James C. Howell

Unrevealed Until Its Season James C. Howell,2021-10-01 Author James Howell believes in the power of song to teach spiritual truths. Hymns embed faith into the marrow of the soul, he writes. In *Unrevealed Until Its Season*, Howell takes us on a 40-day journey through well-loved hymns. A meaningful Lenten devotional guide for individuals and small groups, *Unrevealed Until Its Season* is also a valuable resource and perfect gift for musicians as they prepare for worship, and for ministers as they lead worship. Weekly themes include Praising God, Hymns About Jesus, Hymns of Forgiveness, Hymns of Vision, Hymns of Beauty, Hymns of Holy Week, and Hymns of Easter. Howell ponders phrases from old and new hymns, such as Be Thou My Vision, Hymn of Promise, All Creatures of Our God and King, For Everyone Born, Come, Thou Fount of Every Blessing, Lift High the Cross, and When I Survey the Wondrous Cross.

Fixer-Upper Jenny Schuetz,2022-02-22 Practical ideas to provide affordable housing to more Americans Much ink has been spilled in recent years talking about political divides and inequality in the United States. But these discussions too often miss one of the most important factors in the divisions among Americans: the fundamentally unequal nature of the nation's housing systems. Financially well-off Americans can afford comfortable, stable homes in desirable communities. Millions of other Americans cannot. And this divide deepens other inequalities. Increasingly, important life outcomes--performance in school, employment, even life expectancy--are determined by where people live and the quality of homes they live in. Unequal housing systems didn't just emerge from natural economic and social forces. Public policies enacted by federal, state, and local governments helped create and reinforce the bad housing outcomes endured by too many people. Taxes, zoning, institutional discrimination, and the location and quality of schools, roads, public transit, and other public services are among the policies that created inequalities in the nation's housing patterns. *Fixer-Upper* is the first book assessing how the broad set of local, state, and national housing policies affect people and communities. It does more than describe how yesterday's policies led to today's problems. It proposes practical policy changes that can make stable, decent-quality housing more available and affordable for all Americans in all communities. Fixing systemic problems that arose over decades won't be easy, in large part because millions of middle-class Americans benefit from the current system and feel threatened by potential changes. But *Fixer-Upper* suggests ideas for building political coalitions among diverse groups that share common interests in putting better housing within reach for more Americans, building a more equitable and healthy country.

Water Resources Planning for the Upper Mississippi River and Illinois Waterway National Research Council,Transportation Research Board,Division on Earth and Life Studies,Water Science and Technology Board,Committee to Review the Corps of Engineers Restructured Upper Missississippi River-Illinois Waterway Draft Feasibility Study,2005-11-18 The U.S. Army Corps of Engineers recently completed its feasibility study for the Upper Mississippi River-Illinois Waterway, which was one of the agency's longest and most complicated studies in its history. The first two reports from this WSTB committee reviewed analytical aspects of the Corps feasibility study. *Water Resources Planning for the Upper Mississippi River and Illinois Waterway* considers the broader issue of managing the multiple resources of the Upper Mississippi River and Illinois Waterway, especially with regard to several, recently-issued NRC reports on Corps of Engineers planning procedures. The report finds that a key issue regarding planning decisions on these river systems is the ambiguity related to several different pieces of legislation and acts that govern river management, and thus recommends that the administration and Congress clarify the federal intent for managing this river and waterway system. The report recommends an independent, retrospective review of the experience with a federal inter-agency Principals Group, which was convened to provide guidance to the Corps study. It is also recommended that the Corps strive to incorporate flexible, adaptive management principles through its entire water planning program, including operations of the lock and dam system.

Betting on the House Cassandra Medcalf,2022-01-12 The prodigal daughter returns to the mountains... Natalie Roche has made it. She has her life, her independence, and her rock-and-roll dream job: a talent manager in L.A., at the world's largest music management firm. But when her grandmother dies and leaves her the family house in Appalachian Maryland, she has no choice but to trek her way back east and confront the past she's

worked so hard to escape. And family drama isn't the only thing she finds in the mountains. Bonnie Baker is used to difficult clients: after all, working as a public attorney for ten years offers no shortage of headaches. No one could blame her for indulging in a one-night stand to relieve the stress... until the blue-eyed bombshell from the bar shows up in her office. Now they're both fighting the rules and fighting their attraction, and Natalie has more than just her inheritance at stake. Between the demands of her overbearing boss, her family's secrets, and the weight of her past, will she capsize under the pressure? Or will her new-found friendships teach her what makes a house a home? *Betting on the House* is an LGBT homecoming story with themes of found family, small town life, and a sprinkling of spice. It is the first book of the stand-alone Fixer Upper Romance series.

Gods of the Upper Air Charles King,2020-07-14 2020 Anisfield-Wolf Book Award Winner Finalist for the National Book Critics Circle Award From an award-winning historian comes a dazzling history of the birth of cultural anthropology and the adventurous scientists who pioneered it—a sweeping chronicle of discovery and the fascinating origin story of our multicultural world. A century ago, everyone knew that people were fated by their race, sex, and nationality to be more or less intelligent, nurturing, or warlike. But Columbia University professor Franz Boas looked at the data and decided everyone was wrong. Racial categories, he insisted, were biological fictions. Cultures did not come in neat packages labeled primitive or advanced. What counted as a family, a good meal, or even common sense was a product of history and circumstance, not of nature. In *Gods of the Upper Air*, a masterful narrative history of radical ideas and passionate lives, Charles King shows how these intuitions led to a fundamental reimagining of human diversity. Boas's students were some of the century's most colorful figures and unsung visionaries: Margaret Mead, the outspoken field researcher whose *Coming of Age in Samoa* is among the most widely read works of social science of all time; Ruth Benedict, the great love of Mead's life, whose research shaped post-Second World War Japan; Ella Deloria, the Dakota Sioux activist who preserved the traditions of Native Americans on the Great Plains; and Zora Neale Hurston, whose studies under Boas fed directly into her now classic novel, *Their Eyes Were Watching God*. Together, they mapped civilizations from the American South to the South Pacific and from Caribbean islands to Manhattan's city streets, and unearthed an essential fact buried by centuries of prejudice: that humanity is an undivided whole. Their revolutionary findings would go on to inspire the fluid conceptions of identity we know today. Rich in drama, conflict, friendship, and love, *Gods of the Upper Air* is a brilliant and groundbreaking history of American progress and the opening of the modern mind.

The Fixer Upper Lauren Forsythe,2022-08-02 In this funny and sharp romantic comedy, a woman with a knack for turning her boyfriends' lives around starts a professional service to help wrangle men, only to be unexpectedly matched with an old flame. Ever since she can remember, Aly has been fixing everything around her: her parents' marriage, her colleagues' work problems, and her friends' love lives are just a few examples. After a chance meeting with an ex who has gone from living in his parents' basement to being a married project manager in three years, she realizes she's been fixing her boyfriends, too.... So, Aly decides to put her talents to good use and, alongside two work friends, sets up the Fixer Upper, an exclusive, underground service for women who are tired of unpaid emotional labor. Using little tricks and tips, Aly and her friends get the men to do the work themselves—to get out of the job they hate, sign up for that growth seminar, do more parenting. Before long, a high-profile Instagram star hires them to fix up her app developer boyfriend. There's just one catch—he's also Aly's childhood best friend and first love. As Aly tackles her biggest “fixer upper” yet, she'll have to come to terms with their complicated history and figure out how much to change someone she'd always thought was perfect as he is....

Leading in Prayer Mary O. Benedict,2008-02 While a mystery, prayer can and should be taught. It is our primary means of communicating with God, yet most Christians join the church and only learn how to pray by listening to others. And if ever called on to pray in public, it becomes a real test of faith for most people. After all, isn't this better left in the hands of the professionals?! Benedict's deep passion for teaching Christians how to pray grows from her awareness of prayer as an intimate connection with God. This short course on public prayer will help you grow in confidence and skill, while encouraging a deeper and more vital prayer life in your personal life. The text for this course is Let the Whole Church Say Amen.
