Investigation of Political Activities by White House and Federal Agency Officials During the 2006 Midterm Elections William E. Reukauf, 2011-03 This report presents the U.S. Office of Special Counsel's (OSC) investigative findings regarding White House Office of Political Affairs (OPA) employees conducting political briefings for agency political appointees during work hours and in the federal workplace. OSC's investigation eventually expanded to examine other Hatch Act concerns involving OPA employees and agency political appointees. The activities investigated by OSC occurred during President George W. Bush's administration (Bush II). In addition, OSC explains its findings and legal conclusions, and recommends certain practices and regulatory amendments that OSC believes should be adopted to ensure future compliance with the Hatch Act. Illus. This is a print on demand report.

Handbook of Demonstrations and Activities in the Teaching of Psychology Mark E. Ware, David E. Johnson, 2013-11-26 For those who teach students in psychology, education, and the social sciences, the Handbook of Demonstrations and Activities in the Teaching of Psychology, Second Edition provides practical applications and rich sources of ideas. Revised to include a wealth of new material (56% of the articles are new), these invaluable reference books contain the collective experience of teachers who have successfully dealt with students' difficulty in mastering important concepts about human behavior. Each volume features a table that lists the articles and identifies the primary and secondary courses in which readers can use each demonstration. Additionally, the subject index facilitates retrieval of articles according to topical headings, and the appendix notes the source as it originally appeared in Teaching of Psychology, the official journal of the Society for the Teaching of Psychology, Division Two of the American Psychological Association. Volume I consists of 97 articles about strategies for teaching introductory psychology, statistics, research methods, and the history of psychology classes. Divided into four sections (one for each specialty), the book suggests ways to stimulate interest, promote participation, grasp psychological terminology, and master necessary scientific skills.
