

Trek

Walter Irwin,G. B. Love

Beneath Blossom Rain Kevin Grange,2011 In a remote kingdom hidden in the Himalayas, there is a trail said to be the toughest trek in the world—twenty-four days, 216 miles, eleven mountain passes, and enough ghost stories to scare an exorcist. In 2007 Kevin Grange decided to acquaint himself with the country of Bhutan by taking on this infamous trail, the Snowman Trek. He was thirty-three, at a turning point in life, and figured the best way to go at a crossroad was up. Against a backdrop of Buddhist monasteries and soaring mountains, Grange ventured beyond the mapped world to visit time-lost villages and sacred valleys. In the process, recounted here with a blend of laugh-out-loud humor, heartfelt insight, and acute observation, he tested the limits of physical endurance, met a fascinating assortment of characters, and discovered truths about faith, hope, and the shrouded secret of blossom rain. Beneath Blossom Rain, Grange's account of his journey, packs an adventure story, a romantic twist, and a celebration of group travel into a single entertaining book. The result is the ultimate journey for any traveler, armchair or otherwise. Along with high adventure, it delivers an engaging look at Bhutan—a country that governs by a policy of Gross National Happiness and that many regard as the last Shangri-La.

Trekking in Bhutan Bart Jordans,2018-04-17 Bhutan is an ideal destination for trekkers wishing to experience the magic of the Himalaya without the commercialism. Although independent trekking is not permitted, it can nonetheless prove difficult to obtain information. This guide describes 22 official treks and a handful of trek variants, with comprehensive advice about planning and preparation and plentiful cultural information to enhance any visit. Included are the classic Lunana 'Snowman' Trek, the Jhomolhari and Dagala Treks, and the Druk Path, as well as many other treks - both well-established trails and other routes of a more exploratory nature, venturing into remote and seldom-visited areas of the country. You will find thorough coverage of all the practicalities, with notes on trekking seasons, outfitters, transport, accommodation and food, ethics and etiquette, equipment and medical considerations (including safety at altitude). The guide also offers a fascinating insight into Bhutanese mountain life, from local superstitions and beliefs to plants, wildlife and yak husbandry. Route description is presented alongside sketch mapping and information on local points of interest. Trekking here is a truly unique experience, promising memories that will last a lifetime.

The View from the Bridge Nicholas Meyer,2009-08-20 Essential reading for any Star Trek and movie fan. - trekmovie.com When Nicholas Meyer was asked to direct the troubled second Star Trek film, he was something less than a true believer. A bestselling author and successful director, he had never been a fan of the TV series. But as he began to ponder the appeal of Kirk, Spock, et al., he realized that their story was a classical nautical adventure yarn transplanted into space and armed with that insight-set out on his mission: to revitalize Trek.

The Best of Trek Walter Irwin,G. B. Love,1991-03 The exploration continues! Under the expert guidance of Walter Irwin and G.B. Love, fans will discover strange new worlds of information and boldly go where no fan has gone before.

Star Trek: The Original Series: Burning Dreams Margaret Wander Bonanno,2006-08-01 Before James T. Kirk, another captain stood on the bridge of the U.S.S. Enterprise™, spearheading its mission of exploration into the uncharted reaches of the galaxy. He was a man driven to perfection, a brooding soul whose haunted eyes reflected the burden of the impossible standards he set for himself, and for whom his longtime science officer, Spock, one day would risk everything. Yet, little is truly known about the enigmatic Christopher Pike, the events that defined him...or the secrets that consumed him. From the embers of his early childhood among Earth's blossoming interstellar colonies, to the terrifying conflagration that led him back to the world of his birth; from the mentor who would ignite young Chris's desire to return to the stars, to the career he blazed in Starfleet that would end in supreme sacrifice -- the path of Pike's astonishing life leads through fire again and again. But even amid the ashes of Talos IV, the forbidden world on which he would live out the remainder of his days, the dreams smoldering still within his aging, radiation-ravaged breast fan the flames of Pike's spirit to accomplish one final task....

Quotable Star Trek Jill Sherwin,1999-03-01 ...Good words. That's where ideas begin. -- Dr. David Marcus to Admiral James T. Kirk, Star Trek® II: The Wrath of Khan™ It makes us wonder. It makes us smile. But most of all, it makes us think. More than any other single aspect, Star Trek is defined by the strength of its ideas. For decades this television and movie phenomenon has reached out to its audience, spanning generations and inspiring them not simply with the power of its voice, but with the meaning behind it. Quotable Star Trek demonstrates the truly universal appeal of Gene Roddenberry's extraordinary creation. Words of wit, wisdom, and compelling insight applicable to everyday life from The Original Series, Star Trek: The Next Generation®, Star Trek: Deep Space Nine®, Star Trek Voyager®, and eight Star Trek motion pictures have been meticulously researched and collected in one volume. Intensely thought-provoking and thoroughly entertaining, Quotable Star Trek has something for everyone, and is a must-have resource for every devoted fan.

Star Trek: New Frontier: Excalibur #3: Restoration Peter David,2001-02-21 From the universe of Star Trek The Next Generation®—Book Three in the adventures of Captain Mackenzie Calhoun and the valiant crew of the U.S.S. Excalibur. This adventure begins with the future of Calhoun and his mission very much in doubt... The ever resourceful Captain Mackenzie Calhoun abruptly finds himself at a loss—marooned on the primitive outback world of Yakaba after his ship, Excalibur, is destroyed by deadly sabotage. He is separated from his loyal first officer, Shelby, who has gone on to command the Exeter and is certain that Calhoun has been blasted into oblivion. On Yakaba's dry frontier, Calhoun meets and befriends Shula, an extraordinary woman beset by enemies trying to control or destroy her and her gift—summoning rain to her parched homeland. Trapped on this hostile world, unable to relay to his people that he survived their ship's cataclysm, Calhoun must stand against countless adversaries who will stop at nothing to gain power or keep it from others. Life and death hang in the balance. Out in the distance, mourning but determined to move on, Shelby must discover what sort of captain she really is. Full of unexpected twists and surprises as only Peter David can devise them, Restoration is a major turning point in the ongoing saga of Star Trek®: New Frontier.

Trekking in the Alps Kev Reynolds,2011-06-07 An inspirational larger format guidebook to 20 summer treks in the Alps across Italy, Austria, Switzerland, France and Slovenia, including the classics such as the Tour of Mont Blanc and lesser-known routes like the Traverse of the Slovenian Alps. Perfect for planning, the treks included are: Tour of Mont Blanc, Tour of the Matterhorn, Tour of Monte Rosa, Walker's Haute Route, Tour of the Jungfrau Region, Tour of the Vanoise and Dolomites AV 1 & 2; (longer trans-Alpine routes) GR5 (Lake Geneva to Nice), Eastern Alps E5, Italian Alps GTA and the Traverse of the Slovenian Alps; and (for the Alpine adventurer) Alpine Pass Route, Tour of the Oisans, Tour of the Queyras, Tour of Mont Ruan, Stubai High Route, Zillertal High Route, Gran Paradiso AV2 and the Ratikon Hoehenweg. Outline schedules for each trek allow you compare the routes and

become inspired to take up the challenge. Basic day-by-day route descriptions for each route are illustrated with maps and profiles, helping you choose the best routes to walk.

Treknology Ethan Siegel, 2017-10-17 Be amazed by 25 iconic pieces of tech from the Star Trek canon and the science behind how they function with Treknology. You will not believe how close we are to achieving some of them today. The name Star Trek conjures images of faster-than-light spacecraft, holographic crew members, and phasers set to stun. Some of these incredible devices may still be far from our reach, but others have made the leap from science fiction to science fact—and now you can learn the science and engineering of what makes them tick. Treknology looks at over twenty-five iconic inventions from the complete history of the Star Trek television and film universe. Author Ethan Siegel explores and profiles these dazzling technologies and their role in Star Trek, the science behind how they work, and how close we are to achieving them in the real world today. This stunning collection is packed with 150 superb film and television stills, prop photography, and scientific diagrams to pull you into another world. Brace yourself for a detailed look at the inner workings of Star Trek's computing capabilities, communications equipment, medical devices, and awe-inspiring ships. Treknology is one that no fan of Star Trek, or future tech, will want to miss.

Star Trek Movie Memories William Shatner, Chris Kreski, 2023-09-12 The legendary Captain Kirk takes readers behind the scenes of the long-running movie franchise from the first feature film to Star Trek: Generations. In this jam-packed memoir, William Shatner picks up where he left off with Star Trek Memories, recounting in equally intriguing detail what went into the making of the first six Star Trek movies, while including on-the-scene reporting from the set of Star Trek: Generations. Shatner discloses all of the creative turmoil, backstage politics, and production challenges that permeated every one of the movies. And with unflinching candor, he reveals the accumulated personal grudges that haven't mellowed with the passage of time. Drawing on in-depth interviews as well as Shatner's private reminiscences, the book recounts how Kirk's love interest in Star Trek IV began as a role for Eddie Murphy; the creative and production nightmares of Star Trek V; and the rewarding experience of the "classic" crew passing the torch to Patrick Stewart and the cast of The Next Generation. Star Trek Movie Memories contains more than one hundred photographs and illustrations.

Entertainment Weekly The Ultimate Guide to Star Trek Entertainment Weekly, 2021-08-20 As we look around the world of today, always seemingly on the brink of calamity, Star Trek continues to insist that creatures of all shapes, colors and beliefs can work together toward something greater. Across its many iterations, Star Trek always offers tantalizing glimpses of our possible future. And year by year, decade by decade, series by series and movie by movie, that future draws ever closer.

Star Trek: Coda: Book 1: Moments Asunder Dayton Ward, 2021-09-28 Story by Dayton Ward, James Swallo, and David Mack. Based on Star Trek and Star Trek: the next generation created by Gene Roddenberry. Star Trek: Deep space nine created by Rick Berman & Michael Piller. Star Trek: Voyager created by Rick Berman & Michael Piller & Jeri Taylor.

NASA/TREK Constance Penley, 1997-06-17 In this investigation and celebration of America's fascination with space, Constance Penley, a professor of film studies and women's studies at the University of California, illustrates issues of sex and sexuality in the world of science and technology and examines the widely held prejudices against women in this area. 20 photos.

Trek Hal Schuster, Wendy Rathbone, 1995 An indispensable guide to every actor, director, and writer who worked on all the Star Trek movies and TV series, plus complete details on each of the characters, alien races, planets, ships, and more, this essential book goes boldly where no guide has gone before.

Star Trek Duncan Barrett, Michèle Barrett, 2016-08-05 In a world shrunk by modern transport and communication, Star Trek has maintained the values of western maritime exploration through the discovery of 'strange new worlds' in space. Throughout its fifty-year history, the 'starry sea' has provided a familiar backdrop to an ongoing interrogation of what it means to be human. This book charts the developing Star Trek story from the 1960s through to the present day. Although the core values and progressive politics of the series' earliest episodes have remained at the heart of Star Trek throughout half a century, in other ways the story it tells has shifted with the times. While The Original Series and The Next Generation showed a faith in science and rationalism, and in a benign liberal leadership, with Deep Space Nine and Voyager that 'modern' order began to decline, as religion, mental illness and fragmented identities took hold. Now fully revised and updated to include the prequel series Enterprise and the current reboot film series, this new second edition of Star Trek: The Human Frontier – published to coincide with Star Trek's golden jubilee celebrations – addresses these issues in a range of cultural contexts, and draws together an unusual combination of expertise. Written to appeal to both the true Trekker and those who don't know Star Trek from Star Wars, the book explores and explains the ideas and ideals behind a remarkable cultural phenomenon.

Star Trek: The Original Series: Allegiance in Exile David R. George III, 2013-01-29 Captain James T. Kirk embarks on a mission that he may soon regret in this all-new Original Series adventure from the New York Times bestselling author. A beautiful green world, rich in fertile soil and temperate climate . . . a textbook Class-M planet that should be teeming with life. Scans show no life-signs, but there are refined metals, including those associated with a space-faring race . . . and a lone city. But where are all of the inhabitants? Captain James T. Kirk leads a landing party from the U.S.S. Enterprise, hoping to get some answers. The away team discovers a city in ruins, covered by dust, utterly bereft of life. Tricorder readings indicate that this is no ancient metropolis—it has been deserted only for a year. And just beyond the citadel lies what appears to be an ancient spaceport . . . a graveyard of ships that have clearly been sabotaged. With these ruins too far from either the Klingon or the Romulan Empires, the Enterprise crew can only wonder: Who could have done this? And could this unnamed threat now pose an imminent danger to the Federation?

Living with Star Trek Lincoln Geraghty, 2007-03-30 There is a wealth of literature on Star Trek, and this book is a welcome and original contribution to it. The book not only sets Star Trek in dialogue with ideas and stories of utopia, community, self-improvement, that are central to American culture and history, but goes further to examine the ways in which these are taken up and used by 'ordinary' fans, who engage with Star Trek in complex and significant ways. Lincoln Geraghty explores, for example, Star Trek's multiple histories and how Star Trek has used the Puritan American Jeremiad, one of the nation's foundational texts to create a narrative that relates how through communal effort and personal change, utopia can be achieved. He discusses how fans define the series as a blueprint for the solution of such social problems in America as racism and war and shows how they have used the series to cope with personal trauma and relate to such characters as Data and Seven of Nine in moments of personal

transformation. This is all in all an enjoyable and revealing book on Star Trek's active relationship with its many thoughtful fans.

Outside Adventure Travel Trekking David Noland,2001-04-03 A trek is a long-distance multi-day walk...during which the walker is required neither to carry heavy loads nor prepare meals--(from the introduction). Travel journalist Noland describes treks to isolated destinations in countries such as Nepal, Tanzania, Pakistan, Chile, Italy, Sikkim, Morocco, Tibet, the US, Panama, and Kazakhstan. The 20 treks are rated according to difficulty, required skills, comfort, and cost. The text is accompanied by numerous color photographs. c. Book News Inc.

Voyages of Imagination: The Star Trek Fiction Companion Jeff Ayers,2006-12-29 Through four decades, five television series comprising over seven hundred episodes, ten feature films, and an animated series, fandom's thirst for more Star Trek stories has been unquenchable. From the earliest short-story adaptations by James Blish in the 1960s, followed by the first original Star Trek novels during the seventies, and on throughout the eighties, nineties, and into the twenty-first century, fiction has offered an unparalleled expansion of the rich Star Trek tapestry. But what is it that makes these books such a powerfully attractive creative outlet to some and a compelling way to experience the Star Trek mythos anew to others? Voyages of Imagination takes a look back on the first forty years of professionally published Star Trek fiction, revealing the personalities and sensibilities of many of the novels' imaginative contributors and offering an unprecedented glimpse into the creative processes, the growing pains, the risks, the innovations, the missteps, and the great strides taken in the books. Author Jeff Ayers has immersed himself in nearly six hundred books and interviewed more than three hundred authors and editors in order to compile this definitive guide to the history and evolution of an incomparable publishing phenomenon. Fully illustrated with the covers of every book included herein, Voyages of Imagination is indexed by title and author, features a comprehensive timeline, and is a must-have for every fan.

Star Trek: Remembrance of Things Past Terri Osborne,2007-09-13 A special crossover event, bringing two great crews together in celebration of the twentieth anniversary of Star Trek: The Next Generation™! The da Vinci is sent to Icaria Prime, where a team of archaeologists -- aided by Captain Jean-Luc Picard, Lieutenant Commander Data, and Lieutenant Christine Vale of the Starship Enterprise™ -- have found what may be the Krialta, a legendary Gretharan object from the time before they were wiped out by the Letheans. However, the dig is suffering from rampant equipment failures, looters have raided the camp, and the people are having vivid hallucinations of memories they'd rather forget. Even as Commander Gomez tries to discover the cause of the malfunctions, Dr. Sarjenka must treat the hallucinations -- but she doesn't understand why Picard and Data, whom she's never met, look so familiar to her... THE FIRST OF AN EPIC TWO-PARTER!
