**Total** Rebecca Miller, 2022-07-12 Rebecca Miller returns to short fiction for the first time since her prodigious collection of stories, *Personal Velocity*, with the arresting, darkly prescient *Total*. From Dublin to Martha's Vineyard, from the anxious comforts of motherhood to a technologically infected near future that mirrors today with dark prescience, each of the seven stories in *Total* is a world of its own, painted with vivid strokes, whose people and questions stay with the reader long after the story has ended. Joad, one of the first characters we meet, finds onionskin pages crammed in a locked desk drawer while refurbishing a Hudson Valley farmhouse; the terrifying words on the fragile paper haunt Joad and her husband, the woman who wrote them looming over the couple like a malevolent spirit. Her words embody the power of the act of creation and the insidious, untamable force of language once it has left one's pen. The author of *The Private Lives of Pippa Lee* and *Jacob's Folly*, as well as an award-winning filmmaker, Miller has "the soaring eye of the epicist and the sly instinct of the satirist" (*The New Yorker*), and her talents are on full display in *Total*. Each voice and life captured in these haunting stories is unforgettable.

**Total Power** Vince Flynn, Kyle Mills, 2020-09-15 “One of the best thriller writers on the planet.” —The Real Book Spy In the next thriller in the #1 New York Times bestselling Mitch Rapp series, it’s a race against the clock when ISIS takes out the entire US power grid and throws the country into chaos. When Mitch Rapp captures ISIS’s top technology expert, he reveals that he was on his way to meet a man who claims to have the ability to bring down America’s power grid. Rapp is determined to eliminate this shadowy figure, but the CIA’s trap fails. The Agency is still trying to determine what went wrong when ISIS operatives help this cyber terrorist do what he said he could—plunge the country into darkness. With no concept of how this unprecedented act was accomplished, the task of getting the power back on could take months. Perhaps even years. Rapp and his team embark on a desperate

search for the only people who know how to repair the damage—the ones responsible. But his operating environment is like nothing he’s experienced before. Computers and communication networks are down, fuel can no longer be pumped from gas stations, water and sanitation systems are on the brink of collapse, and the supply of food is running out. Can Rapp get the lights back on before America descends irretrievably into chaos? This compulsive thriller proves once again that the Mitch Rapp series is “the best of the best when it comes to the world of special ops” (Booklist, starred review).
