The Responsible Administrator Terry L. Cooper, 2011-04-08 Those who serve the public trust must take special care to ensure they make ethical and responsible decisions. Yet the realities of bureaucracies, deadlines, budgets, and demands for quick results make the payoffs for dealing

formally with ethics seem unclear. Since its original publication, *The Responsible Administrator* has guided professionals and students alike as they grapple with the challenges of making ethical, responsible decisions in real world situations. This new edition includes information on coping with new demands for accountability, as well as new cases and examples, an examination of current issues relevant to administrative ethics, and supplementary materials for professors. Coopers theoretical framework and practical applications and techniques will help you consider all of the factors involved in a decision, ensuring that you balance professional, personal, and organizational values. Case studies and examples illustrate what works and what does not. *The Responsible Administrator* helps both experienced and novice public administrators and students become effective decision makers, provides them with a solid understanding of the role of ethics in public service and the framework to incorporate ethical and values-based decision making in day-to-day management.

Philip Dru Edward Mandell House,2020-04-25 In the year 1920, the student and the statesman saw many indications that the social, financial and industrial troubles that had vexed the United States of America for so long a time were about to culminate in civil war.Wealth had grown so strong, that the few were about to strangle the many, and among the great masses of the people, there was sullen and rebellious discontent.The laborer in the cities, the producer on the farm, the merchant, the professional man and all save organized capital and its satellites, saw a gloomy and hopeless future.With these conditions prevailing, the graduation exercises of the class of 1920 of the National Military Academy at West Point, held for many a foreboding promise of momentous changes, but the 12th of June found the usual gay scene at the great institution overlooking the Hudson.

The Writing Program Administrator's Resource Stuart C. Brown, Theresa Jarnagi Enos, 2005-04-11 The role of the writing program administrator is one of diverse activities and challenges, and preparation for the position has traditionally come through performing the job itself. As a result, uninitiated WPAs often find themselves struggling to manage the various requirements and demands of the position, and even experienced WPAs often encounter situations on which they

need advice. The Writing Program Administrator's Resource has been developed to address the needs of all WPAs, regardless of background or experience. It provides practical, applicable tools to effectively address the differing and sometimes competing roles in which WPAs find themselves. Readers will find an invaluable collection of articles in this volume, addressing fundamental practices and issues encountered by WPAs in their workplace settings and focusing on the hows and whys of writing program administration. With formal preparation and training only now beginning to catch up to the very real needs of the WPA, this volume offers guidance and support from authoritative and experienced sources--educators who have established the definitions and standards of the position; who have run into obstacles and surmounted them; and who have not just survived but thrived in their roles as WPAs. Editors Stuart C. Brown and Theresa Enos contribute their own experience and bring together the voices of their colleagues to delineate the intellectual scope and practices of writing program administration as an emerging discipline. Established and esteemed leaders in the field offer insights, advice, and plans of action for the myriad scenarios encountered in the position, encouraging WPAs and helping them to realize that they often know more than they think they do. This resource is required reading for the new WPA, and an essential reference for all who serve in the WPA role. As a guidebook for WPAs, it is destined to become a fixture on the desk of every educator involved with or interested in administrating writing programs, writing centers, and writing-across-the-curriculum efforts.

With these conditions prevailing, the graduation exercises of the class of 1920 of the National Military Academy at West Point, held for many a foreboding promise of momentous changes, but the 12th of June found the usual gay scene at the great institution overlooking the Hudson. The President of the Republic, his Secretary of War and many other distinguished guests were there to do honor to the occasion, together with friends, relatives and admirers of the young men who were being sent out to the ultimate leadership of the Nation's Army. The scene had all the usual charm of West Point graduations, and the usual intoxicating atmosphere of military display.
