C. C. Zain (aka Elbert Benjamine), The Church of Light

The Atlantean Imprint Christina M. Blackwell, 2012-11-14 When Alexa suddenly begins experiencing excruciating headaches and delusions of a culture and people she doesn't immediately recognize, she wonders if she's losing her mind. But the murder of one of her parents' employees and the subsequent shooting of her mother and cousin suddenly forces her to re-evaluate her visions. As memories resurface of her life in Atlantis, Alexa is driven to write them down in unerring detail. While events unfold in the present that uncannily resemble the past, Alexa knows that her Atlantean love, Danu, has promised to find her in this lifetime, but will Danu be able to do so before Xynu, back in this lifetime, attempts to ruin them all? The Atlantean Imprint takes you on a journey into a culture that no longer exists. With advanced spiritual knowledge of the universal oneness, crystals, and the Earth's energy, the Atlanteans had created an idyllic way of life. And yet they abused their gifts and lost it all. Or did they? Thanks to a few who were chosen to imprint, Atlantis and all its knowledge could rise again.

Sun Cycle Anne Lesley Selcer, 2019-09-10 Poetry. California Interest. Women's Studies. Art. Film. Written from inside its own formal conundrum, SUN CYCLE deals with representation, value, power, gender and the aesthetic. Influenced by 80's film theory updated for 24-hour access screen time, it is obsessed with images and is named for the star that makes vision possible. These poems shift deftly from treatise to entreaty, casting form and finance as corollary particulates in the air surrounding art-making. Selcer's work creates a complicated critique of appearance and visibility, claiming: You are carefully surviving what needs to be destroyed. I need you to language otherwise. Dear Anne Lesley

Selcer, hello from, 'This book looks like reversal. / This book has a beauty that's ruined when it's read.' The misery of dying each day, and each day better seeing through the hallucination of our imagined banquet, your poems do not comfort, better then that they galvanize and embolden. The acceptance of and anger for what we think we know. Thank you. My life differs from before your book because of your book. 'I arise from this accelerated archaeology to spit in knowing's eye.' In the stack of poetry books I keep with me, the ones that I need to remind me to make the conditions of this world tolerable in order to fully transfigure, your book is at the top. It is poets like you who make not being able to do it all alone okay.--CAConrad

The Book Of Enoch Efren Gamboa,2018-08-31 The book of Enoch was the first book ever written in any language. The language was described as the heavenly language; which today we know it as Hebrew. Hebrew was also the language of the first humans and all living things before the fall of man at the Garden of Eden. But because of the distribution of

languages during the Tower of Babel; Hebrew was forgotten until the lifetime of Abraham. Abraham was taught the language by angels of God and he revive the Heavenly language upon the Earth. So, now days there will be other languages that will test more ancient then Hebrew through discoveries of things that have a written language upon it; that can be carbon tested for age; unless we can find the original books of Enoch; but until now only translations of the book have been found in other languages. In the Dead Sea scrolls the book of Enoch was found within the books revered as the books of the old testaments that were dated from 404 to 203 BCE. What they found was only a copy of the book and not the original. According to what language the manuscript is found; the rewriters gave the God of their religion the credit of being God creator; but the world knows that only the God of Israel had angels with the name of Michael, Gabriel and Ariel. All others have been copycats and have tried to include the names of what they call their own angels and gods and beliefs into the book of Enoch.

It contains over 5000 pages and all 23 volumes of the 21 Brotherhood of Light Course series. Alchemy, Tarot, Kabbalah and the Occult. Mundane astrology is the study of how astrological influences affect nations, cities, states, communities, corporations and groups. Local and world trends can be studied through the use of mundane cycle charts of the major planets. This book is one of the rare technical manuals covering the astrology of world affairs. It teaches the student how to construct and interpret mundane cycle charts. It shows how to determine the timing of the birth of a corporation or nation-state. The book covers the cycles of Mars, Jupiter, Saturn, Uranus, Neptune and Pluto, giving many real-world examples of how aspects in the charts are linked to world events. The book provides examples of planets transiting through a sign and Major (secondary) progressed aspects in the birth charts of nations and cities. It also discusses Sun cycle charts, major conjunctions of the planets, moon cycles and eclipses. Abundant real-world examples of these cycle charts, their aspects and the associated events taken directly from the World Almanac, show how knowledge of astrological trends enable organizations and nation-states to take precautionary actions.
