The Aged Are People, Too Kehinde Ikuomenisan, 2009-09 The story in this book is partially a story about my maternal grandfather. He was a stubborn man who refused to accept any limitations placed on him by the society in which he found himself. He believed that every elderly should be allowed without any restriction to enjoy life to the fullest. This story could be considered the story of every elderly that loved and cherished their independent. Mr. Smith at seventy-five, in spite of all the objections from his children and his awareness of changes affecting his aging body, was determined to marry a twenty-five year aged girl, he met on the bus. He tried to rationalize his desires, needs and love for this young girl. He struggle with the society's belief and cultures of dos and don'ts. He was determined to get the girl who captured his heart. The parents of the girl were unhappy and would have killed him, if the opportunity had presented itself. The father did try, only to accidentally hit his daughter with the 2x2 wood. The daughter was admitted to the hospital for the incident. The threat of arrest by the police for the action of the girl's father was averted by Mr. Smith. Whatever he told the police stopped the arrest, and under that condition, the family gave their blessing to the two love birds to get married. Enjoy the story of love and how one man attempt, in his way to change the stereotypes about the aged. He detested the use of the word, old.' He prefer the substitute, aged,' mature,' wise man,' or elderly.'

*Aged Care* Diane Gibson, 1998-01-28 The ageing of the population is a demographic phenomenon, a social problem and a policy issue. The increase in the numbers of aged and in the costs of supporting and caring for them have also brought increases in family care, in

deinstitutionalisation of aged care services and in issues of quality and outcomes of care and consumer rights. The growing recognition of the feminisation of ageing also has significant social and policy consequences. In this 1998 book, Diane Gibson synthesises a wide range of material to provide an overview of these issues and policy responses worldwide. The book then looks in-depth at Australia, a country typical in the problems it faces, and a world leader in many of its solutions. Gibson also offers a more conceptual examination of theoretical implications and practical consequences. She elucidates debates in ways which will set new standards for aged care policy and practice worldwide.

My Middle-aged Baby Book Mary-Lou Weisman, 1995 First lost tooth. First colonoscopy. First second mortgage. First chin hair. First comb-over. All of these memorable firsts belong in MY MIDDLE-AGED BABY BOOK: A Place to Write Down All the Things You'll Soon Forget. A padded and chewable keepsake with room to write in significant firsts, it's a perfect gift for a milestone birthday, when you're old enough not to take yourself too seriously. ?A comic classic, My Middle-Aged Baby Book is the irrepressibly cheeky celebration of middle age in the form of a fill-in baby book--and the perfect gift for both women (Is it hot in here, or is it just me?) and men (remember, it's prostate not prostrate). It's a place to record firsts: my first colonoscopy, my first reading glasses, my first words (everything hurts). Vital statistics: including married name(s), circumference of abdomen, cholesterol count (bad HDLs, good HDLs). Primary caregivers: urologist, periodontist, colorist. It explains the Seven Stages of Hair Loss, answers the question Am I Smiling . . . or Is It Gas?, covers Sex? (Check one: Yes, No, Can't Remember), and what happens When I Grow Up--go ahead, be a burden to your children! ?And for everyone who forgot where they put their reading glasses, the book is

thoughtfully printed on anti-glare paper in large, easy-to-read type.
