*The Year of Magical Thinking* Joan Didion, 2007-02-13 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the “weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.

**The One Year Book of Discovering Jesus in the Old Testament** Nancy Guthrie, 2012-10-08 We tend to look to the New Testament to tell us about Jesus, yet it was the Old Testament about which Jesus said, “the Scriptures point to me!” In The One Year Book of Discovering Jesus in the Old Testament, Bible teacher Nancy Guthrie takes readers from Genesis through Malachi, shining the light of Christ on the promise of a descendent who will put an end to the curse of sin; the story of a father who offers up his son as a sacrifice; the symbol of a temple where people can meet with God; the prophecy of a servant who will suffer; the person of a king who will rule with righteousness—and so much more. Day by day throughout the year, readers will see the beauty of Christ in fresh new ways, creating a deeper understanding and appreciation for who Jesus is and what he accomplished through his Cross and Resurrection.

*The Stolen Year* Anya Kamenetz, 2022-08-23 An NPR education reporter shows how the pandemic disrupted children's lives—and how our country has nearly always failed to put our children first The onset of COVID broke a 150-year social contract between America and its children. Tens of millions of students lost what little support they had from the government—not just school but food, heat, and physical and emotional safety. The cost was enormous. But this crisis began much earlier than 2020. In The Stolen Year, Anya Kamenetz exposes a long-running indifference to the plight of children and families in American life and calls for a reckoning. She follows families across the country as they live through the pandemic, facing loss and resilience: a boy with autism in San Francisco who gains a foster brother and a Hispanic family in Texas that loses a member to COVID, and finds solace when they need it most. Kamenetz also recounts the history that brought us to this point: how we thrust children and caregivers into poverty, how we over-police families of color, how we rely on mothers instead of infrastructure. And how our government, in failing to support our children through this tumultuous time, has stolen years of their lives.

*The Plague Year* Lawrence Wright, 2021-06-08 From the Pulitzer Prize–winning author of The Looming Tower, and the pandemic novel The End of October: an unprecedented, momentous account of Covid-19—its origins, its wide-ranging repercussions, and the ongoing global fight to contain it A book of panoramic breadth ... managing to surprise us about even those episodes we ... thought we knew well ... [With] lively exchanges about spike proteins and nonpharmaceutical interventions and disease waves, Wright's storytelling dexterity makes all this come alive.” —The New York Times Book Review From the fateful first moments of the outbreak in China to the storming of

the U.S. Capitol to the extraordinary vaccine rollout, Lawrence Wright's *The Plague Year* tells the story of Covid-19 in authoritative, galvanizing detail and with the full drama of events on both a global and intimate scale, illuminating the medical, economic, political, and social ramifications of the pandemic. Wright takes us inside the CDC, where a first round of faulty test kits lost America precious time . . . inside the halls of the White House, where Deputy National Security Adviser Matthew Pottinger's early alarm about the virus was met with confounding and drastically costly skepticism . . . into a Covid ward in a Charlottesville hospital, with an idealistic young woman doctor from the town of Little Africa, South Carolina . . . into the precincts of prediction specialists at Goldman Sachs . . . into Broadway's darkened theaters and Austin's struggling music venues . . . inside the human body, diving deep into the science of how the virus and vaccines function—with an eye-opening detour into the history of vaccination and of the modern anti-vaccination movement. And in this full accounting, Wright makes clear that the medical professionals around the country who've risked their lives to fight the virus reveal and embody an America in all its vulnerability, courage, and potential. In turns steely-eyed, sympathetic, infuriated, unexpectedly comical, and always precise, Lawrence Wright is a formidable guide, slicing through the dense fog of misinformation to give us a 360-degree portrait of the catastrophe we thought we knew.

Or can you see the potential for a more stimulating future as a result of having so much extra time? Many of us have been raised on the traditional notion of a three-stage approach to our working lives: education, followed by work and then retirement. But this well-established pathway is already beginning to collapse – life expectancy is rising, final-salary pensions are vanishing, and increasing numbers of people are juggling multiple careers. Whether you are 18, 45 or 60, you will need to do things very differently from previous generations and learn to structure your life in completely new ways. *The 100-Year Life* is here to help. Drawing on the unique pairing of their experience in psychology and economics, Lynda Gratton and Andrew J. Scott offer a broad-ranging analysis as well as a raft of solutions, showing how to rethink your finances, your education, your career and your relationships and create a fulfilling 100-year life. • How can you fashion a career and life path that defines you and your values and creates a shifting balance between work and leisure? • What are the most effective ways of boosting your physical and mental health over a longer and more dynamic lifespan? • How can you make the most of your intangible assets – such as family and friends – as you build a productive, longer life? • In a multiple-stage life how can you learn to make the transitions that will be so crucial and experiment with new ways of living, working and learning? Shortlisted for the FT/McKinsey Business Book of the Year Award and featuring a new preface, *The 100-Year Life* is a wake-up call that describes what to expect and considers the choices and options that you will face. What the Eyes Don't See Mona Hanna-Attisha,2018-06-19 A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’”–The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” –O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, What the Eyes Don’t See reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family’s activist roots inspired her pursuit of justice. What the Eyes Don’t See is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for What the Eyes Don’t See “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”–Erin Brockovich “A clarion call to live a life of purpose.”–The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”–The New York Times Book Review “Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”–The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case.”–Rachel Maddow

**Year of the Monkey** Patti Smith,2019-09-24 From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, Anything is possible: after all, it's the Year of the Monkey. For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, Year of the Monkey is a moving and original work, a touchstone for our turbulent times.

**Year Zero** Ian Buruma,2014-09-30 A marvelous global history of the pivotal year 1945 as a new world emerged from the ruins of World War II Year Zero is a landmark reckoning with the great drama that ensued after war came to an end in 1945. One world had ended and a new, uncertain one was beginning. Regime change had come on a global scale: across Asia (including China, Korea, Indochina, and the Philippines, and of course Japan) and all of continental Europe. Out of the often vicious power struggles that ensued emerged the modern world as we know it. In human terms, the scale of transformation is almost impossible to imagine. Great cities around the world lay in ruins, their populations decimated, displaced, starving. Harsh revenge was meted out on a wide scale, and the ground was laid for much horror to come. At the same time, in the wake of unspeakable loss, the euphoria of the liberated was extraordinary, and the revelry unprecedented. The postwar years gave rise to the European welfare state, the United Nations, decolonization, Japanese pacifism, and the European Union. Social, cultural, and political “reeducation” was imposed on vanquished by victors on a scale that also had no historical precedent. Much that was done was ill advised, but in hindsight, as Ian Buruma shows us, these efforts were in fact relatively enlightened, humane, and effective. A poignant grace note throughout this history is Buruma’s own father’s story. Seized by the Nazis during the occupation of Holland, he spent much of the war in Berlin as a laborer, and by war’s end was literally hiding in the rubble of a flattened city, having barely managed to survive starvation rations, Allied bombing, and Soviet shock troops when the end came. His journey home and attempted reentry into “normalcy” stand in many ways for his generation’s experience. A work of enormous range and stirring human drama, conjuring both the Asian and European theaters with equal fluency, Year Zero is a book that Ian Buruma is perhaps uniquely positioned to write. It is surely his masterpiece.
