The Wallpaper Book Genevieve Brunet, 2012-05-15 A wealth of design inspiration for any home: wallpaper styles to suite every taste, from nostalgic floral prints to playful retro revivals. While it has long been an essential element of interior decor, wallpaper is currently experiencing a creative boom. This everyday material has always reflected social shifts as well as changing fashions, and now designers everywhere are rediscovering its versatility, using it to achieve a variety of imaginative effects. It can add texture, warmth, wit, or personality to any space, becoming a tranquil backdrop or a striking conversation piece. A room may be papered with a profusion of patterns, or a wallpaper mural can make a bold statement, even blurring the boundaries between design and art installation. This book explores the art of wallpaper from its historical beginnings to the present day. Beginning with the handcrafted papiers points of the eighteenth century through the Arts and Crafts movement, modernism, and Pop art, it traces the influences behind today's popular motifs and showcases a dazzling selection of the very best in contemporary wallpaper. Some designers are reviving and reinventing traditional craft techniques while others embrace the latest in digital printing technology, even incorporating glow-in-the-dark effects or LED lights.

The Yellow Wall-Paper Charlotte Perkins Gilman, 2024-03-21 She has just given birth to their child. He labels her postpartum depression as »hysteria.« He rents the attic in an old country house. Here, she is to rest alone – forbidden to leave her room. Instead of improving, she starts hallucinating, imagining herself crawling with other women behind the room's yellow wallpaper. And secretly, she records her experiences. *The Yellow Wall-Paper* [1892] is the short but intense, Gothic horror story, written as a diary, about a woman in an attic – imprisoned in her gender; by the story. Charlotte Perkins Gilman's feminist novella was long overlooked in American literary history.

Nowadays, it is counted among the classics. CHARLOTTE PERKINS GILMAN (1860-1935), born in Hartford, Connecticut, was an American feminist theorist, sociologist, novelist, short story writer, poet, and playwright. Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Her most famous work is the short story *The Yellow Wall-Paper* [1892], written when she suffered from postpartum psychosis.

The Yellow Wallpaper Charlotte Perkins Gilman, 2021-08-30 The Yellow Wallpaper Charlotte Perkins Gilman - The Yellow Wallpaper is regarded as an important early work of American feminist literature, illustrating attitudes in the nineteenth century toward women's physical and mental health. The story also has been classified as Gothic fiction and horror fiction. The story is written as a collection of first person journal entries written by a woman whose physician husband has confined her to the upstairs bedroom of a house that he has rented for the summer. She is forbidden from working, and has to hide her journal entries from him, so that she can recuperate from what he calls a temporary nervous depression-a slight hysterical tendency, a diagnosis common to women in that period. Her husband controls her access to the rest of the house. In the end, she imagines that there are women creeping around behind the patterns of the wallpaper, and comes to believe that she is one of them. She locks herself in the room, now the only place where she feels safe, refusing to leave when the summer rental is up.

Classic Wallpaper Patterns Scott Russo, 2012-01-19 These wallpaper patterns from 1900 to 1950 cover many styles, from delicate florals to cute motifs for children's rooms. Their wide range of

decorations includes twentieth-century reinterpretations and reproductions of period designs from as long ago as the 1700s. Some of these manufacturers' catalog samples demonstrate the marketing techniques of their sources — including Montgomery Ward and Sears — with offerings of alternative color schemes. Others feature attractive complementary border designs. Rich and varied, these designs provide modern crafters with a practical archive of royalty-free graphics as well as a source of design inspiration. They also constitute the best available resource for those interested in authentic period wallpaper art. A bonus CD-ROM with patterns from the book further extends the value of this versatile collection. Dover Original.

The Yellow Wallpaper Charlotte Perkins Gilman, 2013-03-06 Charlotte Perkins Gilman (1860–1935) was an American novelist, short story writer, poet, humanist, and lecturer. Her unorthodox concepts and lifestyle led her to become a model for subsequent generations of feminists, and she has been immortalised in the National Women's Hall of Fame. First published in 1892, her semi-autobiographical short story *The Yellow Wallpaper* was written following a bout of postpartum psychosis and is the work she is best remembered for today. Written in the form of a diary, we follow the life of an unnamed woman whose physician husband has prescribed her countryside and bed rest for the treatment of her temporary nervous depression – a slight hysterical tendency, a diagnosis common to women during the period. Highly recommended for those interested in feminist history and literature. Contents include Charlotte Perkins Gilman, *The Yellow Wallpaper*, and *Why I Wrote the Yellow Wallpaper*. Read & Co. A Story) is a 6,000-word short story by the American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature, illustrating attitudes in the 19th century toward women's health, both physical and mental. Presented in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Foregoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment she is forbidden from working, and is encouraged to eat well and get plenty of exercise and air, so she can recuperate from what he calls a temporary nervous depression - a slight hysterical tendency, a diagnosis common to women in that period. She hides her journal from her husband and his sister the housekeeper, fearful of being reproached for overworking herself. Because it's a nursery the room's windows are barred, to prevent children from climbing through them, and there is a gate across the top of the stairs, though

she and her husband have access to the rest of the house and its adjoining estate.
