The Last English Revolutionary Hugh Purcell,Phyll Smith,2012 Drawing on his political and fighting experience in the Spanish Civil War, Tom Wintringham wrote the best-seller *New Ways of War* 'a do-it-yourself guide to killing people' but also a highly subversive call for a socialist revolution. He called for 'a People's war' and the phrase stuck. This book tells his story.

The Measure of Manliness Karen Bourrier,2015-04-10 The Measure of Manliness is among the first books to focus on representations of disability in Victorian literature, showing that far from being marginalized or pathologized, disability was central to the narrative form of the mid-century novel. Mid-Victorian novels evidenced a proliferation of male characters with disabilities, a phenomenon that author Karen Bourrier sees as a response to the rise of a new Victorian culture of industry and vitality, and its corollary emphasis on a hardy, active manhood. The figure of the voluble, weak man was a necessary narrative complement to the silent, strong man. The disabled male embodied traditionally feminine virtues, softening the taciturn strong man, and eliciting emotional depths from his seemingly coarse muscular frame. Yet, the weak man was able to follow the strong man where female characters could not, to all-male arenas such as the warehouse and the public school. The analysis yokes together historical and narrative concerns, showing how developments in nineteenth-century masculinity led to a formal innovation in literature: the focalization or narration of the novel through the perspective of a weak or disabled man. The Measure of Manliness charts new territory in showing how feeling and loquacious bodies were increasingly seen as sick bodies throughout the nineteenth century. The book will appeal to those interested in disability studies, gender and masculinity studies, the theorization of sympathy and affect, the recovery of women's writing and popular fiction, the history of medicine and technology, and queer theory.

The 38th Golden Age of Science Fiction MEGAPACK®: Chester S. Geier Chester S. Geier,2017-12-14 Chester S. Geier (1921-1990) was a U.S. author and editor whose first work, *A Length of Rope* (included here) appeared in *Unknown* in April 1941. Las aventuras de Tom Sawyer Mark Twain,2020-10-22 Tom Sawyer es un huérfano que vive con su tía Polly. Y no es un niño modélico. Como cabecilla de la panda que forma con sus amigos Joe Harper y Huckleberry Finn, vive aventuras emocionantes jugando a los piratas en la Isla de Jackson, pescando, haciendo excursiones nocturnas o incluso simulando la muerte para asistir a su propio funeral. Pero todo se oscurece cuando Tom es testigo de un asesinato y el asesino decide eliminar al incómodo testigo. Mark Twain nos retrata a un héroe moderno que refleja irónicamente la América racista y supersticiosa de mediados del siglo XIX. Una novela dirigida a los niños, pero también a los adultos, para que no olviden las hazañas de la juventud.

Tom Trueheart y el país de los mitos y las leyendas Ian Beck,2011-08-19 Los árboles del País de las Historias Fantásticas se quedaron solos; pronto estarían temblando bajo su blanco ropaje de invierno. Historias llenas de héroes y de nobleza, de fantasía y humor. en las que todos los jóvenes querrán verse reflejados. Tom está decidido a rescatar a su padre de las garras del malvado Rocolmedo. Para ello, tendrá que aventurarse en el territorio más peligroso de todos: el País de los Mitos y las Leyendas. Tom ya ha demostrado su valentía y que tiene un corazón verdadero y generoso, pero ¿podrá sobreponerse a las terribles criaturas con las que tendrá que enfrentarse: un feroz dragón nórdico, Cíclopes...? Y, la peor de todas, un Minotauro hambriento esperándole en el centro del laberinto... Historias llenas de nobles valores, de fantasía y humor, que son el mejor antídoto para los cuentos macabros y oscuros que tanto abundan en los libros para jóvenes lectores.

La Cabaña del tío Tom Harriet Beecher,3-03-16 Protagonizada por un esclavo negro, el tío Tom, esta novela muestra crudamente cómo eran tratados los esclavos en Estados Unidos antes de la Guerra de Secesión. El poder absoluto que los amos tenían sobre ellos, la cruel separación de sus familias y los duros trabajos a que eran sometidos, aparecen en toda su humillante condición. La obra tuvo una profunda influencia en su época y sirvió para apoyar la causa abolicionista que desembocaría en la cruenta guerra civil que enfrentó a dos maneras de pensar sobre la condición humana.

Fire, Native Peoples, and the Natural Landscape Thomas Vale,2013-04-16 For nearly two centuries, the creation myth for the United States imagined European settlers arriving on the shores of a vast, uncharted wilderness. Over the last two decades, however, a contrary vision has emerged, one which sees the country's roots not in a state of pristine nature but rather in a human-modified landscape over which native peoples exerted vast control. *Fire, Native Peoples, and the Natural Landscape* seeks a middle ground between those conflicting paradigms, offering a critical, research-based assessment of the role of Native Americans in modifying the landscapes of pre-European America. Contributors focus on the western United States and look at the question of fire regimes, the single human impact which could have altered the environment at a broad, landscape scale, and which could have been important in almost any part of the West. Each of the seven chapters is written by a different author about a different subregion of the West, evaluating the question of whether the fire regimes extant at the time of European contact were the product of natural factors or whether ignitions by Native Americans fundamentally changed those regimes. An introductory essay offers context for the regional chapters, and a concluding section compares results from the various regions and highlights patterns both common to the West as a whole and distinctive for various parts of the western states. The final section also relates the findings to policy questions concerning the management of natural areas, particularly on federal lands, and of the naturalness of the pre-European western landscape.

Le avventure di Tom Sawyer Mark Twain,2016-01-28T00:00:00+01:00 Nelle Avventure di Tom Sawyer (apparso nel 1876) l'Autore dà voce ai sentimenti, alle storie e alle

superstizioni che la sua generazione ancora condivideva nel periodo appena antecedente la Guerra di secessione, dove l'insicurezza e i problemi razziali dipingevano lo scenario emotivo della società americana del Sud. La storia picaresca è incentrata sulle figure di Huck Finn e Tom Sawyer i quali, oltre che nelle "normali" avventure che potevano capitare ai monelli della loro età, si trovano coinvolti in un fatto di sangue, allorquando, intrufolatisi nel cimitero della loro cittadina, diventano muti testimoni del delitto del dottore del paese. La rocambolesca serie di eventi che ne seguirà porterà Tom ad affrontare Joe l'Indiano, ben deciso a eliminare l'unico testimone del delitto. Tom riuscirà a salvarsi e a concludere felicemente l'avventura: da sempre monello, verrà consacrato finalmente eroe del paese!

The Watchman Adrian Magson,2014-05-01 "A gripping read that will appeal to all adventure lovers" - Booklist Starred Review Introducing professional watcher and deep cover specialist Marc Portman in the first of this stunning new series He's a professional shadow. A watcher who provides protection in potentially hostile situations. He works in the background, stays off the record. Often the people he's guarding have no idea he's there. Some people know him as Portman. When two British intelligence agents are despatched to negotiate the release of a group of western hostages in Somalia, veteran MI6 operator Tom Vane realizes that something about this operation doesn't stack up. Unwilling to see two promising officers sacrificed in what he believes to be a suicide mission, he covertly hires deep cover specialist Marc Portman to protect them. Heading for the wild and lawless land on the Kenyan/Somali border, Portman soon realizes that the British Intelligence Services have been double-crossed. Can he survive long enough to keep his charges alive and prevent a catastrophe?

The Life and Truth of George R. Stewart Donald M. Scott,2012-09-07 Best known for his 1949 post-apocalyptic thriller Earth Abides, George R. Stewart (1895-1980) spent a lifetime wandering the American landscape and writing books about its geography and history. An English professor at the University of California at Berkeley, the exceptional scholar-author penned some of the most remarkable literary works of the 20th century, inventing several types of books along the way--including the road-geography book, micro-history, place-name history, ecological history, and the ecological novel. By weaving human and natural sciences and history into his books Stewart created works with a multi-disciplinary perspective on events and places that influenced numerous other writers, artists, and scientists, including Stephen King, Greg Bear, and Page Stegner. This volume considers George R. Stewart's rich oeuvre while chronicling a life-long quest to uncover the deepest truths about the man and his work.

Soils in Archaeological Research Vance T. Holliday,2004-08-19 Soils, invaluable indicators of the nature and history of the physical and human landscape, have strongly influenced the cultural record left to archaeologists. Not only are they primary reservoirs for artifacts, they often encase entire sites. And soil-forming processes in themselves are an important component of site formation, influencing which artifacts, features, and environmental indicators (floral, faunal, and geological) will be destroyed and to what extent and which will be preserved and how well. In this book, Holliday will address each of these issues in terms of fundamentals as well as in field case histories from all over the world. The focus will be on principles of soil geomorphology , soil stratigraphy, and soil chemistry and their applications in archaeological research.

Coleção Toque Fácil Ed. 20 EdiCase Publicações, 2023-03-03 Sua iniciativa no aprendizado de tocar a viola caipira é sensacional, pois trata-se de um instrumento diferenciado dos demais. Nossa viola caipira tem uma herança histórica que vem desde a colonização do Brasil, os segredos do ponteio eram passados de pai para filho e este instrumento ainda possui uma forte ligação com folclores regionais, crenças e tradições que envolvem tanto os que ouvem o timbre como também os que executam seus ponteios. Dedicar-se no estudo da viola é muito mais que executar um instrumento, é manter viva nossa cultura raiz e poder fazer parte de sua história.

Embracing the Tune of Expression: An Emotional Symphony within **Tomvale**

In a world used by monitors and the ceaseless chatter of quick transmission, the melodic splendor and mental symphony produced by the prepared word often fade into the back ground, eclipsed by the persistent noise and disturbances that permeate our lives.
