*Hoe-Sting* Avery Day,2013-02-24 Now you can maximize your posts. Posting an ad is a relatively simple action and can take as little as 5 minutes. With a little practice, you can create a powerful statement that potential clients feel compelled to respond to. In a sea of other ads, it is hard to stand out, and with the madness of stolen photos and insane low-ball rates, it's hard to know what to believe and what principles to follow. Appearing educated means using less words but saying more. Being classy means knowing what you have to offer and revealing just a sample of it. There are so many confused women in the business - don't let yourself be one of them! Rather than doing what everyone else is doing and furthering the low standards the business has fallen to, you can invest your time to quickly attract high-end clients and cut your work load. This quick and easy How-To explains step-by-step basic techniques for improving your ads, along with photo examples of what you should and shouldn't do!
