Whose Time Is It, Anyway? Chet Morelli,2007-05-11 In the non-fictional essay *Whose Time Is It Anyway?*, a Christian man gives you his introspective view of the past, present, and future, and how time plays an immense role in how history is written. Author Chet Morelli encourages you to think about and ask yourself many questions as he shares his research on our human ancestors and the resulting inquiries he has discovered in the process. Such questions include, what happens when we die? and has the human race been on Earth for millions of years or just a few thousand? He not only looks into the past but also the present as he explores whether our fast-paced society may have caused our government leaders to make the wrong choices. He also takes an in-depth look into the mind of today's man. Morelli touches on the future as he contemplates the possibility of World War III and what role the three largest religions may play in deciding the important historical events of the coming years. *Whose Time Is it Anyway?* will help you reflect on our human experience and how time relates to the questions where have we been?, where are we now?, and where are we going? Only time will tell
