*Black Hole Drive* W. Strawn Douglas,2012-02-24 Captain Hardesty and Commander Bowman must shelve their romance long enough to rescue a mining colony and their sentient spaceship, known as Candide, from the threats of a corrupt policeman and a few opportunistic thieves. Bowman shines as she deduces the fate of Candide and all inside of him pivot on a sixty year old fulcrum that calls out to a rebels rebel, a player left offstage for six decades. Bowman has the choice of survival and success or the end of her command. She chooses survival. All the while opening a new tomorrow to the newest addition to her manifest, the miner girl Piglet whose youth and vigor threaten Candide with happiness and new adventures. Black Hole Drive is a tome on hope and spins a tale of true satisfaction for those in its world. Piglet is thus launched into intrigues and art with few to guide her but the crew she has just met and the mining colony that has been her home for nearly two decades.

Disposable Heroes Gregory Mattix,2020-12-20 Boomer is a pretty simple guy for an alien hybrid. He runs on booze, caffeine, and junk food. He works as a bullet-resistant tank for a crew of street-running mercenaries. If someone needs hurting or something needs blowing up, he's the guy to do it. It might not be the most glam life in Arutairu Megacity, but it's his, and he's rather attached to it. When Boomer's team takes on a shady job with the promise of a stellar payday, the proverbial excrement quickly meets the fan, and hit squads come after him and his crew. Normally, a few amateur goons with guns would just make for good target practice, but he suddenly finds himself unable to protect his friends. His rapidly expanding list of problems soon includes double-crosses, femme fatales, a hybrid assassin wielding alien weaponry, and an army of mercs gunning for him and his rapidly dwindling crew. As if that mess wasn't enough to deal with, he fears he might be losing his sanity as he blunders into the middle of a conspiracy so vast it will shake the foundations of the entire city. What's a dumb grunt like him to do? Get some bigger guns and fight back, of course. And make some bastards rue the days they were born. Disposable Heroes is a white-knuckle xenopunk thriller from the author of Extensis Vitae, Remember Tomorrow, and Nexus of the Planes. **The Hazards of the Old Ones** Ren Garcia,2010-08-16 Life ends, new life is born. Everything balances. When Carahil, an Elemental Spirit, witnesses the destruction of an entire world, he's faced with the ultimate question: how far is he willing to go to save it? Carahil will gather friends-like Lord and Countess Blanchefort, renowned Fleet Captain and ex-Black Hat, to help. He'll destroy lives, like that of Captain Davage's best friend and first officer, Lt. Kilos, who is made to quit her job aboard the Seeker and go into the dreaded Hazards of the Old Ones: a place where only she can stand. Carahil will also search out disreputable sources like the scalawag Duke of Oyln, who has something malicious and wailing locked away in his dungeon. To make matters worse, hidden forces threaten to destroy everyone Carahil needs to help him. Ominous messages from nowhere, surprise visits, phantom people and taunting voices complicate matters. However, the most dangerous threat to this mission could be Carahil himself, who faces demonic transformation for getting involved and may upset the cosmic Scales of the Universe in a bad way. Carahil, though struggling to achieve a greater good, might be the cause of a horrific tragedy instead. Hell awaits should he fail.

*Voyage to Alpha Centauri* Michael D. O'Brien,2013-11-04 Set eighty years in the future, this novel by the best-selling author Michael O'Brien is about an expedition sent from the planet Earth to Alpha Centauri, the star closest to our solar system. The Kosmos, a great ship that the central character Neil de Hoyos describes as a flying city, is immense in size and capable of more than half light-speed. Hoyos is a Nobel Prize winning physicist who has played a major role in designing the ship. Hoyos has signed on as a passenger because he desires to escape the seemingly benign totalitarian government that controls everything on his home planet. He is a skeptical and quirky misanthropic humanist with old tragedies, loves, and hatreds that are secreted in his memory. The surprises that await him on the voyage-and its destination-will shatter all of his assumptions and point him to a true new horizon. Science fiction and fantasy literature are genres that have become dominant forces in contemporary worldwide culture. Our fascination with the near-angelic powers of new technology, its benefits and dangers, its potential for obsession and catastrophe, raises vital questions that this work explores about human nature and the cosmos, about man's image of himself and where he is going-and why he seeks to go there.

**Exile's Throne** Rhonda Mason,2018-08-28 One seat on the intergalactic Sakien Empire's supreme ruling body, the Council of Seven, remains unfilled, that of the Empress Apparent. The seat isn't won by votes or

marriage. It's won in a tournament of ritualized combat in the ancient tradition. Now that tournament, the Empress Game, has been called and the women of the empire will stop at nothing to secure political domination for their homeworlds. Kayla Reunimon, a supreme fighter, is called to battle it out in the arena. The battle for political power isn't contained by the tournament's ring, however. The empire's elite gather to forge, strengthen or betray alliances in a dance that will determine the fate of the empire for a generation. With the empire wracked by a rising nanovirus plague and stretched thin by an ill-advised planet-wide occupation of Ordoch in enemy territory, everything rests on the woman who rises to the top.

**A Dugout to Peace** Gary Morgenstein, 2023-12-05 "Morgenstein has blended baseball and science fiction, and created a complex, nightmarish future that grabs the reader and doesn't let go until the final pitch. This series is a home run!" —Geekstronomy.com "A classic of modern speculative fiction that also examines today's real-world socio-political environment. Plus, baseball!!!" —Fenway Nation Winter 2099 Finally cleared of treason charges, Puppy Nedick is now the Commissioner of Baseball. Vowing to return the game to its previous national glory, he becomes alarmed when there is little interest in the sport. Troubled by flagging attendance, excessively polite fans, and the poor quality of play, Puppy makes a radical decision: return the dying sport to the game of old. Attendance soars and suddenly gamegoers are rooting for the home team, participating in bobblehead giveaways, waving banners, and vying for autographs of the celebrity players. Baseball is becoming the national pastime again. And those who are in power are watching. The revival of the sport unleashes dormant passions and new fears, creating questions about America's revised history and challenging the very foundation and the basic laws of the controlling Family. Once again a scapegoat, baseball becomes the rallying point of resistance as ordinary heroes try to bring the world together against the terrifying specter of impending nuclear annihilation, in the explosive conclusion to the Dark Depths trilogy.

**Lightning's Hand** Mark Landon Jarvis, 2022-09-09 In a world where corporate power dominates every aspect of culture, how does individuality survive? Rory Reed, an assassin, struggles with that power, his conscience, and his colleagues when the woman he is falling for, Ashley Winston, proves to be his most challenging mark. Get Lightning's Hand because you'll love these characters in this near-future sci-fi setting.

**Empyre** Josh Conviser, 2007-10-30 "Raw kinetic energy and blistering pace . . . a thriller for the new millennium."—James Rollins, author of *Map of Bones* and *The Judas Strain* For decades, Echelon forced peace on the world. Freedom was a sham: Echelon wielded total, if secret, control. In the end, two bioengineered Echelon agents, Ryan Laing and Sarah Peters, brought the conspiracy down. But there is no happily ever after for the liberators, or for humanity. With Echelon's fall, a power vacuum is opened—and all hell breaks loose. Now an outsider in the world he created, Ryan retreats into the wastelands of Antarctica and a life of isolation. But when Sarah is blamed for a series of terrorist attacks, Ryan must return to a world he wanted to forget. Could Sarah be responsible for these atrocities, or is she a pawn in a much larger game? The answer lies with EMPYRE, a shadow organization at the center of the chaos gripping the globe. Ryan's only hope is to uncover EMPYRE's devastating secrets. The battle will drive Ryan and Sarah to the dark corners of the earth, to a floating, guarded city where the ultimate evil—and the ultimate plot against humanity—await. Praise for Empyre "Empyre is edgy, entertaining, and frightening. We can only hope the scary technology Conviser proposes is the purest fiction!" —Kevin J. Anderson, co-author of *Hunters of Dune* "Josh Conviser's near future is fascinating to imagine—and terrifying, because we might just be heading for it."—John Scalzi, author of *The Ghost Brigades*

**WRECKED: HAMR Brotherhood FALCA Black Ops Team Romantic Action Adventure** Dianna Love,2022-10-25 “High octane thrill ride ... action, adventure, romance, and tension off the charts.” ~~Goodreads (on HAMR Brotherhood from Kiss The Enemy) In this enemies-to-lovers romantic thriller, Hallene Clarke spends her time finding missing children for other people but now she faces the most dangerous hunt of her life – to rescue her sixteen-year-old half-sister. The girl has been kidnapped, but the ransom isn’t money. She’s being used as a pawn to ensure a deadly attack happens. Samuel “Party Man” Leclair never found his place in life until being brought into the HAMR Brotherhood and put on the FALCA team. Now his future with the team is in jeopardy after risking his life to help an unknown female operative, Hallene, during the op that failed to extract a kidnapped senator. Hallene offers him a chance at redemption and will lead Sam to the kidnapper holding the senator if he’ll help her rescue her half-sister but without involving his team. This enemies-to-lovers romantic adventure is fraught with assassins, unexpected twists, wild action, and sizzling romance as Sam and Hallene discover the attack planned to strike the US will force two superpowers into war. This is a spinoff from the Slye Team Black Ops Romantic Action-Adventure series where HAMR Brotherhood was introduced in Kiss The Enemy.

**For Those Who Fell** William C. Dietz,2004-10-05 To ensure the survival of The Confederacy, the Legion of the Damned must establish a new capital on the planet Algeron--and seize faster-than-light technology from alien forces before it can be used against them.

The Moreau Quartet: Volume Two S. Andrew Swann,2015-10-06 It’s 2053, and the US has long since genetically engineered life successfully. “Moreaus,” humanoid and animal hybrids, and “frankensteins,” genetically manipulated humans, live as second-class citizens. The Moreau Quartet: Volume Two brings together two of S. Andrew Swann’s novels set in the Moreau universe. In Emperors of the Twilight: Evi is a frankenstein—the next step beyond human, her physiology bioengineered to make her the best Agency special operative in the business. When she’s forced to go on the run from an unidentified hit team ready to destroy a skyscraper just to take her out, Evi’s only hope is to evade her stalkers long enough to make contact with her superiors. But she soon discovers that even the Agency may not be able to save her. In Specters of the Dawn: A moreau of rabbit stock, Angel Lopez is the last survivor of a Cleveland street gang. A tough street fighter in search of a haven, she’s come to “tolerant” San Francisco only to find that even the old-fashioned kind of humans aren’t keen on moreaus. Still, she thinks she’s found a home and safety until Byron the fox barges into her life, dragging her into the deadly underground of information-peddling, and a series of confrontations that may blow not just San Francisco but the whole planet wide open.

VidShot Introduction

In the digital age, access to information has become easier than ever before. The ability to download VidShot has revolutionized the way we

consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download VidShot has opened up a world of possibilities. Downloading VidShot provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading VidShot has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download VidShot. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading VidShot. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is

advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading VidShot, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download VidShot has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
