tome was in fact stolen), Simon and his close circle of friends unveiled the now—infamous grimoire to a clamoring public. In Dead Names, Simon tells the amazing true story that surrounds the Necronomicon. From the main players' humble beginnings in the pageantry—filled and secret world of Eastern Orthodox religion, to the accidental discovery of the Necronomicon, to the Son of Sam murders, the JFK assassination , the brilliant William S. Burroughs, and the eventual suspicious deaths of almost everyone involved with the grimoire, this book is an enthralling account of a book steeped in legend, lies, and murder.

**The Foul Mouth and the Fanged Lady** Richard Raley,2017-09-21 My name is King Henry Price.Yes, really. Don't blame Mom, she was already a little Anima Mad by the time I was born. See, world ain't as simple as you mundanes think it is. Whole lot more complicated, whole lot more messy, whole lot more foul.Got your Vampires, not the sparkly pretty boys you're expecting from romance covers, but blood parasites living in a human shell. Just waiting to cut your skin open and suck you dry from the inside out. Got your Weres, not a hunk among them and gangsters and thugs every one, transform into whatever the idiot first made their Totem decided to sacrifice, be it coyote, wolf, tiger or even your momma's Shih Tzu.Last, you got your mancans. That's my group of misfits and malcontents. I first heard of the Mancy when I was fourteen. Smiling blond woman came to recruit me and I was insistent I was going nowhere. But when she walked on through my locked bedroom door like it wasn't there, even a jaded, pugnacious, teenage punk like King Henry Price had to give the sales pitch a second thought.Got trained, seven years at the Institution of Elements, or the Asylum as the student body calls it. I'm a geomancer, special kind of geomancer called an Artificer even. After graduation I made a deal with that same recruiter and opened my own Artificer shop, making magical items of power for all comers, be they Were, Vampire, or Mancer.What I didn't sign up for was a vampire named Annie B coming into my shop and kidnapping me. Never trust the pretty ones, especially the pretty ones want to eat on you.

The results are various and individual, but all cast some light on what is a multivarious and fascinating set of game styles.
