The Wallpaper Book Genevieve Brunet,2012-05-15 A wealth of design inspiration for any home: wallpaper styles to suite every taste, from nostalgic floral prints to playful retro revivals. While it has long been an essential element of interior decor, wallpaper is currently experiencing a creative boom. This everyday material has always reflected social shifts as well as changing fashions, and now designers everywhere are rediscovering its versatility, using it to achieve a variety of imaginative effects. It can add texture, warmth, wit, or personality to any space, becoming a tranquil backdrop or a striking conversation piece. A room may be papered with a profusion of patterns, or a wallpaper mural can make a bold statement, even blurring the boundaries between design and art installation. This book explores the art of wallpaper from its historical beginnings to the present day. Beginning with the handcrafted papiers peints of the eighteenth century through the Arts and Crafts movement, modernism, and Pop art, it traces the influences behind today's popular motifs and showcases a dazzling selection of the very best in contemporary wallpaper. Some designers are reviving and reinventing traditional craft techniques while others embrace the latest in digital printing technology, even incorporating glow-in-the-dark effects or LED lights.

The Yellow Wallpaper Charlotte Perkins Gilman,2023-08-31 The Yellow Wallpaper by Charlotte Perkins Gilman is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the husband forbids the unnamed woman from working or writing and encourages her to eat well and get plenty of air so that she can recuperate from what he calls a temporary nervous depression – a slight hysterical tendency, a common diagnosis in women at the time. Plot summary: The story describes a young woman and her husband. He imposes a rest cure on her when she suffers

temporary nervous depression after the birth of their baby. They spend the summer at a colonial mansion, where the narrator is largely confined to an upstairs nursery. The story makes striking use of an unreliable narrator in order to gradually reveal the degree to which her husband has imprisoned her due to her physical and mental condition: she describes torn wallpaper, barred windows, metal rings in the walls, a floor scratched and gouged and splintered, a bed bolted to the floor, and a gate at the top of the stairs, but blames all these on children who must have resided there. The narrator devotes many journal entries to describing the wallpaper in the room – its sickly color, its yellow smell, its bizarre and disturbing pattern like an interminable string of toadstools, budding and sprouting in endless convolutions, its missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design. Eventually, she comes to believe that a woman is creeping on all fours behind the pattern. Believing she must free the woman in the wallpaper, she begins to strip the remaining paper off the wall.

The Yellow Wallpaper Charlotte Perkins Gilman, 2021-08-30 The Yellow Wallpaper Charlotte Perkins Gilman - The Yellow Wallpaper is regarded as an important early work of American feminist literature, illustrating attitudes

in the nineteenth century toward women's physical and mental health. The story also has been classified as Gothic fiction and horror fiction. The story is written as a collection of first person journal entries written by a woman whose physician husband has confined her to the upstairs bedroom of a house that he has rented for the summer. She is forbidden from working, and has to hide her journal entries from him, so that she can recuperate from what he calls a temporary nervous depression-a slight hysterical tendency, a diagnosis common to women in that period. Her husband controls her access to the rest of the house. In the end, she imagines that there are women creeping around behind the patterns of the wallpaper, and comes to believe that she is one of them. She locks herself in the room, now the only place where she feels safe, refusing to leave when the summer rental is up.

A Story) is a 6,000-word short story by the American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature, illustrating attitudes in the 19th century toward women's health, both physical and mental. Presented in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Foregoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment she is forbidden from working, and is encouraged to eat well and get plenty of exercise and air, so she can recuperate from what he calls a temporary nervous depression - a slight hysterical tendency, a diagnosis common to women in that period. She hides her journal from her husband and his sister the housekeeper, fearful of being reproached for overworking herself. Because it's a nursery the room's windows are barred, to prevent children from climbing through them, and there is a gate across the top of

the stairs, though she and her husband have access to the rest of the house and its adjoining estate.

Wallpaper Patterns ,2009 This gem of a book examines the recent and growing trend to re-imagine wallpaper - from its design and materials, to its applications. Traditionally grounded in old world charm, the wallpaper of today has become infused by modern sensibilities and contemporary art. With such varied sources of inspiration as street art, pop and urban culture, and the natural world, the boundaries of this art form are being stretched to encompass a wide range of possibilities.

Wallpaper and the Artist Marilyn Oliver Hapgood,1992 The book examines how major artists over the last five centuries have approached wallpaper design. From Durer, who conceived his designs as seriously as he did a fine woodcut, to William Morris, who believed that wallpaper, like all good design, should transform our lives, to Andy Warhol, whose fascination with multiple images inspired brilliant parodies of the wallpaper tradition, the artists represented here reveal the rich complexity inherent in the art of pattern and form that constitutes wallpaper design.
