Subjective Universality in Kant's Aesthetics Ross Wilson,2007 Drawing on a wide range of scholarship, this book offers a new and comprehensive examination of Kant's argument that aesthetic judgements are combined with a claim to subjective universality. The author gives a detailed account of the background to this claim in Kant's epistemology, logic, and metaphysics, before closely attending to the crucial sections of the Critique of the Power of Judgement. In particular, it is shown that Kant's aesthetics requires that his theory of the subject be rethought. Central to the theory of the subject that begins to emerge from the Third Critique is Kant's enigmatic notion of 'life' which is extensively explored here. This study, therefore, thoroughly examines the central features of Kant's account of aesthetic judgements, suggesting that a new and exciting theory of subjectivity begins to be outlined in Kant's aesthetics. The author argues for the placement of Kant's account of the subjective universality of aesthetic judgement at the centre of contemporary philosophical aesthetics.

The Character of Criticism Geoffrey Galt Harpham,2013-10-28 Why are some critical texts more compelling, memorable, or engaging than others? Can criticism be judged as a discourse of description, explanation, and analysis alone, or do our evaluations reflect other kinds of investments in it? In this book, Geoffrey Galt Harpham argues that the most powerful and effective criticism demands to be read as an expression of a distinctive sensibility, a way of being in the world; it demands, in other words, to be read as a discourse of character. Through a series of detailed and intimate intellectual portraits of leading critics--Elaine Scarry, Martha Nussbaum, Slavoj Zizek, and Edward Said--Harpham unfolds the complex and indirect ways in which human character is expressed in criticism. A final chapter on Criticism in a State of Terror assesses the contemporary situation. The Character of Criticism represents not just a snapshot of contemporary criticism but a fresh approach to criticism itself that clarifies the stakes involved for writers and readers of criticism alike. It does so not by making difficult thinking easy but by making it stranger--more idiosyncratic, exotic, and singular.

Anne Carson Elizabeth Sarah Coles, 2023 The scene with which I begin this chapter is the kind of scene that interests Carson. In the words of her 'Essay on What I Think About Most' (1999), a disquisition on mistake in stanzas of unrhyming verse, the 'wilful creation of error' is the action of the 'master contriver' - the poet: 'what Aristotle would call an imitator of reality'. Like the 'true mistakes of poetry', the matter Carson confesses to 'think about most', Streb's choreographed falls perform the conversion of human error into an art form. Under the dancer's regime, and by an extraordinary coup of artifice, the emotions of mistake - shame, exposure, thrill - are handed to us, putting our own contradictions and 'odd longings' centre-stage--

Wordsworth's Philosophic Song Simon Jarvis, 2006-12-21 Wordsworth wrote that he longed to compose 'some philosophic Song/Of Truth that cherishes our daily life'. Yet he never finished *The Recluse*, his long philosophical poem. Simon Jarvis argues that Wordsworth's aspiration to 'philosophic song' is central to his greatness, and changed the way English poetry was written. Some critics see Wordsworth as a systematic thinker, while for others he is a poet first, and a thinker only (if at all) second. Jarvis shows instead how essential both philosophy and the 'song' of poetry were to Wordsworth's achievement. Drawing on advanced work in continental philosophy and social theory to address the ideological attacks which have dominated much recent commentary, Jarvis reads Wordsworth's writing both critically and philosophically, to show how Wordsworth thinks through and in verse. This study rethinks the relation between poetry and society itself by analysing the tensions between thinking philosophically and writing poetry.

Art History Versus Aesthetics James Elkins, 2012-11-12 In this unprecedented collection, over twenty of the world's most prominent thinkers on the subject including Arthur Danto, Stephen Melville, Wendy Steiner, Alexander Nehamas, and Jay Bernstein ponder the disconnect between these two disciplines. The volume has a radically innovative structure: it begins with introductions, and centres on an animated conversation among ten historians and aestheticians. That conversation was then sent to twenty scholars for commentary and their responses are very diverse: some are informal letters and others full essays with footnotes. Some think they have the answer in hand, and others raise yet more questions. The volume ends with two synoptic essays, one by a prominent aesthetician and the other by a literary critic. This stimulating inaugural volume in the Routledge The Art Seminar series presents not one but many answers to the question; Does philosophy have anything to say to art history?

Dryden, Pope, Johnson, Malone Claude Rawson, 2014-03-27 *Great Shakespeareans* offers a systematic account of those figures who have had the greatest influence on the interpretation, understanding and cultural reception of Shakespeare, both nationally and internationally. In this volume, leading scholars assess the contribution of Alexander Pope, John Dryden, Samuel Johnson and Edmond Malone to the afterlife and reception of Shakespeare and his plays. Each substantial contribution assesses the double impact of Shakespeare on the figure covered and of the figure on the understanding, interpretation and appreciation of Shakespeare, provide a sketch of their subject's intellectual and professional biography and an account of the wider cultural context, including comparison with other figures or works within the same field.

The Last Clinic Gary Gusick, 2013-11-18 In a fast-paced, suspenseful debut novel for fans of Harlan Coben and Lisa Gardner, detective Darla Cavannah goes Deep South in pursuit of a merciless killer. Outside the local women's health clinic, the Reverend Jimmy Aldridge waving his protest sign is a familiar sight. But that changes early one morning when someone shoots the beloved Reverend Jimmy dead. Sheriff Shelby Mitchell knows the preacher's murder will shock the good people of Jackson—and the pressure to find the killer is immediate and intense, which is why Shelby calls in detective Darla Cavannah. When police detective Darla moved from Philadelphia to Jackson with her husband—hometown football hero Hugh “the Glue” Cavannah—she never imagined the culture shock that awaited. Then after Hugh dies in a car crash, Darla enters a self-imposed exile in her Mississippi home, taking a leave of absence from the sheriff's department. Now she's called back to duty—or coerced, more like it, with Shelby slathering on his good-ole-boy charm nice and thick, like on a helping of barbecue. Reluctantly partnered with a mulish Elvis impersonator, Darla keeps a cool head even as the community demands an arrest. The court of public opinion has already convicted the clinic's doctor, Stephen Nicoletti, but Darla is just as sure he's not guilty—even as she fights her growing attraction to him. From the genteel suburbs to a raunchy strip club, Darla follows a trail of dirty money and nasty secrets—until the day of judgment comes, and she faces down an ungodly assassin.
