Aeron TK Lawyer,2023-11-17 Stuck in a loveless marriage, Kim wants out. After more than ten years of dedication to her best friend, Tom has given up. Now Kim wants her freedom. Yet, Kim also craves a loving future with someone who feels the same—one day. Can true love exist after a decade of heartbreak? Aeron hasn't found his fated mate. As a co-guardian and the leader and founder of the prestigious, voluntary group of angels called The Guardian League, he has little extra time to ponder his lack of luck. Still, over the past several centuries, he has imagined his perfect match—his elusive minx with a unique, balanced blend of fiery spirit plus a dash of nice topped with extra naughty. Sadly, she exists only in fantasy. Until one day he walks into a line of customers after spotting her seated at a table beside her husband. Aeron is disappointed. Yet Kim is unhappy, and Aeron can't walk away. Will Kim find the courage to end a painful, ongoing relationship for a possible future of happiness? Or will fear of losing her best friend close the door permanently for her? PUBLISHER NOTE: Paranormal Romance. Angels and Demons. Rubenesque. 63,600 words. All characters depicted in this work of fiction are 18 years of age or older.

Political Communication Aeron Davis,2019-05-29 We are living in a period of great uncertainty. Votes for Brexit and Trump, along with widespread political volatility, are not only causing turmoil; they are signs that many long-predicted tipping points in media and politics have been reached. Such changes have worrying implications for democracies everywhere. In this text, Aeron Davis bridges old and new to map the shifts and analyse what they mean for our aging democracies. Why are volatile, polarized electorates no longer prepared to support established political parties? Why are large parts of the legacy media either dying or dismissed as 'fake news'? How is social media rapidly rewriting the rules? And why do some democratic leaders look more like dictators, and pollsters and economists more like fortune tellers? These questions and more are addressed in the book. Political Communication: A New Introduction for Crisis Times both introduces and challenges the established literature. It will appeal to advanced students, scholars and anyone else trying to understand the precarious state of today's media and political landscape.

The Mark of Amulii Aeron Dusk,2021-11-20 Alexander Hunt holds onto two secrets: both could ruin his life, but one could end it. The sudden move from Calgary, Alberta to the outskirts of Jasper during his senior year leaves Alex isolated in a cabin with bickering parents. He copes by taking daily hikes along the shores of Maligne Lake until he meets a young man named Amulii. He's huge, unkempt, and speaks broken English, but there's something else uncanny about him Alex can't quite place. What starts as a frightening first encounter escalates the moment Amulii gives Alex a strange gift and reveals there's something much wilder about him than meets the eye. Unbeknownst to Alex, this sets off a series of devastating events that sends both of them fleeing from an aggressive, well-armed militia in the forest. As Amulii and Alex escape into the mountains, their bond strengthens as they learn from one another, and what was once distrust evolves into something much deeper. Despite that, there are only two questions burning Alex's waking thoughts as they traverse the harsh wilds of western Alberta, waiting for salvation: will he be caught and killed, or will he lose the rest of his humanity to Amulii's mistake?

Aeron: Book Four - The Guardian League T.K. Lawyer,2017-10-20 Kim is stuck in a desperate situation - one she never thought she'd wind up in. Her husband has given up. Kim wants her freedom but she's scared of the unknown. To find true, lasting love is her dream but is it possible? Little does Kim know who she seeks is searching for her. Aeron loved and dated. But he never found the right one. As leader and founder of the Guardian League and co-protector of his charge, his responsibilities kept him active; however, something was missing. His life wasn't complete. He sought a perfect, unique combination: fiery and spirited with the right mix of nice vs. naughty. But this elusive minx was nowhere to be found. Until the day an enchanting vision caught his eye and he walked straight into a line of people awaiting coffee and beignets. Now that he's found her, he's unwilling to let her go. But does Kim have the strength to trust again?

The Prince of Tarpine C. Perez,2015-05-20 It's a time of peace and recovery for Khaz'na. The wars left the kingdoms and city-states weary, and ready to sow the new seeds of life. It is a good time to raise children. Aeron has only known the peace and quiet of his household, Rosshald manor. His aunt and uncle have raised him dutifully, ensuring that the young boy can one day grow into a good lord. But one day, three strangers come to the door of their home, and everything they say contradicts what his family has told him. Who should he believe? They come with wild claims, saying that he is a prince. But how can this be? Join him, as Aeron takes his first step onto this new path, as a Prince of Tarpine.

The Cold Moons Aeron Clement,1989 The creatures in this novel are animals--badgers. They behave as badgers can and do, yet they display characteristics all too identifiably human.

Sky Titans Linda Mooney,2017-09-18 It's time for the earth to be cleansed. Released after eons of being imprisoned and tortured, Aeron and his three brothers are ordered by the remaining old gods to bring the Apocalypse upon the world. Humanity has failed them too many times, and the Reckoning is overdue. As the deity of the air and sky, it's Aeron's duty to bring about massive storms to wipe out civilization. Tornadoes, hurricanes, lightning - all are at his bidding, and Aeron is more than willing to do whatever he is requested to do. He will mete out the worst he can conjure, as long as it means he'll no longer be bound within the hot, dark confines deep within the bowels of the Earth. Ceris Shahan is terrified of flying. But when the president of the company demands she be at the summit conference clear across the continent the next day, she has no choice but to take the next plane out. If her phobia wasn't debilitating enough, they run into turbulence that doesn't end. Tossed about, bruised and injured amid the ugly black clouds that continue to engulf them, she and the other passengers soon realize they will not survive. When Ceris spots a figure outside the window, a man who appears to be standing amid the thunderheads and is surrounded by an aura of light, she starts to doubt her own sanity. Yet, when the man turns to find her staring at him, the look of stunned disbelief on his face is undeniable. She shouldn't be able to see him, but she can. Realizing what this could mean, Aeron decides to risk everything, even his freedom, to rescue and protect the woman from the annihilation of all mankind.

Cave of Voices William Gamble,2011-06-14 Aeron Kline is your usual 15-year old amnesia victim. After waking up in the hospital, with the past two years of his memory missing Aeron is plagued with mysterious visions and a vague voice that warns him with the words This is your second chance, make the most of it. With no way to regain his lost past he pushes on with his life. But it would seem that fate has a different plan for Aeron when a year later he begins to see mysterious strangers that begin to trigger more of the visions, and to make things even stranger he comes face to face with the urban legend of his hometown. The skeleton man Everett- who is somehow connected to his missing memories- and who awakens a dormant power inside Aeron. Now, with his newfound powers Aeron Kline must fight for his missing fragments and possibly something greater; the fate of an entire world.

Reckless opportunists Aeron Davis,2018-03-13 Aeron Davis takes a close look at the state of elites today. He argues that the Brexit vote and 2017 election outcome are signs of a deeper leadership crisis that has been developing over decades. The great transformations of the 1980s onwards have not only upended societies, they have reshaped elite rule itself. Too many leaders today, regardless of intent, are ignorant, precarious, rootless and self-serving. Although richer, they have lost coherence, influence and control. Increasingly, they are just reckless opportunists, getting what they can amid the chaos they have created. Their failings are not only damaging wider society, they are undermining the very foundations of the Establishment itself. The book, based on interviews with over 350 elite figures, asks: how did we end up producing the leaders that got us here and what can we do about it?

Political Communication and Social Theory Aeron Davis,2010-09-13 Suitable for students and scholars of political communication and mass media in democracies, this book challenges the traditional scholarship on various issues such as: comparative political and media systems; theories of democracy, representation and the public sphere; and, political party communication, marketing and elections.

BUSINESS LESSONS From BRAND ADVENTURES Shah Mohammed M,2020-01-28 FORD EDSEL -250 Million Dollars! Ten years of planning, design, and development. Let me recite again! Ford took ten years to develop this product & it cost 250 Million dollars. Their solid market-research data gave them the confidence to spend that much time, effort & money. The management believed that their product would transform the automobile market. They saw themselves as a harbinger of a revolution. Their faith in their work prompted them to run year-long marketing campaigns before the launch date. The teasers built massive expectations in the minds of the public. Finally, in September 1957, with much fanfare, Ford launched the Edsel brand car with an assured air of confidence in creating a revolution. People thronged the showroom in record numbers with an eagerness to see the car of the future. Unfortunately, the Ford 'Edsel' car failed to sustain the public interest.What happened? What lessons could we learn from the failure?IBM -In the early 1990s, the technology disruption had rendered IBM's business in a precarious situation. IBM's stock price dropped from \$43 in 1987 to \$13. The Wall Street analysts, Silicon Valley experts, and Technology pundits had predicted the end of IBM. Almost everyone believed only a smaller, nimbler firm could adapt swiftly and grow while the organization of IBM's size would struggle as it would be impossible to react quickly enough to meet the changing market conditions. The future appeared bleak. The IBM people didn't know which direction they have to move the company. In this scenario, IBM's board of directors, after months of scrutiny, chose Lou Gerstner as CEO of the company. At that time, Gerstner was working as CEO of RJR Nabisco, a cookie manufacturer. Most of the experts were shocked at hearing the news. They thought that it's one of the foolish decisions made at IBM. How a CEO who had no opportunity to learn about computer machines, programming, software, and IBM's potential customer segments would transform the company? What lessons could we learn?AERON -Herman Miller's Aeron chair disrupted the office furniture market because the chair manufacturers ignored the needs/pains of people who had to sit for long hours in a working place.Though the chair was extremely comfortable, the market initially reacted negatively to the product. People were uncomfortable with the chair's aesthetics as it didn't fit the definition of chair instilled in their minds. The people termed the product ugly and hated it. A magazine called the furniture as The Chair Of Death. However, Herman Miller overcame all those objections and sold the product in record numbers. The chair became a Design Classic. How did Herman Miller achieve success? What could we learn?FORD MUSTANG -In the year 1964, Ford rolled out the first Mustang. A mass frenzy broke out among the potential customers. The company sold four lakh vehicles against a sales target of one lakh Mustang. The newspapers wrote that the youthful appeal of the car captured the spirit of the times perfectly. The other competitors immediately followed the trend set by Mustang. However, being the first to the consumer's mind, Mustang's value kept growing. It became so popular that the top heroes of the time were seen driving the Mustangs in movies, particularly in the chase scenes. Even after fifty years, the brand is still active and has become an iconic one.How did the first Mustang become successful? What factors contributed to the success? What lessons could we learn?
