Agata, Princess of Iberia Emma C Buenen,2022-08-24 Princess of Iberia She is the fourth royal daughter in a medieval kingdom. With older and more vivacious sisters, quiet young Agata is mostly ignored and forgotten especially by her cold father, the king, but she prefers it that way. She spends her time reading the Histories and fears that the ancient foe of her legendary grandfather, Vax'tang the Great, are poised to attack Iberia once again but everyone dismisses the fears of a timid, royal daughter. On a fateful, dark night, enemy warriors attack and Agata is taken out of the palace in secret. Left to fend for herself and her young half-brother, can Agata find food, shelter and a hiding place that even the dangerously clever General Kazan cannot find?

Their only hope is one woman who claims to have known Noemi's mother. **Pearl of the South (World of the Changed Book #2): LitRPG Series** Vasily Mahanenko,2020-02-09 Preorder the next book of the series: Noa in the Flesh (World of the Changed Book #3): <https://www.amazon.com/dp/B084D5SLBN> Earth was never the same after World of the Changed. Humanity was reduced to two camps: monsters thirsting to kill, and players doing everything they could to survive. The squabbles people had spent their time on before? Gone. If you wanted to live to see another sunrise, you had to work with everyone you could, from other players to game functions. Mark Derwin, the most advanced player through the initial period of the game, knew all too well that his level was no advantage. Far from it—the game owner didn't tolerate anyone who got too far ahead. The only thing the owner wanted was for Earthlings to disappear without a trace, giving up their resources to be extracted. But not everyone was willing to bend the knee before alien intelligence. In fact, some had begun to fight back against the game.

**Beyond Paradigms** Rudra Sil,Peter J. Katzenstein,2010-08-31 While paradigm-bound research has generated powerful insights in international relations, it has fostered a tunnel vision that hinders progress and widens the chasm between theory and policy. In this important new book, Sil and Katzenstein draw upon recent scholarship to illustrate the benefits of a more pragmatic and eclectic style of research.

**Never Hit a Jellyfish with a Spade** Guy Browning,2006-09 Humor from a male perspective--that women will laugh at, too--offers keen observations of life's smaller truths and hilarious advice for handling everyday challenges.

*Moscow and Muscovites* Vladimir Gilyarovsky,2013-12-01 Vladimir Gilyarovsky's classic portrait of the Russian capital is one of Russians' most beloved books. Yet it has never before been translated into English. Until now! Gilyarovsky's self-described chronicle is a spectacular verbal pastiche: conversation, from gutter gibberish to the drawing room; oratory, from illiterates to aristocrats; prose, from boilerplate to Tolstoy; poetry, from earthy humor to Pushkin. First published in 1926, this work has been translated into English for the first time and it positively teems with rich descriptions and vivid anecdotes: ...from the depths of Moscow's sewers to the murky back rooms of its gambling dens... ...from the steam-filled halls of banyas to the dining rooms of posh restaurants and workers' taverns... ...from the lives of students and waiters to the struggles of market traders and heroic firemen... Gilyarovsky's book documents pre-Soviet life in the Russian capital like no work before or since. This first-ever English translation includes

dozens of historical photos, poems in the original Russian, an index, and maps.

*Myths of Empire* Jack Snyder, 2013-05-21 Overextension is the common pitfall of empires. Why does it occur? What are the forces that cause the great powers of the industrial era to pursue aggressive foreign policies? Jack Snyder identifies recurrent myths of empire, describes the varieties of overextension to which they lead, and criticizes the traditional explanations offered by historians and political scientists. He tests three competing theories—realism, misperception, and domestic coalition politics—against five detailed case studies: early twentieth-century Germany, Japan in the interwar period, Great Britain in the Victorian era, the Soviet Union after World War II, and the United States during the Cold War. The resulting insights run counter to much that has been written about these apparently familiar instances of empire building.

*Evening in Byzantium* Irwin Shaw, 2013-02-26 DIV One of Irwin Shaw's most unforgettable heroes battles to resurrect his declining career against a tough cast of women, whiskey, and old memories /divDIV Jesse Crain was made for Cannes. A middle-aged filmmaker who dazzled audiences during Hollywood's Golden Age, Crain is talented, worldly, ambitious, and he knows how to play the game. As the Riviera sparkles in the spring of 1970, Crain juggles industry players while charming a persistent young journalist and fending off groupies. Beneath his polished exterior, though, Crain's life is coming apart at the seams. His last two films flopped, and for several years he's been adrift. Now desperate to reignite his career, a hit at any price feels like his only salvation./divDIV /divDIVEvening in Byzantium is a masterwork that brilliantly documents a man's precipitous slide—along with that of his industry—from independence toward cynical mediocrity. It is a timeless story of a determined character grappling with the nature of success and power. DIVThis ebook features an illustrated biography of Irwin Shaw including rare images and never-before-seen documents from the author's estate./div/div

**Pelham, or the adventures of a gentleman** Lord Edward Lytton Bulwer, 1842

*Illinois Forms for Common Law and Chancery Pleading, Practice and Procedure in County and Probate Courts and in Criminal Cases* Edward Regnier Branson, 1914

*Fire from Within* Carlos Castaneda, 2013-04-23 Fire from Within is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his disciples, at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the sorcerer's world that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

*Interests, Institutions, and Information* Helen V. Milner, 2020-06-30 Increasingly scholars of international relations are rallying around the idea that domestic politics matters. Few, however, have articulated precisely how or why it matters. In this significant book, Helen Milner lays out the first fully developed theory of domestic politics, showing exactly how domestic politics affects international outcomes. In developing this rational-choice theory, Milner argues that any explanation that treats states as unitary actors is ultimately misleading. She describes all states as polyarchic, where decision-making power is shared between two or more actors (such as a legislature and an executive). Milner constructs a new model based on two-level game theory, reflecting the political activity at both the domestic and international levels. She illustrates this model by taking up the critical question of cooperation among nations. Milner examines the central factors that influence the strategic game of domestic politics. She shows that it is the outcome of this internal game—not fears of other countries' relative gains or the likelihood of cheating—that ultimately shapes how the international game is played out and therefore the extent of cooperative endeavors. The interaction of the domestic actors' preferences, given their political institutions and levels of information, defines when international cooperation is possible and what its terms will be. Several test cases examine how this argument

explains the phases of a cooperative attempt: the initiation, the negotiations at the international level, and the eventual domestic ratification. The book reaches the surprising conclusion that theorists--neo-Institutionalists and Realists alike--have overestimated the likelihood of cooperation among states.

**The Roman Guide to Slave Management** Jerry Toner,2014-09-04 A scholar explores the history of slavery in Ancient Rome using a fictional story as a backdrop. Marcus Sidonius Falx is an average Roman citizen. Born of a relatively well-off noble family, he lives on a palatial estate in Campania, dines with senators and generals, and, like all of his ancestors before him, owns countless slaves. Having spent most of his life managing his servants—many of them prisoners from Rome’s military conquests—he decided to write a kind of owner’s manual for his friends and countrymen. The result, *The Roman Guide to Slave Management*, is a sly, subversive guide to the realities of servitude in ancient Rome. Cambridge scholar Jerry Toner uses Falx, his fictional but true-to-life creation, to describe where and how Romans bought slaves, how they could tell an obedient worker from a troublemaker, and even how the ruling class reacted to the inevitable slave revolts. Toner also adds commentary throughout, analyzing the callous words and casual brutality of Falx and his compatriots and putting it all in context for the modern reader. Written with a deep knowledge of ancient culture—and the depths of its cruelty—this is the Roman Empire as you’ve never seen it before. “By turns charming, haughty, and brutal . . . an ingenious device.” —The New Yorker “[Toner’s] history and commentary provides context for the dirty institution upon which modern civilization is built.” —Publishers Weekly

**Adventures with Waffles** Maria Parr,2015 Trille must overcome the death of Auntie Granny and her best friend, Lena, moving away.

**The Kadin** Bertrice Small,2010-11-16 Abducted from a life of privilege, she was sold into slavery in a distant land. For Lady Janet Leslie there would be no escaping the harem of the wealthy and powerful Sultan Selim. But from the moment the handsome ruler spied his breathtaking Cyra, was captivated -- by the fiery desire that coursed through his veins. She belonged to him, body and soul -yet it was he who was enslaved. Praised for her keen sense of history and remarkable storytelling powers, the bestselling author of *The Spitfire* displays the passionate magic that has made her a national favorite -sweeping the reader into the romantic past, from the magnificence of Renaissance Europe to the perfumed splendor of a Sultan's court.

*Return to Eden* Harry Harrison,2012-10-15 THE TRILOGY CONCLUDES... In *West of Eden* and *Winter in Eden*, Harry Harrison, an acknowledged master of imaginative fiction, broke new ground with his most ambitious project to date. He brought to vivid life the world as it might have been, where dinosaurs survived, where their intelligent descendants, the Yilanè, challenged humans for mastery of the Earth, and where the human Kerrick, a young hunter of the Tanu tribe, grew among the dinosaurs and rose to become their most feared enemy. Now, in *Return to Eden*, Harrison brings the epic trilogy to a stunning conclusion. After Kerrick rescues his people from the warlike Yilanè, they must regroup and consider their future. They find a safe haven on an island and there begin to rebuild their shattered lives. But with fierce predators stalking the forests, how long can these unarmed human outcasts hope to survive? They need weapons, but they only effective weapons lie in the hands of the technologically superior Yilanè. The small band of humans has no choice but to confront their face head-on. And, of course, Kerrick cannot forget Vaintè, his implacable Yilantè enemy. She's been cast out from her kind, under sentence of death, but how long will her banishment last? For her strange attraction to Kerrick has turned into a hatred even more powerful than her inbred instincts - an obsession that compels her to hunt down Kerrick and kill him. In a world completely unlike her own, two great cultures struggling for mastery of the Earth face the same problem that faces us today: how to coexist on the same planet completely unlike ourselves - or mutually perish.

**Reality Transurfing 4: Ruling Reality** Vadim Zeland,2011 *Transurfing Reality* was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina)

describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. "You are ruled by circumstances and it will always be like that until you learn how to manage your reality," says the author. Bringing together the cutting edge of modern science and philosophical teaching, the book's style is popular-scientific, metaphorical and conversational. Books in the series: Reality Transurfing 1: The Space of Variations; Reality Transurfing 2: A Rustle of Morning Stars; Reality Transurfing 3: Forward to the Past; Reality Transurfing 4: Ruling Reality; Reality Transurfing 5: Apples Fall to the Sky.

**Treasure Island, And, the Black Arrow** Robert Louis Stevenson, 2017-08-16 Squire Trelawney, Dr. Livesey, and the rest of these gentlemen having asked me to write down the whole particulars about Treasure Island, from the beginning to the end, keeping nothing back but the bearings of the island, and that only because there is still treasure not yet lifted, I take up my pen in the year Of grace 17 and go back to the time when my father kept the Admiral Benbow inn, and the brown Old seaman, with the sabre cut, first took up his lodging under our roof. I remember him as if it were yesterday, as he came plodding to the inn door, his sea chest following behind him in a hand-barrow a tall, strong, heavy, nut-brown man; his tarry pigtail falling over the shoulders of his soiled blue coat; his hands ragged and scarred, with black, broken nails and the sabre cut across one cheek.
