My First Tennis Book Union Square & Co,2016-04-05 Simple words and phrases, paired with photographs, illustrate beginning tennis concepts.

Essential Tennis Ian Westermann,2022-05-31 The essential book from online tennis coaching sensation Ian Westermann, founder of EssentialTennis.com What's the number one thing stopping you from playing your best tennis? Ian Westermann, founder of the world's #1 online tennis instruction portal, Essentialtennis.com, will confidently say it's an obstacle you probably never thought of: The ball. You might think this sounds ridiculous. The whole point of tennis is to hit the ball over the net and in, so how can the ball be the thing that's standing in the way? In fact, this is why the ball is such an impediment: your desire to hit a good shot, with the right mix of power and spin, to a specific spot on the court, prevents you from striking the ball the way you should. In *Essential Tennis*, readers – players and coaches, alike – will learn how improving at tennis actually happens and how to easily implement these lessons and integrate them into better play on the court. Players will hit stronger shots, make fewer errors, and beat players who are currently beating them. Coaches will look differently at what it means to provide a student with a holistic learning experience. *Essential Tennis* contains technique-based instruction for executing groundstrokes, volleys, and serves, as well as progressions, drills, and mindsets players should incorporate. Westermann illuminates strokes, movement, strategy, and mental toughness – all proven to be successful over 20 years with clients of all ages and skill levels.

The Original Rules of Tennis Bodleian Library,2011 The modern game of tennis dates from 1874, when the rules were defined by Major Walter Clopton Wingfield. Published in association with the All England Lawn Tennis Club (Wimbledon), this book examines the history of the rules of tennis from their first codification to the present day.

Tennis Malcolm Douglas Whitman,1968

Tennis Science for Tennis Players Howard Brody,1987 How does your opponent put that tricky spin on the ball? Why are some serves easier to return than others? The mysteries behind the winning strokes, equipment, and surfaces of the game of tennis are accessibly explained by Howard Brody through the laws of physics. And he gives practical pointers to ways players can use this understanding to advantage in the game. Through extensive laboratory testing and computer modeling, Brody has investigated the physics behind the shape of the tennis racket, the string pattern, the bounce of the tennis ball, the ways a particular court surface can determine the speed of the game, and the many other physical factors involved in tennis.

Serious Tennis Scott Williams,Randy Petersen,2000 *Serious Tennis* is the most comprehensive tennis resource, containing expert instruction on each facet of the game. Learn with the world's top instructors as they provide insights into modern tennis technique, training methods, and match strategy. Combining the sport's latest physical conditioning methods with its most advanced mental training techniques, this book enables you to reach your full potential, regardless of skill level. Top international tennis instructor Scott Williams presents his SMARTS system for perfecting stroke technique. The system includes the following: - Seeing - Movement - Adjusting - Rotation - Transfer - Swing In *Serious Tennis*, Williams breaks down the four main skill groups in the SMARTS system: stroking skills, playing skills, mental skills, and preparatory skills. He then identifies three phases of development-the core phase, the mileage phase, and the fine-tuning phase-that all players should follow to improve their game. During the first phase, stroking and playing skills are sharpened on the practice court. Once in the mileage phase, techniques such as consistency, placement, and court positioning are tested during game situations. The fine-tuning phase focuses on preparatory skills such as conditioning, nutrition, sleep, and the mental skills you need to consistently win. This approach allows intermediate and advanced players to be in a continual mode of physical and mental progression to truly enhance their skills and tactical understanding of the game. From improving shot selections to performing under pressure, this book covers every aspect of the game. Become the player you've always wanted to be with *Serious Tennis*.

Zen and the Art of Playing Tennis Agam Bernardini,2015-04-13T00:00:00+02:00 Zen and the

Art of Playing tennis is one of the first book that have analyzed the mental and psychological aspect of the game of tennis. The purpose of the book is to fill the great vacuum still existing about the mental and psychological side of the game of tennis; even today, when almost everybody is recognizing it's importance, very few people know what to do to solve the problem. This book it's of great help, for the tennis players of all levels, to understand why the mind and the emotions are interfering so much with our natural capacities to play tennis and explain how to neutralize these negative influences and how to play our best tennis, even under pressure and in the most difficult situations. It proposes also all the techniques and exercises to help to improve the mental and psychological side of the game of tennis, that until now has so negatively influenced our performances and prevented us from expressing totally and freely our thecnicaland physical abilities. Zen and the Art of Playing Tennis was first published in Italy where has been selling over 20.000 copies and it's still selling and it's appreciated by many tennis players and tennis teachers and coaches.

The Tennis Player's Handbook Tennis Magazine Editors, The editors of Tennis Magazine, 1980

Smart Tennis John F. Murray, 1999-03-22 The game with yourself is often tougher than the battle against any opponent. Smart Tennis shows you how to win the inner match while having fun along the way.--Lindsay Davenport, world's #1 ranked player for 1998 Become a More Competent and Confident Tennis Player Smart Tennis is the secret weapon that tucks right into your tennis bag. Apply these proven principles of sport psychology to your game and gain a winning advantage both on and off the courts. Smart Tennis is a must for players at all levels-from beginners to Wimbledon champions! An outstanding book for understanding and improving your mental game.--Vic Braden, tennis telecaster and researcher If you ever want to use the title of this book to describe how you played your last match, then Smart Tennis is for you.--David Higdon, senior writer, Tennis Magazine This is an excellent book of psychological skills that can be immediately applied on the tennis court.--E. Paul Roetert, Ph.D., Administration of Sports Science, United States Tennis Association

The Inner Game of Tennis W. Timothy Gallwey, 1997 Concentrates upon overcoming mental attitudes that adversely affect tennis performance, including learning to relax, effectively concentrating, and discarding bad habits

Tennis Mastery David W. Smith, 2004

Official Encyclopedia of Tennis United States Lawn Tennis Association, 1972

Girls' Tennis Elizabeth Rusch, 2007-03-21 Describes tennis, the skills needed for it, and ways to compete.

Tennis Skills Tom Sadzeck, 2001 A tennis player has to know not only how to play the game, but how to plan the next move and be able to anticipate an opponent's likely return, all in an instant. A player has to build a winning strategy, play the full court and outsmart an opponent. Enter Tennis Skills, an in-depth guide to improving a player's game. It features a battery of lessons designed by tennis pros that lays down a solid foundation of stroke skills and game strategy. Clear instructions and annotated diagrams provide valuable coaching and corrective techniques -- a great value for any player. It's like having a personal tennis pro on call for expert coaching. The book is fully illustrated with sequential pictures, court diagrams, tips, typical faults and coaching ideas which can help to build strong foundation skills and great players. Tom Sadzeck provides an abundance of visual features to help players of all levels improve their game and build on existing skills. Six chapters cover the game's key skill sets, from basic techniques to singles and doubles strategies. There are more than 40 drills that focus on the target areas of form, strategy, coordination and footwork. Other coaching content include: Stroke-production exercises Forehand, backhand, serve, volley, slice and other shots A breakdown of each stroke to promote consistent form Warm-up, grips, body position, footwork, targeting, follow-through Court diagrams to help players visualize a stroke's outcome How to handle game pressure. Tennis Skills also features Master Stroke sidebars that give easy-to-remember tips, Fault Finder boxes that point out common mistakes and Coach's Comments that share the wisdom of seasoned pros. Whether the reader is new to the sport or a more

experienced player who wants to improve their game and try new drills, Tennis Skills is a practical book to have in the equipment bag or locker.

Complete Conditioning for Tennis Paul Roetert, Todd S. Ellenbecker, United States Tennis Association, 2007 Provides all the tools you need to design your training program to fine-tune your fitness and take your tennis game to the next level.

Whening Tennis Larry Huebner, 2004 Whening Tennis: In Tennis, as in Life, Timing is Everything is an instructional book. It is unique in that it does not focus on the how to of playing the game as much as the when to for more tennis success. The author's primary focus on when decisions is an entirely new instructional approach for many aspects of the game. When a player learns to combine good when decisions with real effort to play the game to the best of their ability, regardless of the final score, winning has been achieved. Thus, Whening Tennis becomes winning tennis, the essence of the book. The subtitle, In Tennis, as in Life, Timing is Everything, emphasises the importance of when decisions and their crossover from tennis into life's experiences. What a fantastic job Larry Huebner has done with his great publication, WHENING TENNIS! First, one would be hard pressed to find anyone more qualified to write about tennis than Larry - no one is more respected in the tennis world by people who know the game. Second, how refreshing it is to have something other than just a How-to book to help one understand and enjoy tennis more! Larry has done a fantastic job in selecting, simplifying and organizing his topics. Everything Larry writes about is relevant to today's game. I enthusiastically recommend this book for players of all abilities, as well as parents. ENJOY... -Dick Gould, Coach of 17 NCAA Men's Championships Director of Tennis, Stanford University For more information try the website at www.w-tennis.com. or see the link to the student workbook Whening Tennis Student Workbook

Tennis is Mental too Stephen Renwick, 2007

Black Tennis, 2010-01-04 Peruse the history of black tennis through this collection of newspaper, bulletin, journal, and periodical archives, including the most complete set of original articles covering the American Tennis Association's national championships from 1917 to 1962.

Women's Tennis Tactics Rob Antoun, 2007 Tactical serving - Tactical returning - Playing the baseline - Playing the net - Opposing the net player - Developing a game style.
